**Statement of interest in the position:**

*(Please attach additional pages as needed. Please use no more than 200 words.)*

- I want to continue making a positive contribution to the community I have lived in for 30 years.
- I want to continue helping to ensure that Oakley is getting the best possible protection against West Nile Disease - now an endemic health hazard in our area - and other vector-borne diseases such as Chikungunya and Dengue that are likely to become established here in the future.
- CCMVCD, along with a coalition of other California vector control districts, is actively working to create a model programmatic Environmental Impact Report to replace the current negative declaration for compliance with the California Environmental Quality Act. I want to support CCMVCD staff in seeing that project through to completion.

**Qualifications:**

*(Please describe educational, work and other experience, which would make you a valuable addition to the Commission for which you are applying. Please use no more than 200 words.)*

I've been involved in community education as a docent at the Antioch Dunes National Wildlife refuge for more than 10 years, leading dozens of tours. Through my experience and training at the refuge I have accumulated some understanding of the considerations when chemical usage is the only economically feasible approach to a pest problem. I've become intimately familiar with the problems of invasive species displacing our native plants and animals.

I've been an Oakley resident and homeowner for nearly 30 years, and I have a long standing interest in public policy, particularly regarding local and environmental issues such as habitat preservation, endangered species, and Delta protection.

I hold a Bachelor's degree in Anthropology from UC Santa Barbara. During my current term as Trustee, I've completed half of the courses for the Special District Leadership Academy, and expect to complete the remaining courses if reappointed.

As Oakley's current Trustee I believe I'm well equipped to represent our city on the CCMVCD Board of Trustees.
