SUBJECT: Award of Construction Contract to Centerline Striping Company Inc., for the FY 2015/16 Street Restriping Project – CIP 168

Background and Analysis

The City's adopted FY 2015/16 Capital Improvement Program (CIP) Budget designates funding for various infrastructures repair and replacement projects. This is consistent with the City's goals to improve the quality of the City's public infrastructure and to enhance the quality of life for our residents.

The safe traffic operations in the community are one of the key goals for the Police and Public Works Departments. One of the key elements that help in achieving this goal is having streets that are in good condition and have proper signage and striping. The annual street restriping project provides funding for striping City streets that have faded striping and delineation.

Capital Improvement Project No. 168 will restripe a number of streets in the community including Main Street from Big Break Road to Delta Road. This is an annual project and supplements the striping that is done as part of the annual street resurfacing project.

Centerline Striping Company, Inc. was the lowest bidder for the project at a cost of \$41,960. Due to the very competitive unit costs by Centerline Striping Company, Inc., staff is proposing an appropriated contingency of \$8,000; for a total project cost of \$49,960, which is under the approved FY 2015/16 CIP budget.

Fiscal Impact

The current FY 2015/16 budget for this project is \$50,000 in the Measure J fund as shown below:

| Fund | Amount | Account Number |
|--------------------------|------------------|-----------------|
| Measure J | \$ 49,960 | 148-75-168-0001 |
| Total Recommended | \$ 49,960 | |

Staff Recommendation

On August 24, 2015, two (2) bids were received for this project. Staff reviewed the bids and determined that Centerline Striping Company, Inc. was the lowest responsible entity. The other bid for the project was from Chrisp Company in the amount of \$45,601.

Staff recommends that the City Council adopt the resolution approving the construction agreement with Centerline Striping Company, Inc., for an amount not to exceed \$41,960, and authorizing the City Manager to execute said agreement.

Due to variables associated with construction projects, the very competitive unit prices, and to address unforeseen circumstances during the course of construction; staff further recommends that the City Council authorize staff to execute future change orders to the construction contract as necessary in an amount not to exceed \$8,000 for work beyond what is defined in the base project bid.
