

CITY OF OAKLEY
PROPOSED
ANNUAL OPERATING BUDGET
FISCAL YEAR 2023-2024

OAKLEY
—  —
CALIFORNIA

Budget Cover: *The photo included on this year's budget cover attempts to reflect the significant scale of capital improvements that are taking place within the City of Oakley, particularly in Downtown Oakley, with the new Oakley Mercantile nearing completion and the Downtown Gateway Roadway and Parking project under way. The Oakley Mercantile is a new Downtown Commercial Center spanning 10,000 square feet, intended to house Oakley small businesses. It will host two new Restaurants, a Coffee Shop, a Taproom, and a Dance Studio. The Oakley Mercantile is expected to be fully leased with long-term lease agreements in place. This modern building provides all the amenities that today's merchants and customers desire in a downtown establishment. This building is strategically located in Downtown across from the Civic Center and will be complemented by new street infrastructure, a new Amtrak Platform Station and parking lots that accommodate over 275 parking spaces, including EV Charging Stations.*

CITY MANAGER'S BUDGET MESSAGE

Fiscal Year 2023-2024

INTRODUCTION

It is my pleasure to present the Fiscal Year 2023-2024 Proposed Budget for your consideration. The Proposed Budget is structurally balanced and continues to provide for the core service operations of the City of Oakley and includes City-wide appropriations totaling \$69,974,143, which includes \$30,224,377 of expenditures for the General Fund.

As the City moves past the second anniversary of the onset of the global COVID-19 pandemic, we have had to adapt through an unprecedented and constantly evolving time in our City's history. The result is a City and Staff that have evolved and changed our core service delivery to ensure we are efficient and effective. To help adapt, the City received a total of \$10,177,000 from the American Rescue Plan Act which has been partially allocated over this last two years, with the focus being on projects that INVEST (Infrastructure, Nonprofit and Community Support, Vital Services, Economic Development, Staff and Safety Needs, and Technology Upgrades) in the community and the City. The City Council is prioritizing those investments along with prioritizing projects with the adopted Strategic Plan 27+ used to guide and inform the allocations. The City is positioned well now and into the future to ensure that the existing and future residents and business owners in Oakley thrive and enjoy a high quality of life.

As always, we have developed the Proposed Budget with fiscal restraint and with a strategic focus on core services. We have taken great care to evaluate the recurring revenues and have ensured that recurring expenditures do not exceed the available and expected recurring revenues over time. As further explained below, there continue to be transfers of one-time revenues to important capital projects, including a much-needed increase in the investment in our annual pavement repair and resurfacing projects. So many of Oakley's roadways were built over the last 24 years but need more frequent

attention based on best-practices in on-going paving management. This increased annual investment will save the City millions of dollars over time and provide safer and more attractive roadways for the community.

Due to the rise in interest rates, home sales dropped considerably from Fiscal Year 2021-2022 to Fiscal Year 2022-2023, and we are projecting development-related revenues for Fiscal Year 2023-2024 to be at a level similar to Fiscal Year 2018-2019, when approximately 125 building permits were pulled for single family homes. In Fiscal Year 2021-2022, 292 single family housing unit permits were issued, and we are anticipating less than half that amount for Fiscal Year 2022-2023. As of June 1, 2022, the City had issued building permits for 116 single family homes and zero apartment units in Fiscal Year 2022-2023. The revenue projections for Fiscal Year 2023-2024 are based on the addition of approximately 125 single-family housing units and zero multi-family housing units, which staff believe are conservative estimates. We will continue to handle the processing and inspections of these projects with a combination of in-house and contract staff to maintain flexibility and cost-effectiveness.

The proposed overall staffing is something we are continually monitoring to ensure we can provide the core services to the Oakley community. The Proposed Budget includes the addition of one Custodian position, two Parks and Landscape Maintenance Workers and one Police Officer, with the Police Officer position to be hired in January of 2024. It also includes the elimination of one part-time Parks and Landscape Maintenance Worker position, the increase of an Administrative Assistant position and a Police Services Assistant position from part-time to full-time and the reclassification of an Administrative Specialist Position to an Administrative Technician position. In Fiscal Year 2022-2023, the City moved from a merit-based compensation system to a more industry standard step-based compensation system that not only aligned the City with our comparable cities but will also help us with employee recruitment and retention. The Proposed Budget includes step increases for any employees that will be eligible for them, plus a three percent cost of living increase for Miscellaneous employees.

Each year, we also look at the State Budget to determine whether there are components likely to affect the local outlook for the City. Last year, as the Fiscal Year 2022-2023 Budget was being prepared, it was announced that the State of California had its largest surplus ever, with a \$97.5 billion budget surplus and \$55 billion of surplus tax revenues. By January of 2023, that surplus had suddenly morphed into what Governor Newsom said was a \$22.5 billion deficit due to sharp declines in tax revenues. The Governor proposed a \$297 billion budget for Fiscal Year 2023-2024 that clawed back some of the money that had not been spent in Fiscal Year 2022-2023. So, the State no longer appears

to be in the strong fiscal position that we thought it was at this time last year. However, the City of Oakley is in a healthy fiscal position and expects to finish off Fiscal Year 2022-2023 better than budget. Overall U.S. economic conditions continue to show signs of reasonable growth and stability. The labor market has remained strong, with low unemployment rates and steady job growth. However, there are still concerns about persistent inflation, high cost of credit, Federal debt conditions and the unresolved Russia-Ukraine crisis, which could potentially hinder economic growth in the near future. These and other factors have prompted low consumer confidence which could also breed concerns of a pending recession. The City of Oakley positioned itself to handle a potential downturn in the economy or cooling of the housing market by adopting a minimum General Fund Reserve Policy of 30% of its operating expenditures budget and setting aside an additional \$1 million in that Emergency Reserve Fund. Federal assistance from the America Rescue Plan Act (ARPA) has also strengthened the City of Oakley. Approximately \$10.18 million dollars in total ARPA funding has been allocated to Oakley, with half of that received in July of 2021 and the other half received in July of 2022. Thanks to the Final Rule, the first \$10 million can be used to fund governmental services. The roughly \$177,000 balance over the \$10 million threshold was used to reimburse the City for a portion of the special COVID-19 sick leave pay that was paid to employees during the Pandemic. The ARPA funds must be spent before December 31, 2026 and should be considered one-time revenues.

As always, the City's 2023-2024 Preliminary Budget does not include all that we know is on the wish list, but what is presented here remains structurally balanced and true to the City's newly adopted strategic priorities.

GENERAL FUND

The Preliminary General Fund Budget reflects our continued commitment to keeping City administrative operations efficient and effective and ensuring the budget reflects a focus on the City's highest priorities as outlined in the Strategic Plan 27+.

The General Fund Budget includes \$30,344,665 in recurring revenues and \$30,224,377 of recurring expenditures, including \$2,285,831 in recurring transfers to other funds. The Fiscal Year 2023-2024 Budget does not include non-recurring General Fund transfers to other funds. Total Fiscal Year 2023-2024 transfers out are estimated to be \$2.29 million, compared to \$10.38 million in Fiscal Year 2022-2023 with a planned spending-down of fund balance in Fiscal Year 2022-2023 and no planned spending-down of fund balance in Fiscal Year 2023-2024. By comparison, Transfers out amounted to \$5.62 million in Fiscal Year 2021-2022 and \$2.61 million in Fiscal Year 2020-2021.

Available Fund Balance as of June 30, 2024 is projected to be an adequate \$11.1 million, or almost 40% of projected Fiscal Year 2023-2024 recurring expenditures, leaving approximately \$2.7 million in available fund balance, beyond the minimal 30% Reserve Policy and including the extra \$1 million in the Emergency Reserve Fund. City policy was amended during Fiscal Year 2021-2022 to maintain at least a 30% General Fund reserve, rather than the 20% reserve that was previously included in the policy. This threshold was increased to ensure fiscal stability, should the housing market and home values decline. As noted in the 10-Year Plan, the Budget has been prepared to ensure that recurring revenues remain in excess of recurring expenditures.

TRANSFERS

As has long been discussed and recommended by pavement condition studies, a significantly larger investment is needed to maintain Oakley's roadways. One recent estimate was \$7 million per year to keep our Pavement Condition Index (PCI) near 80. That large amount may not be feasible with the current revenue stream, but a larger and more consistent investment is recommended to avoid even larger costs over time. As mentioned, this year's Preliminary Budget includes a continued transfer to the Street Maintenance and Rehab Fund, and there is a significant transfer for overall street maintenance projects. The Proposed Budget includes \$2.29 million of transfers for the following purposes:

- \$2,080,000 to the Street Maintenance and Rehabilitation Fund
- \$190,000 to the Technology Internal Service Fund for equipment replacements
- \$15,831 to assist with Lighting and Landscaping District maintenance costs

RECENT ACCOMPLISHMENTS

As a team, the City Council and all City departments and divisions play a role in accomplishing the goals and objectives outlined in the Strategic Plan. Towards that end, just some of the accomplishments from this past fiscal year include:

- Disposed of the real property located at 3980 Empire Avenue and the real property located at 204 2nd Street
- Conducted an initial Emergency Management Assessment
- Initiated a study to determine the viability of a new Library in the downtown
- Worked with the Yellow Roof Foundation to dispose of four parcels on Teakwood Drive for the development of eight deed-restricted affordable units

- Made an operational change to change the vacant and unfilled Assistant to the City Manager position to an Assistant City Manager position
- Conducted three Staff Forums to bring the team together to discuss issues relevant to our operations, culture and for team building
- Released an RFP for the potential development of the southeast corner of Neroly Road and Main Street
- Designated property located to the north of the new Mercantile building as surplus and will next release an RFP for the potential development of the site
- Conducted three small business and one non-profit roundtable meetings
- Developed a new Citywide Retail & Industrial Revitalization Grant Program
- Initiated an update to the City's Economic Development Workplan
- Appropriated ARPA funds to establish a fund to promote tourism activities related to the Delta
- Awarded 14 Non-Profit Grants using ARPA funds
- Received recognition by the California State Auditor, through the high-risk local government agency audit program, for being among the three safest/least-risky cities in the State with respect to fiscal health
- Received the Operating Budget Excellence Award from the California Society of Municipal Financial Officers (CSMFO) for the City's Fiscal Year 2022-2023 Budget
- Successfully completed the audit of our Fiscal Year 2021-2022 financial statements and received a Certificate of Achievement for Excellence in Financial Reporting from the Government Finance Officers Association (GFOA)
- Designated \$1 million for the Emergency Reserve Fund, in addition to the minimum 30% reserve, to help the City hedge against a slow down in the housing market and/or economic downturn

- Completed the selection and contract negotiations for a new enterprise resource planning (ERP) system, Tyler Enterprise ERP, to replace the Tyler Eden system which has been used by the City for many years and is reaching end of life
- Negotiated a contract with Koa Hills to provide consulting services related to the approximately three-year implementation of the new Tyler Enterprise ERP system
- The Oakley Police Department is networking with the Brentwood, Antioch and Pittsburg police departments in a far more effective manner than before, which is contributing to improved police services in East Contra Costa County
- Took delivery of two patrol bicycles to give our officers options on how they want to interact with the public
- Took delivery of new 9mm handguns to accommodate the newly hired officers
- Presented the regional problem of sideshow enforcement to the council and drafted a new ordinance allowing the police to issue citations to the bystanders of sideshows
- Drafted a new ordinance articulating how the police department manages, inventories and procures military equipment (rifles, drones etc.)
- Increased the social media presence for the Oakley Police Department
- Handled the first Critical Incident Tactical Debrief of the Oakley Police Department, which occurred after an officer-involved shooting on Teresa Lane
- Completed the 2020-2022 P.O.S.T. Training cycle, putting Oakley PD into State compliance on mandatory training
- Held the first annual Oakley Police Awards Ceremony honoring Lieutenant Cartwright, Sergeant Morris, Sergeant Minister and Detective Horn for exceptional service

- 3D Scanner was purchased to lessen the amount of man hours needed to process crime scenes/fatal crashes
- Continued work on the City of Oakley 2023-2031 Housing Element Update leading to City Council adoption on March 28, 2023 and subsequent adoption of Optional Amendments on May 9, 2023
- Completed and submitted City of Oakley Housing Element Annual Progress Report and SB 341 Annual Report for Calendar Year 2022 and submitted to HCD and OPR
- Completed the General Plan Annual Report and submitted to OPR and HCD
- Processed 23 Planning Land Use Entitlements, including final approvals of eight residential and commercial projects
- Held at least nine public hearings and three work sessions with the Planning Commission, including five recommendations to the City Council
- Updated the Oakley Municipal Code Chapter 4.31 (Water-Efficient Landscape Requirements) to follow the State’s Model Water-Efficient Landscape Ordinance (“WELO”) and ban non-functional turn in new projects
- Added Chapter 4.38 (Single-Use Foodware Accessories and Condiments) to the Oakley Municipal Code to comply with State law
- Conducted four public hearings leading to adoption of an ordinance approving amendments to the Oakley Zoning Code related to Special Land Uses (Drive-Through Restaurants, Carwashes, and Gas Stations)
- Continued relationship with EcoHero Show Team through a contract funded by grant money to continue their local grade school shows related to learning about the environment and recycling
- Secured \$11,418 in grant funding through the City/County Annual Payment and Reporting System (related to recycling)

- Submitted reimbursements for REAP (Regional Early Action Planning) and LEAP (Local Early Action Planning) grants totaling \$77,515 related to Housing Element Update consultant costs
- Participated in County-wide Energy Efficiency Collaborative Meetings
- Continued to plan check, permit, and inspect the development of all the Tenant Improvements at the Contra Costa Logistics Center
- Processed over 1,288 property registrations as part of the Residential Rental Inspection Program
- Developed new electronic payment process for Residential Rental Inspection Program
- Implemented a new Schedule for Building Inspectors to be available 5 days a week for each week of the month.
- Processed over 93 Home Business Permits, Opened over 2,400 Code Enforcement Cases after confirmed violations, Issued over 1,900 Building Permits and Initialized over 500 property maintenance cases
- Worked on over 3 dozen illegal marijuana growing operations
- Provided numerous CASp related inspections upon request
- Co-sponsored Shred-It Event with Tri-Delta Transit
- Worked with active homebuilders to get Code Updates complete for the 2022 California Building Code Cycle
- Staff attended various trainings related to the 2022 California Building Code updates
- Hired 9 new police officers
- Adopted new Personnel Rules
- Updated our pay scale to be consistent with other cities by adopting the step system

- Added additional benefits including more medical plan options as well as increased dental/vision coverage
- Enhanced our Open Enrollment process to provide for more transparency for employees
- Implemented an online platform for employee evaluations
- Implemented an incentive and recruitment program for Police Officers
- Negotiated a five-year MOU with the Oakley Police Officers Association
- Managed the construction of the following projects, through to completion: the Oakley Logistics Center, the Tri Delta Transit Park and Ride Parking Lot, the Shiloh Subdivision, the Cypress Estates Subdivision, the Vines Subdivision, the Alicante Subdivision, the Acacia Subdivision, the Repair and Resurfacing project (Live Oak and Brownstone Road, Miguel Neighborhood), the Downtown Parking Lot adjacent to the new Oakley Mercantile Building, the Holly Creek Restroom, the Demolition of the Sheriff Annex Building, the Senior Center Roof & HVAC Repair & Replacement, the application of Mulch to Laurel Road and Empire Avenue Landscaping, the City Hall Solar Rooftop, the Holy Creek Park Playground Resurfacing, the Delaney Park Irrigation Systems assessment and programming, the Security Systems Upgrades to Magnolia Park, Daffodil Park, and Holly Creek Park, the inventory of landscape maintenance areas in the City within GIS
- Returned Facility Rentals and all Special Events to full service
- Implemented Free ARPA funding for Summer Camps, which resulted in all camps filling all available spaces
- Completed the first year of our Summer Fest event, which transformed Main Street from Vintage to O'Hara into a family fun event
- Hosted our first ever 5k running event in partnership with Iron House Sanitary District
- Increased our social media following on both Facebook and Instagram

- Implemented new Tiny Adventures programming including: Oakleigh the Elf's Stuffed Animal Sleepover, Cookies and Cocoa with Mrs. Claus, Butterflies and Lizards and Fairies and Dragons
- Worked with the City's current vendor to migrate records to a single platform to store records resulting in significant cost savings
- Implemented e-recording with Contra Costa County Recorder's Office
- Conducted the 2022 Municipal Election and certified the results of the election in December of 2022
- Implemented a visitor check-in kiosk at Administrative Services main desk

GOALS AND OBJECTIVES FOR FISCAL YEAR 2023-2024

The City Council adopted the Strategic Plan 27+ on April 12, 2022, which was the result of a 5-month process that involved the Community, City Council, and Staff. The result was a brand-new plan that created a new Mission, Vision and Core Values along with six goals, 9 sub-goals and over 100 objectives. Departmental objectives and performance indicators have also been added into this budget and tied to the Strategic Plan 27+ goals as new elements to the City's Operating Budget.

Mission

The City of Oakley will create a resilient future that fosters and attracts a vibrant and evolving community that welcomes and values all people.

Vision

The City of Oakley celebrates our unique Delta lifestyle and small-town feel where we *Live* in a safe, dynamic community, *Work* together to build the future, and *Play* in our own backyard.

Core Values

Our values will guide us on a **PATH** to where we want to Live, Work, and Play in the heart of the Delta.

- **Promote** fair and equitable stewardship for the welfare of our diverse individuals that comprise our inclusive community.

- **Advocate** a professional and family-friendly environment where Council, Staff, and the Public can envision and realize the City's future together with a recognition of our shared commitments and opportunities.
- **Transparency** is how we will create accountable partnerships to cultivate communication and collaboration to engage our thriving community.
- **Honesty** and integrity are the foundation for building trust and fostering teamwork to live our mission and vision.

Goals (not listed in priority order)

- **A. Community & Economic Development Goal:** The City will inspire and encourage Community & Economic Development through strategic and thoughtful growth, a business-friendly environment, and local employment opportunities.
 - **A1. Strategic and Thoughtful Growth:** We will strategically plan and thoughtfully align our residential, commercial, and industrial growth to meet our short- and long-term vision.
 - **A2. Business-friendly Environment:** Our business-friendly environment will attract residential, commercial, and industrial partners to revitalize Oakley where people will come to live, work, and play.
 - **A3. Local Employment Opportunities:** The City will partner with and attract businesses that can employ our regional workforce to invest in local talent and expertise.
- **B. Community Health & Safety Goal:** The City of Oakley will protect our public and prioritize safe streets, healthy neighborhoods, and robust community resources to benefit our most valued assets -- our people.
 - **B1. Safe Streets:** We will preserve and secure the City of Oakley with safe streets that are welcoming to motorists, cyclists, and pedestrians.
 - **B2. Safe and Healthy Neighborhoods + Community Resources:** We will offer a high quality of life by partnering with residents and businesses to promote and maintain a safe and healthy living and work environment with community resources to serve our diverse community.
- **C. Parks and Open Space Goal:** The City of Oakley will capitalize on our greatest Delta asset where our residents, businesses, and visitors can recreate and relax.
 - **C1. Parks and Public Areas:** We will upgrade and maintain our City parks and open spaces to be a focal point that encourages community use and civic pride.

- **C2. Programs and Recreation:** We will serve our diverse people, parks, and programs by providing inclusive activities and access to engage the City's family and friends in science, culture, sports, and creativity.
- **D. Community and Collaborative Partnerships Goal:** The City of Oakley will build strong community and collaborative partnerships to be mutually beneficial and co-create shared goals.
 - **D1. Community Outreach and Engagement:** We will engage and partner with our residents and businesses in meaningful and relevant dialogue to realize our shared vision and values.
 - **D2. Collaborative Partnerships:** We will foster and maintain strong relationships with our public-private partnerships to mutually benefit our shared goals.
- **E. Finance and Fiscal Responsibility Goal:** The City of Oakley will leverage its financial resources for the long-term benefit of our residents and businesses while maintaining sufficient reserves to provide stability and ensure a successful future.
- **F. Sustainable Organization Goal:** The City of Oakley will create a vibrant municipal workforce that reflects our commitment to an inclusive and equitable community and can meet our mission today while striving for our envisioned future tomorrow.

LANDSCAPE MAINTENANCE CHALLENGE UPDATE

We continue to face the challenge of better ensuring the funding of our Lighting and Landscaping District maintenance costs. Current economic conditions still do not support additional assessments or taxes, and staff manage many of the landscape districts simply at the bare minimum because adequate funds are not available. Two of the neighborhood zones remain structurally imbalanced, while nearly half the remaining zones are financially balanced, but challenged. A number of them can provide for current year operations but are unable to set aside enough for less frequently needed maintenance, remediation and asset replacements. Two such zones have a negative fund balance and are discussed below. Staff continue to manage District operations to live within our means; however, a longer-term solution will be necessary in the years ahead.

INTERFUND LOANS AND ASSISTANCE TO LANDSCAPE AND LIGHTING DISTRICTS

One of the City's financial policies is that the City Council must approve inter-fund loans. Considering all aspects of the Preliminary Budget as presented, it appears that the two funds listed below will likely need assistance from the General Fund during

Fiscal Year 2023-2024. Accordingly, Staff recommends the following inter-fund transfers as part of the Budget:

Fund 180 – Country Fair (aka Meadow Glen), assistance of \$5,831. The maintenance cost of the irrigation systems, trails, landscaping, and appurtenant facilities located within public rights-of-way, public property, and designated easements within Zone 3, is higher than the revenue collected by this district. In past years, the City has loaned funds to help cover the shortfall of revenue to cover basis costs. However, it does not appear likely that there will be sufficient revenues collected in the future to repay these loans. Therefore, the shortfall projected for Fiscal Year 2023-2024 is recommended to be covered by an operating transfer from the General Fund, rather than extending further funding as a loan. If revenue collections for the Country Fair Landscape and Lighting District improve or costs are reduced in the future, the District will begin to pay down the existing loan balance to the General Fund.

Fund 187 – Country Place, assistance of \$10,000. This landscaping zone contains Nutmeg Park. The Park was constructed knowing that the annexation of future homes to the zone would be required for it to be able to collect assessments sufficient to perform proper regular maintenance. The annexations have yet to occur, and the General Fund has provided loans to the Fund each year so that the work could be performed and so that the General Fund can be repaid in the future when more revenues become available. Similar to Fund 180, Fund 187 does not currently appear likely to repay further loans. Therefore, the shortfall projected for Fiscal Year 2023-2024 for the Country Place Landscaping District is also recommended to be covered by an operating transfer from the General Fund, rather than extending further funding as a loan. If revenue collections for the Country Place Landscape and Lighting District improve or costs are reduced in the future, the District will begin to pay down the existing loan balance to the General Fund.

ENTERPRISE RESOURCE PLANNING SYSTEM CONVERSION

During Fiscal Year 2022-2023, the City of Oakley selected the Tyler Enterprise ERP (Tyler EERP) to replace our current ERP system, Tyler Eden, the support for which will be sunsetting soon. The conversion from Tyler Eden to Tyler EERP will represent a substantial commitment of staff time and effort but will be well worth it as the City of Oakley vastly improves efficiency, provides customer-friendly public access to City financial information, and allows easier transactions without the need for customers to come in to City Hall. The conversion of ERP systems will also represent a substantial financial commitment. Fortunately, funds became available from the American Rescue Plan Act that will be utilized to cover the costs of this project, including the cost for

consultants to help us manage the conversion project. A \$976,123 software as a service (SAAS) agreement with Tyler Technologies for and a \$254,080 professional consulting services agreement with Koa Hills were approved by the City Council, related to this ERP system conversion, which will take approximately three years to complete and will be completed in phases, as depicted in the chart, below:

In July of 2023, as depicted above, the City of Oakley will begin its conversion from the Tyler Eden enterprise resource planning (ERP) system to the Tyler Enterprise ERP system. This ERP conversion project is expected to take nearly three (3) years to complete and will happen in five (5) phases, starting with the Finance module in Phase 1, followed by the Human Capital Management (HCM) in Phase 2, Business Licensing in Phase 3, Permitting and Licensing in Phase 4 and Enterprise Asset Management (EAM) in Phase 5, with some overlapping of modules and plans for completion at the end of March of 2026. An asset replacement analysis, which was previously planned for Fiscal Year 2022-2023 will be completed as part of Phase 5, since the EAM module provides the tools to monitor asset maintenance and performance.

CAPITAL PROJECTS

Presented separately and being approved by separate resolution are the detailed Proposed 5-Year Capital Improvement Program (CIP) and City of Oakley Fiscal Year

2023-2024 Capital Budget with funds totaling \$16,346,000. The majority of the allocations are for infrastructure improvements.

New construction and improvement projects include:

- Oakley Regional Community Park Project
- West Cypress Road Bridge Reconstruction at CC Canal Project
- Main Street Bridge Rehabilitation at CC Canal Project
- Piper Lane Drainage Channel Trash Capture Device Project
- Downtown Gateway Plaza Roadway & Parking Lot Project
- Main Street/Rose Avenue Intersection Improvement Project
- Downtown Parking Lot Project
- Civic Center Emergency Generator
- Sellers Avenue (Riverrock Drive to CCWD Canal Crossing) Widening and Improvement Project
- East Cypress Road Widening (Knightson Avenue to Jersey Island Road) Project
- Recreation Center Emergency Generator Project
- Downtown Storm Drain (Area 29) Improvement Project
- Cypress Grove Subdivision Pump Station Building Project
- O'Hara Avenue/Carpenter Road Intersection Improvement Project
- Irrigation Well Installation @ City's Freedom Basin Project
- Main Street/Delta Road Intersection Improvement Project
- Main Street/Brownstone Road Intersection Improvement Project
- Hall Street Extension Project
- Laurel Road Extension (Teton Rd. To Sellers Av)
- Neroly Road Repair and Resurfacing (Empire Av to O'Hara Av)
- FY 2022/23 Street Repair & Resurfacing
- Laurel Road Widening (Cloverbrook Av to O'Hara Av)
- Enrico Cinquini Park Construction
- Laurel Road Bridge Widening over Marsh Creek
- Bethel Island Road (Rock Slough Bridge to Delta Rd)
- City Hall Rooftop Solar Power
- Koda Dog Park Shade Structure
- Main Street Slurry Seal (at Highway 160) Project
- Pedestrian Crossing Lighting System Installation on O'Hara Avenue at Trail Crossing Project
- FY 2023/24 Curb, Gutter, Sidewalk Repair and Reconstruction
- FY 2023/24 Street Restriping
- FY 2023/24 Street Repair and Resurfacing
- FY 2023/24 Traffic Calming

- FY 2023/24 Traffic Signal Modernization
- Bridgehead Road Widening
- East Cypress Road Lane Alignment Analysis (RR tracks to Main Street)
- East Cypress Road Widening (Jersey Island Road to Bethel Island Road)
- Public Works Operations Building Remodeling
- FY 2023-24 ADA Implementation
- Briarwood Park Playground Resurfacing
- Marsh Creek Glenn Park Renovation
- Daffodil Park Playground Resurfacing
- City Parks Drinking Fountain Replacement
- Laurel Ballfields Parking Lot Resurfacing

CONCLUSION

As mentioned, this year's Preliminary Budget focuses on providing efficient and effective core services, is structurally balanced and is true to the City Council's newly adopted strategic priorities. We all can take great pride in the successes over the past 24 years since Incorporation which includes a solid foundation of sound fiscal management, a well-trained and committed Staff and a forward-thinking City Council. Thank you for your continued support and leadership in keeping Oakley on a **PATH** guided by our Mission, Vision and Core Values!

Respectfully submitted,

Josh McMurray
City Manager

COMMUNITY PROFILE

The City of Oakley, incorporated in July 1999, is one of California’s youngest cities. Residents enjoy a charming area with an abundant housing supply, quality schools, and a friendly atmosphere that truly make Oakley, “A Place for Families in the Heart of the Delta.” Oakley is located in Eastern Contra Costa County, along Highway 4, in a corridor that also includes the cities of Pittsburg, Antioch and Brentwood, with proximity to the Mount Diablo State Recreation Area, California San Joaquin Delta, and access to the many amenities of the San Francisco Bay Area. The Big Break Regional Shoreline and the Big Break Visitors Center at the Delta are also among the many treasures enjoyed by Oakley and others who come to visit the City of Oakley.

Today, a landscape of gently rolling fields, orchards, and vineyards gives us a glimpse of Oakley’s agricultural past. From a quiet Delta farming town, Oakley has blossomed into a growing community of landscaped parks, abundant recreational opportunities, shopping centers, and planned business and commercial development. Oakley’s 44,533 residents enjoy a safe, progressive community that is rich in history, supports strong family values, and offers a high quality of life. Safewise.com ranked Oakley as number 19 among California’s 50 Safest Cities of 2022.

Our residents take pride in being part of a City that is building a prosperous future for generations to come. The new Contra Costa Logistics Center in Oakley that is nearing completion includes nearly 2 million square feet of light industrial building space and is expected to bring 2,100 jobs to the community. Amazon occupied the first of five buildings planned for the Logistics Center. Building #2 is occupied Pac Pride Distribution, Enchant Christmas Light Maze, Paramount Global, and Pet Food Express. Building #3 is occupied by Lowe's Home Improvement and Enchant Christmas Light Maze. Building #4 is occupied by Amazon and Building #5 construction is nearing completion and will be occupied by Amazon as well. This regional hub of e-commerce industry will help to attract other businesses and will certainly help this rapidly growing community continue to prosper.

The new Oakley Mercantile, highlighted on the Budget cover, is also nearing completion and the Downtown Gateway Roadway and Parking project is well under way. The Oakley Mercantile building will bring two new Restaurants, plus a Coffee Shop, a Taproom, and a Dance Studio, which will create more attraction to Downton Oakley. This building is strategically located across from the Oakley Civic Center and will be complemented by new street infrastructure, a new Amtrak Platform Station and parking lots that accommodate over 275 parking spaces, including EV Charging Stations.

BUDGET STRATEGIES AND FINANCIAL POLICIES

The City Council provides long-term policy guidance for conducting the City's financial activities through its Statement of Financial Policies. These strategies and policies are presented to the Council with the intent they be reviewed each year to meet the following strategic objectives:

BUDGET STRATEGIES

- **Strategic focus** – The City's financial management should be strategic, reflecting the Council's and the community's priorities for service while providing resources that realistically fund routine operations. The City Council and Staff participate in annual strategic planning sessions which results in an updated Strategic Planning Document. The Budget is intended to implement the City's Strategic Plan.
- **Fiscal control and accountability** – The City's financial activities should be fiscally sound and accountable to the City Council through the City Manager.
- **Clarity** – The City's financial planning and reporting should be clear and easy to understand so that all participants, the Council, the community and Staff can make informed decisions.
- **Long-term Planning** – The City's financial planning should emphasize multi-year horizons to promote long-term planning of resource use.
- **Flexible and cost-effective responses** – The City's financial management practices should encourage a mission-driven organization that responds to community demands quickly and in a straight-forward manner. The City's management should flexibly respond to opportunities for better service, proactively manage revenues and cost-effectively manage ongoing operating costs.
- **Staffing philosophy** – The City Council desires to retain a mix of contract and permanent staff in order to ensure a cost effective and flexible service delivery system. Annually, the City Manager will review with the City Council his/her recommendations regarding the ratio for the number of contract employees to total Staff.

The following Statement of Financial Policies includes the City’s policies, an assessment of whether the City is in compliance with each one and space for any comments or recommended changes to the policies.

STATEMENT OF FINANCIAL POLICIES

GENERAL FINANCIAL GOALS

	In Compliance?	Comments
To maintain a financially viable City that can maintain an adequate level of municipal services.	Yes	
To maintain financial flexibility in order to be able to continually adapt to local and regional economic changes	Yes	
To maintain and enhance the sound fiscal condition of the City.	Yes	

OPERATING BUDGET POLICIES

The City Council will adopt a balanced budget by June 30 of each year.	Yes	
The City Manager will submit a budget calendar to the City Council no later than January 15th of each year.	Yes	
An annual base operating budget will be developed by verifying or conservatively projecting revenues and expenditures for the current and forthcoming fiscal year.	Yes	
During the annual budget development process, the existing base budget will be thoroughly examined to assure removal or reduction of any services or programs that could be eliminated or reduced in cost.	Yes	
Current revenues will be sufficient to support current operating expenditures (i.e., recurring expenditures will not exceed recurring revenues). One-time or unpredictable revenues will be used for one-time expenditures (including capital and reserves).	Yes	

<p>Annual operating budgets will provide for adequate design, construction, maintenance and replacement of the City's capital plant and equipment.</p>	<p>No</p>	<p>Some older Lighting and Landscaping District zones do not have sufficient revenues to set aside enough to fund asset replacements when needed.</p>
<p>The purchase of new or replacement capital equipment with a value of \$50,000 or more and with a useful life of two years or more will require Council approval.</p>	<p>Yes</p>	
<p>The City will project its equipment replacement needs for the next three years and will update this projection each year. From this projection a replacement schedule will be developed, funded, and implemented.</p>	<p>Yes</p>	
<p>The City will avoid budgetary and accounting procedures which balance the current budget at the expense of future budgets.</p>	<p>Yes</p>	
<p>The budget will include the appropriation of available but unassigned fund balances in special purpose funds.</p> <p>In the Lighting and Landscaping Funds and Community Facilities Districts, the budget will include an appropriation of Asset Lifecycle Replacement Program reserves in an "unassigned asset replacement reserves" line item in each fund, equal to 25% of the available reserve balance, up to \$100,000.</p> <p>Prior approval of the City Manager will be required for the assignment and/or use of these appropriations.</p>	<p>Yes</p> <p>Yes</p> <p>Yes</p>	
<p>All recommended increased appropriations of general purpose revenues, General Fund reserves, or that transfer appropriations between funds during the year shall be presented to the City Council for approval. Amendments to that are made to authorize spending of increased or</p>	<p>Yes</p>	

new special purpose revenues may be approved by the City Manager.		
The City will forecast its General Fund expenditures and revenues for each of the next 10 years and will update this forecast at least annually.	Yes	

REVENUE POLICIES

The City will work to develop a diversified and stable revenue system to protect it from short-term fluctuations in any one revenue source.	Yes	
User fees will be adjusted annually to recover the full cost of services provided, except when the City Council determines that a subsidy from the General Fund is in the public interest.	Yes	Changing from bi-annually to annually in FY 2023-2024
The City will seek, and with Council approval, apply for all possible Federal and State reimbursement for mandated projects and/or programs and Federal and State grant monies for City programs and projects.	Yes	
Capital improvements will be financed primarily through user fees, service charges, impact fees, or developer agreements when benefits can be specifically attributed to users of the facility. For projects financed with debt, the fees, charges, and/or contractual payments shall be established at a level sufficient to fund the project in its entirety, including the repayment of principal and interest on amounts borrowed. The City will consider future operations and maintenance costs as part of each project's financing plan and ensure that funding sources are identified to properly operate and maintain the improvements when constructed.	Yes	

EXPENDITURE POLICIES

The City will maintain a level of expenditures which will provide for the public well-being and safety of the residents of the community.	Yes	
---	-----	--

<p>Purchases shall be approved as described in the City’s Municipal Code; more specifically:</p> <p>Purchases for more than \$10,000 shall be supported by a Purchase Order approved by the Finance Director and City Manager, and;</p> <p>Purchases for more than \$50,000 shall be approved by City Council.</p>	<p>Yes</p>	
--	------------	--

CAPITAL BUDGET IMPROVEMENT BUDGET POLICIES

<p>The City will make all capital improvements in accordance with an adopted and funded capital improvement program (CIP).</p>	<p>Yes</p>	
<p>The City will develop an annual Five-Year Plan for Capital Improvements, including sections for CIP design, development, implementation, and operating and maintenance costs.</p>	<p>Yes</p>	
<p>The City will identify the estimated capital and ongoing operations and maintenance costs, potential funding sources and project schedule for each capital project proposal before it is submitted to the Council for approval.</p>	<p>Yes</p>	
<p>The City will coordinate development of the annual capital improvement budget with the development of the operating budget. All costs for internal professional services needed to implement the CIP will be included in the operating budget for the year the CIP is to be implemented.</p>	<p>Yes</p>	
<p>The Capital Budget will be based on the CIP, and each project’s unused appropriations at each year-end will be automatically rolled over to the subsequent year, until the project is completed. Additions to project funding plans require Council approval. Changes that do not increase funding levels may be approved by the City Manager.</p>	<p>Yes</p>	
<p>Cost tracking for components of the CIP will be</p>	<p>Yes</p>	

implemented and updated quarterly to ensure project completion within budget and established timelines.		
The Council will review the pavement management program each year at budget time and will seek to supplement Gas Tax, Measure J, other street improvement funds, and the Street Maintenance and Rehab Fund to adequately fund the program.	Yes	
City Impact Fees shall be used to fund the direct and indirect costs associated with capital projects identified in the City's impact fee studies.	Yes	

OTHER CAPITAL IMPROVEMENT POLICIES

Design of capital improvements shall consider long-term cost efficiency and be based on standards that minimize construction costs while assuring acceptable useful life and reduce maintenance requirements.	Yes	
---	-----	--

SHORT-TERM DEBT POLICIES

The City may use short-term debt to cover temporary or emergency cash flow shortages. All short-term borrowing will be subject to Council approval by ordinance or resolution.	Yes	
The City may issue interfund loans in lieu of outside debt instruments to meet short-term cash flow needs. Such loans will be permitted only if an analysis of the lending fund indicates excess funds are available and the use of these funds will not impact its current operations. The prevailing interest rate, as established by the Finance Director, will be paid to the lending fund, and such loan shall be approved by the City Council, documented by a memorandum signed by the City Manager and filed with the Finance Department and City Clerk.	Yes	
Both the Original Budget adopted each year, and the Mid-Year Budget Report, will include a separate section identifying anticipated interfund loans, and the City Council's approval of these reports shall be approval of	Yes	

the interfund loans.		
----------------------	--	--

LONG-TERM DEBT POLICIES

The City will confine normal long-term borrowing to capital improvement projects it is unable to fund from current revenues in time to meet community needs or where a fiscal analysis shows that a significant benefit would accrue from building sooner at current prices and at current interest rates.	Yes	
When the City issues City long-term debt, it will employ a professional financial advisor to assist the City in obtaining the best possible outcomes in terms of planning, sizing, underwriting, insuring, and presentation of the City's plans and position to bond rating agencies and the public. The City will also employ the services of qualified bond counsel and, as appropriate, disclosure counsel.	Yes	
When the City issues assessment type debt, it will work cooperatively with the project area Developers to identify an appropriate and acceptable financing team to obtain the best possible outcomes for the City and its citizens and ensure compliance with all legal requirements.	Yes	
The City projects that the Community Parks assessment program will, over time, be sufficient to pay for ongoing costs and repay General Fund advances (loans); but that until further development occurs in the City, the General Fund may make such advances to the Community Parks program to cover operating shortfalls. All such advances will be approved by City Council.	Yes	
Both the Original Budget adopted each year, and the Mid-Year Budget Report will include a separate section identifying anticipated interfund loans, and the City Council's approval of these reports shall be approval of the interfund loans.	Yes	
Where possible, the City will use special assessment bonds, revenue bonds, or other self-supporting bonds instead of general obligation bonds.	Yes	

Proceeds of long-term debt will not be used for current ongoing operations.	Yes	
The City may pledge General Fund revenues to facilitate debt; however, all debt will be supported by a dedicated revenue source identified prior to issuance that is expected to be sufficient to make the required debt service payments.	Yes	

RESERVE POLICIES

The City will maintain General Fund Emergency reserves at a level at least equal to 30% of General Fund operating expenditures. The primary purpose of this reserve is to protect the City's essential service programs and funding requirements during periods of economic downturn (defined as a recession lasting two or more years) or other unforeseen catastrophic costs not covered by the Contingency Reserve. Should the balance in the reserve fall below the 30% threshold, a plan to restore the level over a period of no more than five years shall be included in each proposed annual budget reviewed with the City Council until the reserve has been returned to at least 30% of General Fund operating expenditures.	Yes	The threshold for this reserve policy was increased from 20% to 30% in Fiscal Year 2021/2022.
A Contingency Reserve will be budgeted each year for non-recurring unanticipated expenditures or to set aside funds to cover known contingencies with unknown costs.	Yes	
The level of the Contingency Reserve will be established as needed but shall not be less than 2% of General Fund operating expenditures.	Yes	
The City will establish an account to accumulate funds to be used for payment of accrued employee benefits for terminated employees. At each fiscal year end, the accumulated amount in the reserve shall be adjusted to equal the projected payout of accumulated benefits requiring conversion to pay on retirement for employees then eligible for retirement. (This is so there are funds to pay out accumulated benefits requiring conversion to pay on termination).	Yes	

<p>The City Manager may release and appropriate funds from this reserve during the year, but solely for terminal pay expenditures.</p>	<p>Yes</p>	
<p>Claims Reserves will be budgeted at a level which, together with purchased insurance, adequately protects the City. The City will maintain a reserve of two times its deductibles for those claims covered by the insurance pool of which the City is a member (currently the Municipal Pooling Authority of Northern California). In addition, the City will perform an annual analysis of past claims not covered by the pool and reserve an appropriate amount to pay for uncovered claims.</p>	<p>Yes</p>	
<p>The City had previously established a Street Maintenance Reserve Fund for the accumulation of funds for the long-term maintenance of the City’s streets. In Fiscal Year 2021-2022, that title is being changed from “Reserve” to “Rehab” as these funds will be used on projects, rather than being set aside. The amounts transferred into this Fund will be used to augment the City’s Gas Tax, Measure J, and other street improvement revenues in completing street maintenance and improvement projects. City staff has recognized that we are not able to keep up with the \$7 million of costs that are necessary to maintain the streets to the level that we desire, much less establish a reserve that is sufficient to pay for the next 3 years’ anticipated maintenance. Therefore, this unrealistic Reserve policy was abandoned, beginning in Fiscal Year 2021-2022.</p>	<p>Yes</p>	
<p>The City established a Vehicle and Equipment Replacement Reserve Fund for the accumulation of funds for the replacement of worn and obsolete vehicles and other capital equipment. Beginning in Fiscal Year 2021-2022, that reserve will be split into two separate funds, Fund 501 for Fleet Vehicle Replacements and Fund 503 for IT Equipment Replacements. Adequate funds shall be set aside in each fund to ensure that funds are available for asset replacement at the end of the assets’ life cycles.</p>	<p>Yes</p>	

<p>The City will seek to build and maintain a Facilities Maintenance Capital Asset Reserve for capital costs associated with the maintenance of all City building facilities. The reserve will be maintained at a level at least equal to projected five-year facilities maintenance capital costs.</p>	<p>No</p>	<p>We do not have a 5-year reserve built up at this time. We plan to establish a new Internal Services Fund for that purpose in 2025-2026.</p>
<p>Each year-end, until fully funded, all revenues in excess of expenditures in each landscaping district zone, shall increase the funds' capital asset lifecycle replacement reserve. Each zone's operating budget shall consider annual capital/asset lifecycle replacement needs</p>	<p>Yes</p>	
<p>The City will seek to build and maintain a Storm Drain Depreciation Reserve for costs associated with the major maintenance and capital improvement costs included in the Storm Drain program budget. The minimum reserve level will be 50% of the costs projected over the next five years.</p>	<p>No</p>	<p>With existing revenues, such a reserve is not feasible. We will revisit this in 2024-2025.</p>
<p>The City will establish a Reserve for Qualifying Expenditures and will transfer into it from current revenues all amounts necessary to ensure compliance with Gann Limit provisions. These funds will be used solely to pay for Gann Limit excludable capital expenditures. To qualify, they must be for assets having a value greater than \$100,000 and having a useful life of at least 10 years.</p>	<p>Yes</p>	

INVESTMENT POLICIES

<p>The City Manager and Finance Director will annually submit an investment policy to the City Council for review and adoption and shall provide the Council with quarterly investment reports.</p>	<p>Yes</p>	
<p>The Finance Director will invest the City's monies in accordance with applicable laws and adopted investment policies and direct the investment of bond or note monies</p>	<p>Yes</p>	

on deposit with a trustee or fiscal agent in accordance with the applicable indenture or issuance documents.		
The City will maintain liquid assets at a level sufficient to pay at least six months operating expenses.	Yes	

ACCOUNTING, AUDITING & FINANCIAL REPORTING POLICIES

The City's accounting and financial reporting systems will be maintained in accordance with generally accepted accounting principles and standards of the Governmental Accounting Standards Board.	Yes	
<p>Basis of budgeting refers to the method used to recognize revenues and expenditures in the budget. For the City of Oakley, the basis of budgeting is the same as the basis for accounting. For governmental and fiduciary funds, the modified accrual basis is followed. Under the modified accrual basis, revenues are recognized only when they become susceptible to accrual, which means when they become both measurable and available. Revenue is measurable when the value of the transaction can be determined, and it is available when it is collectible in a manner that allows it to be used to pay for liabilities in the current period. Governments normally define an availability period for revenue recognition, and the City of Oakley considers revenues related to a particular fiscal year available if they are collected within 60 days after that fiscal year's end. 60 days is a common revenue recognition period. Expenditures are typically recorded when the liability is incurred, with the exception of debt service expenditures. Debt service expenditures are recorded when payment is due.</p> <p>The accrual basis is used for the proprietary funds, which includes the enterprise funds and the internal service funds. Under the accrual basis, revenues are recognized when they are earned, and expenses are recognized when the related liability is incurred."</p>	Yes	

A capital asset system will be maintained to identify all City assets, their condition, historical and estimated replacement costs, and useful life. All equipment with a cost of \$5,000 or more and a useful life of more than two years, and all buildings, improvements and infrastructure with a cost of \$50,000 or more and a useful life of more than two years will be capitalized and included in the system. While asset purchases and disposals will be tracked and accounted for each year, unless otherwise needed, vehicles and office equipment will be inventoried and infrastructure assets will be subject to an internal audit, every 3 years on a rotating cycle, with each category reviewed in turn.	Yes	
Fixed Assets shall be accounted for using the following useful lives: Buildings – 40 years Improvements – 5-15 years Machinery & Equipment – 5 years Vehicles – 5 years Roadways: Streets (Includes Pavement, Sidewalk, Curb & Gutters, Trees & Signs) – 7-40 years Traffic Signals – 25 years Street Lights – 40 years Bridges – 100 years Parks & Recreation: General Improvements – 25 years Specialty features – 10 years	Yes	
The Finance Department will prepare monthly reports for the City Manager and Department Heads so that they may effectively evaluate their financial performance.	Yes	
A Mid-Year Budget Review, assessing the status of both operating and capital activities and recommending appropriate mid-year adjustments, will be submitted to the City Council and made available to the public in February each year.	Yes	

An annual audit will be performed by an independent public accounting firm with the subsequent issue of an official Comprehensive Annual Financial Report, including an audit opinion.	Yes	
Full and continuing disclosure will be provided in the City's financial statements and bond representations.	Yes	
The City will build and maintain a good credit rating in the financial community.	Yes	

GRANT FUNDING POLICIES

The City will remain current on available local, state, and federal grant funding and seek to make the most of grant opportunities for both operations and capital projects.	Yes	
The City will establish accounting procedures to support the tracking of grant funds and their use and for the timely administration of grant programs.	Yes	
Grants that the City makes to others will be such that the City retains control of funds sufficient to ensure their use is consistent with grant specifications. This is expected to be accomplished by limiting grant disbursements to reimbursements or for the City to pay agreed upon costs directly on behalf of the Grantee, all of which should be outlined in a grant agreement approved by the Council.	Yes	

HUMAN CAPITAL INVESTMENT POLICIES

The City will invest in its employees by maintaining a compensation structure that is based on market norms, considers internal alignment and equity among various groups of employees, supports and recognizes innovation and exceptional performance, and fosters teamwork within the organization.	Yes	
---	-----	--

APPROPRIATIONS CONTROL

In addition to the Statement of Financial Policies above, the Council has established the following policy regarding Appropriations Control:

Appropriations requiring Council action are:

- Appropriation of reserves, except asset replacement or accrued benefits reserves
- Transfers between funds
- Appropriations of any unassigned revenues (unassigned revenues are those revenues that are not associated with a particular business or service unit)

Appropriations requiring City Manager action are:

- Transfer within a fund or department
- Appropriation of unbudgeted assigned revenues – assigned revenues support a specific business or service unit and allow expansion or contraction of that unit in response to demand.
- Appropriation of asset replacement reserves, accrued benefits reserves and unassigned balances in special purpose funds.

Appropriations of fiscal resources are approved by the City Council and managed by the City Manager.

BUDGET SCHEDULE FY 2023-2024

Date	Function
February 27	2023-2024 Budget Instructions Distributed
February 28	Fiscal Year 2022-2023 Midyear review with City Council
Week of March 6	Finance Available for Budget System Training to anyone needing assistance.
March 13	Department Head Strategic Planning Session
Week of March 13	City Manager Discussions with DH's Individually, as needed
March 24	2023-2024 Operating Budgets due to Finance Director 2023-2024 Final CIP Requests due to City Engineer
March 24 – 31	Finance & Engineering Review Period
April 3 – 7	City Manager Review Period
April 10	Fiscal Year 2022-2023 Draft Departmental Accomplishments Due to City Manager & Finance Director
April 10-14	City Manager Review with Department Heads individually, as needed
April 28	Fiscal Year 2022-2023 Final Departmental Accomplishments Due to City Manager & Finance Director
April 18 – 26	Preparation and Final City Manager Review of Proposed Budgets, CIP and Presentations
April 30 – May 7	Production and Distribution of Proposed Budget and CIP to Council and Staff
May 9	Budget Work Session with the City Council
June 13	Public Hearing and Fiscal Year 2023-2024 Budget Adoption

The City of Oakley Strategic Plan 2022-2027+ which was completed in April of 2022 and became a guiding document for the City of Oakley Fiscal Year 2022-2023 Budget continues to guide the City of Oakley in its decisions, including budget preparations. Included in the department detail of this budget are departmental objectives and key performance measures that are tied directly to the City of Oakley Strategic Plan goals. On January 10, 2023, a work session was held to discuss the Strategic Plan. In that work session, the City Council had no changes and they directed staff to proceed with

implementing the plan. An update on the Strategic Plan was also presented to the City Council at the May 23, 2023 City Council meeting. The City of Oakley Strategic Plan 2022-2027+ is a very informative document that shares the City's vision for the future, along with its mission and goals, and all are encouraged to read it.

The strategic plan is available on the City's website and can be accessed at <https://www.ci.oakley.ca.us/city-meetings/strategic-plan/>

CITY-WIDE BUDGET OVERVIEW

As can be seen in the Proposed All Funds Summary on the following pages, the Citywide projected revenues for Fiscal Year 2023-2024 amount to just under \$58.0 million, with projected expenditures of nearly \$70.0 million. The Citywide expenditures are approximately \$1.4 million or 2% lower than the Fiscal Year 2022-2023 Adopted Budget of just over \$71.4 million. However, the Adopted Budget for Fiscal Year 2022-2023 included \$5 million was transferred from the General Fund Reserve of Capital Projects to be expended on the Downtown Gateway Plaza Roadway and Parking Lot project, which helps to account for the decrease in total City-wide expenditures between fiscal years. We are estimating total City-wide available resources to be \$46.7 million at the beginning of Fiscal Year 2023-2024 and \$34.7 million at the end of the fiscal year, due to substantial capital projects that will be taking place during Fiscal Year 2023-2024.

The Budget includes the appropriation of unassigned balances in special purpose funds so they can be assigned if needed during the year; although in the landscaping district funds, available resources appropriated for unanticipated asset replacements or remediation are shown in the appropriation of available asset replacement reserves pursuant to City policy.

General Fund resources exclude the value of real estate held, which on June 30, 2023 is estimated to at roughly \$3.6 million. General Fund activity on this schedule also excludes interagency and economic development loan activity, which are required by City policy or approved separately by the City Council.

Since all revenues in excess of expenditures at year-end in the landscaping and community service district funds are added to each Fund's reserves for asset replacement, the estimated available resources on July 1, of each year are \$0, unless the reserve is fully funded.

Appropriations from a prior year capital project will roll into the new fiscal year, as with all capital project appropriation, per City policy. Otherwise, the beginning of the year available resources in these funds will be \$0.

The amounts shown in the appropriation of asset replacement reserves are included in the recommended expenditures. These reduce the amount of replacement reserves available for appropriation for unanticipated replacement or remediation activities.

The Successor Housing Agency fund accounts for assets of the former Oakley Redevelopment Agency and loan repayments restricted to low and moderate income housing projects.

PROPOSED ALL FUNDS SUMMARY

Fund #	Fund Name	Estimated Available Resources July 1, 2023	Estimated Revenues 2023/24	Recommended Expenditures 2023/24	Transfers Between Funds	Appropriation of Unassigned / Av. Fund Bal./Reserves	Estimated Available Resources July 1, 2024	Additional Appropriation of Available Asset Replacement Reserves*
100	General Fund**	\$ 10,851,296	\$ 30,414,665	\$ 27,938,546	\$ (2,285,831)		\$ 11,041,584

The net increase in positions for Fiscal Year 2023-2024 compared to Fiscal Year 2022-2023 is 1.25 positions, with the addition of four full-time positions, the elimination of one full-time position, two part-time positions being increased to full-time positions, and one position being reclassified. See page 6 of the City Manager's Budget Message for further detail.

EMPLOYEE BENEFITS

Defined Benefit Retirement Plan - The City participates in the California Public Employees' Retirement system (CalPERS) and provides the following benefit formulas, with the formula designation depending on the hire date and prior CalPERS service of the employee:

Miscellaneous Employees

- Classic Tier 1: 2.5% @ 55, highest single year, if hired before October 18, 2010
- Classic Tier 2: 2.0% @ 60, highest single year, if hired on or after October 18, 2010
- PEPR Tier 3: 2.0% @ 62, average 3-year final compensation, if hired on or after January 1, 2013

Safety

- PEPR 2.7% @ 57, average 3-year final compensation, all sworn personnel

For employees that are currently active in CalPERS, the City does NOT participate in Social Security, except for the mandatory 1.45% payroll deduction for Medicare.

Health and Welfare – City offers numerous plans including both HMO and PPO plans with the City currently providing up to \$1,835 per month for family coverage (will change to \$1,935 in December of 2022) or up to \$1,235 for employee only coverage to be used toward the premium for health insurance coverage. If an employee has existing group coverage, they can receive \$400 as cash-in-lieu. Dental and Vision coverage for employee and family is paid for by the City.

Medical Trust – Safety employees receive a contribution of \$450 per month toward their Medical Trust with Peace Officers Research Association of California (PORAC). All non-Safety Employees receive a contribution of \$50 per pay period toward a retiree health savings plan.

Deferred Compensation – 457 and 401a plans available, including a City match of employee's contributions (up to 1% of base salary) for miscellaneous employees.

Holidays – 14 scheduled holidays

Vacation – Accrual of 80 hours per year initially and incrementally increasing up to 200 hours per year after 15 years of service (accrued with each pay period).

Management Leave – 96 hours per year (for management only)

Sick Leave – 96 hours per year (accrued with each pay period).

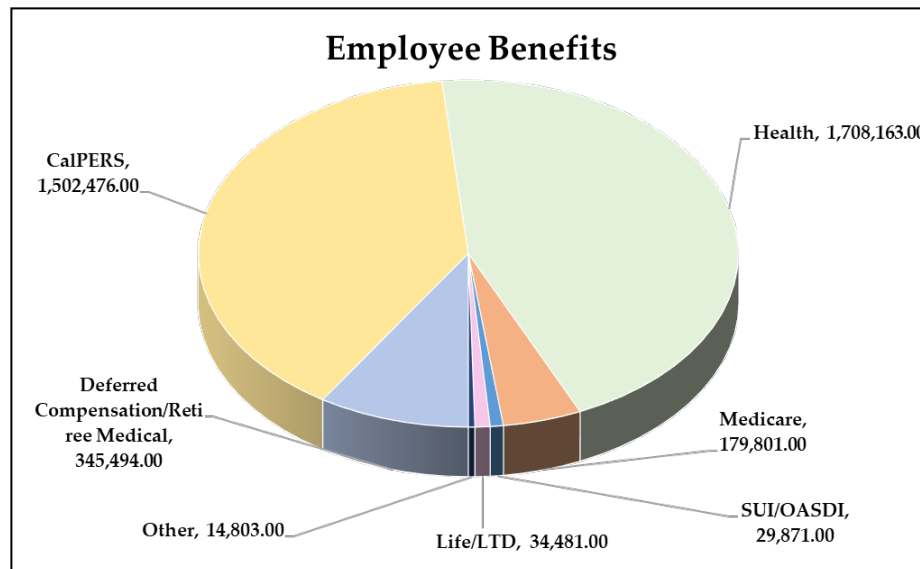

Life Insurance - If an employee’s death occurs while covered under this plan, the employee’s designated beneficiary will receive a benefit of \$100,000. The City of Oakley pays for this benefit premium. Additional life insurance benefit amounts (over the \$100,000) are available, but premiums are paid for solely by the employee.

Long Term Disability – City paid plan - Long Term Disability Insurance provides you with income protection in the event of a disability. The plan pays 2/3’s of your salary up to a maximum monthly benefit of \$6,667. If you are eligible for income from other sources, such as Social Security and/or Worker’s Compensation, LTD benefits are adjusted so that the maximum monthly benefit you receive from all sources does not exceed 2/3’s of pre-disability earnings. The elimination period is 90 days with a duration for benefits paid up to age 65. The City of Oakley pays for your coverage offered through The Standard. Sworn Police personnel have employee-paid disability insurance through the Peace Officers Research Association of California (PORAC).

Flexible Spending Accounts – Tax deferred options for dependent care, health care, and commuter expenses is offered.

Wellness – Gym or physical fitness premiums for employee only can be reimbursed, up to \$35 per month.

Tuition Reimbursement – Employees have up to \$2,500 per fiscal year available to cover tuition and book costs to continue their education at an institution accredited by the Western Association of Schools and Colleges.

GENERAL FUND BUDGET OVERVIEW

The Proposed General Fund Operational Budget for Fiscal Year 2023-2024 is balanced, with \$30,414,665 of revenues and \$30,224,377 of recurring expenditures, net of \$0 of non-recurring Transfers Out. Of the \$2,285,831 of Transfers Out proposed for Fiscal Year 2023-2024, all \$2,285,831 is considered recurring, including \$2,080,000 for Street Maintenance and Repairs, \$190,000 for Technology equipment replacements and \$15,831 to assist landscape and lighting assessment districts. Total proposed General Fund Expenditures, including Transfers Out, amount to \$30,224,377 and are \$190,288 less than projected revenues.

As depicted in the chart above, total General Fund revenues have tended to exceed expectations and exceed total expenditures from Fiscal Years 2018-2019 through 2020-2021. With substantial contributions into capital projects for both Fiscal Years 2021-2022 and 2022-2023, expenditures were expected to exceed revenues, due to the planned spend-down of fund balance. For Fiscal Year 2023-2024, there is no planned spend-down of fund balance for the General Fund.

GENERAL FUND PROPOSED BUDGET FISCAL YEAR 2023-2024

	2019-2020	2020-2021	2021-2022	2022-2023	2023-2024

OVERALL ANALYSIS OF GENERAL FUND REVENUE

Overall General Fund revenues for Fiscal Year 2022-2023 are estimated to come in nearly \$1.2 million or 4.4% higher than actual Fiscal Year 2021-2022 revenues, totaling just over \$29.7 million in 2022-2023 and just under \$28.5 million in 2021-2022. Fiscal Year 2023-2024 revenues are projected to be \$30.4 million, which is about \$653,000 or 2.2% higher than total estimated Fiscal Year 2022-2023 revenues. This increase is primarily due to higher projections of approximately \$557,000 more for Interfund Charges for Services, \$512,000 more for Franchise Fees, \$370,000 more for Interest Income and \$80,000 more for Property Taxes. Offsetting much of those increases is a projected \$973,000 decrease in Developer Fees, a \$100,000 drop in Sales Taxes and a \$223,000 drop in Other Revenues. The impacts that COVID-19 would have on the global economy and on the City's General Fund revenues were uncertain when we prepared our Fiscal Year 2021-2022 Budget and there continued to be uncertainty about the future of COVID-19 as we prepared the Fiscal Year 2022-2023 Budget. As we now prepare the Fiscal Year 2023-2024 Budget, it appears that the COVID-19 Pandemic and much of the uncertainties related to it have passed. However, rising interest rates and their impact on the housing market have become the primary point of concern for General Fund revenue projections. Fortunately, even with lower Developer Fee projections, total overall General Fund revenue has continued to grow. In addition, the City of Oakley has received a total of \$10,177,190 from the federal government through the American Recovery Plan Act (ARPA) over the past two fiscal years. The City of Oakley used \$177,190 to reimburse the City's General Fund in Fiscal Year 2021-2022 for a portion of the special COVID sick leave that has been paid out during the pandemic. The other \$10 million is being accounted for in of a separate fund (Fund 120) and must be expended on governmental services by December of 2026. Although this \$10 million will not be run through the General Fund, it will clearly help the City to provide many governmental services that could typically rely on the General Fund for funding.

MAJOR REVENUE SOURCES

As can be seen in the graph below, the City's largest projected General Fund Revenues for Fiscal Year 2023-2024 are Interfund Charges and Property Taxes. Those two revenue sources are projected to bring in 70% of General Fund Revenues. Combined, Sales Tax and Franchise Fees make up another 19% of projected General Fund revenues.

Developer Fees at 6% and Other Revenues and Taxes at 5% making up the remaining 11% of the General Fund revenue projections. Each of these revenues is discussed in further detail, on the following pages.

Proposed General Fund Revenues Fiscal Year 2023-2024

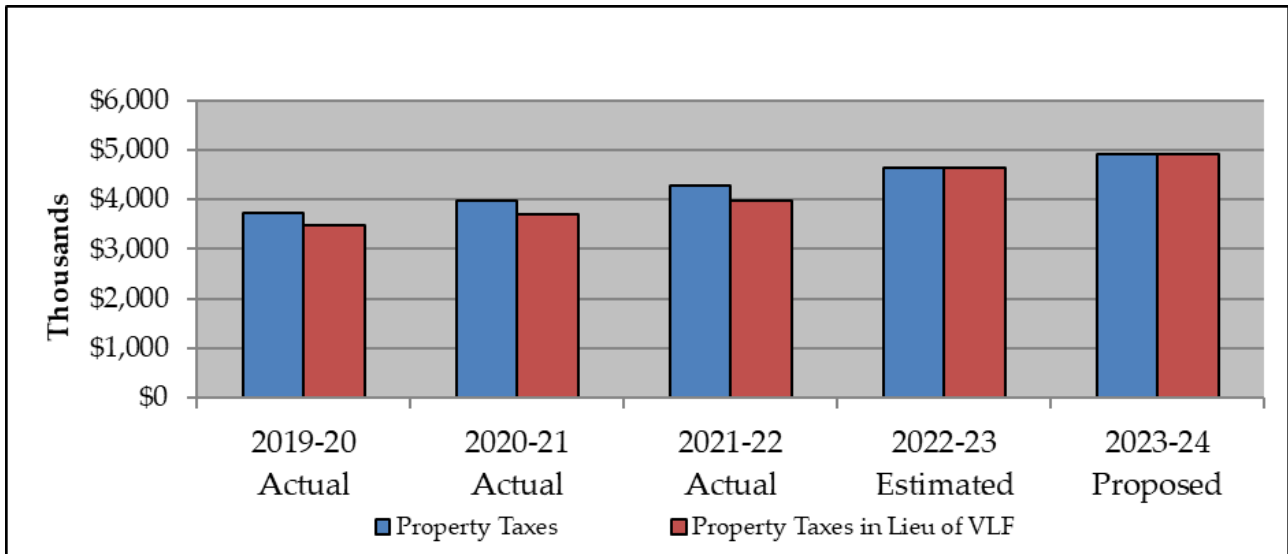

INTERFUND CHARGES FOR SERVICES

Interfund Charges for Services is the largest revenue source for the City of Oakley. More than 36.7% of total projected Fiscal Year 2023-2024 General Fund revenues are made up of these cost recoveries for activities funded by impact fees, developer application fees, special taxes, assessments and other special purpose revenues. For Fiscal Year 2023-2024, estimated Interfund Charges total approximately \$7.5 million for Police Services, \$890,000 for Engineering Services, \$1,480,000 for Parks Maintenance Services, \$310,000 for Public Works Maintenance, \$760,000 for Contractors, and \$202,000 in total for Legal, Planning and Other Services, combined. Total Interfund Charges are projected to increase by more than \$80,000 or 0.7% in Fiscal Year 2023-2024, up to \$11,142,000, compared to an estimated \$11,062,000 in Fiscal Year 2022-2023.

PROPERTY TAXES

The City receives two significant types of property taxes: 1) the City’s share of the 1% Property Taxes collected by the County; and 2) Property Tax In Lieu Of Vehicle License Fees. Both are driven primarily by changes in assessed values. Estimates for Fiscal Year 2023-2024 anticipate an increase of 6% in citywide assessed values. The budget includes projected 1% Property Taxes of \$4,929,000 and Property Taxes In Lieu Of Vehicle License Fees of \$4,918,000. A 6% increase is considered by City staff to be a reasonable projection, as these revenues have increased by at least 6% and as much as a 12% combined, year over year, since Fiscal Year 2019-2020. As seen below, Property Taxes In Lieu of Vehicle License Fees have been growing faster than the 1% Property Taxes.

SALES TAX

The City receives a share of sales taxes where the point of sale is located in the City. While the City does not yet have a large commercial base, business activity is expected to grow over time and these revenues will increase. For fiscal year 2023-2024, the estimated Sales Tax revenues are \$3,100,000, which \$100,000 lower than estimated 2022-2023 Sales Tax revenues. The City utilizes the services of HdL Companies for our Sales Tax projections.

INTERGOVERNMENTAL REVENUES

The City receives revenue from various other governmental agencies in the form of grants, motor vehicle tax, school resource officer reimbursements, vehicle abatement, recycling grants and administrative charges. Total projected Intergovernmental Revenues for Fiscal Year 2023-2024 are \$418,000, which is only about \$5,000 or 1.3% more than is estimated for Fiscal Year 2022-2023.

FRANCHISE FEES

The City collects Utility Franchise Fees related to pipelines, electricity, cable and garbage. Total budgeted Franchise Fees for Fiscal Year 2022-2023 are \$2,162,000, with \$22,000 from pipelines, \$340,000 from electricity, \$500,000 from cable, and \$1,300,000 from Garbage Franchise Fees. For Fiscal Year 2023-2024, we are budgeting a total of \$2,674,000 in Franchise Fees, with \$24,000 from pipelines, \$470,000 from electricity, \$500,000 from cable and \$1,680,000 from Garbage Franchise Fees. Mt. Diablo Resource Recovery (MDRR) submitted the request for a large rate increase in Garbage Franchise Fees, which was approved by the City Council in March of 2022 and was necessitated by Senate Bill (SB) 1383, Short-lived Climate Pollutants Reduction, as enacted in 2017. SB 1383 established targets to reduce the statewide disposal of organics by 75% by 2025 and is the most significant waste reduction mandate adopted in California in the last thirty years. It requires that each jurisdiction redefine and develop methods for managing, tracking, regulating, procuring organics, and more. MDRR submitted a 5.31% rate increase proposal for Fiscal Year 2023-2024, which was approved by the City Council in May of 2023 and becomes effective in July of 2023.

OTHER TAXES

In addition to the above-mentioned Taxes, the City collects a Transient Occupancy (Hotel) Tax, Property Transfer Taxes, and Business License Taxes, which are all grouped into the category of “Other Taxes”. For Fiscal Year 2023-2024, total Other Taxes are estimated to be approximately \$610,000, which is \$25,000 or 4% more than estimated for Fiscal Year 2021-2023 and \$391,000 less than Fiscal Year 2021-2022 actual revenues. The largest drop in Other Taxes from Fiscal Year 2021-2022 to Fiscal Year 2023-2024 projections was in Property Transfer Taxes, which peaked at \$550,000 in Fiscal Year 2021-2022 and is estimated at \$200,000 per fiscal year in both Fiscal Years 2022-2023 and 2023-2024. This large decline in revenue is a result of the slowed housing market, which was caused by rising home loan mortgage interest rates.

DEVELOPMENT FEES

Development Fees consist primarily of building permit, plan review, and administrative fees. For Fiscal Year 2020-2021 was a stellar year, with total actual Development Fees of \$4,701,000, up 128% from \$2,059,000 in Fiscal Year 2019-2020. This large increase was due to record home sales resulting from record low interest rates and people moving from big cities to more rural communities. Unfortunately, those record low interest rates have become a thing of the past and we are no longer riding that wave of housing development that we enjoyed in Fiscal Year 2020-2021 and even Fiscal Year 2021-2022. With the Feds raising interest rates in an attempt to slow inflation, home mortgage interest rates have increased from roughly 3% to over 6% in the past couple of years, which has considerably slowed the housing market. Estimated Development Fees for Fiscal Year 2022-2023 total \$2,601,000 or nearly 22% less than Fiscal Year 2021-2022. Projected Development Fees for Fiscal Year 2023-2024 total \$1,628,000, which 37.4% less than is estimated for Fiscal Year 2022-2023. As mentioned in the City Manager’s Budget Message, as of June 1, 2023, the City had issued building permits for 122 single family homes and no apartment units in Fiscal Year 2022-2023. The Fiscal Year 2023-2024 Budget projections for Development Fees are based on the addition of approximately 125 single-family housing units, no multi-family units and some new non-residential construction.

Code Enforcement	309,347	100,344			409,691
Police	9,882,835	4,550,861	286,219		14,719,915
Planning	647,753	334,943			982,696
Engineering	1,091,740	1,508,111	21,450		2,621,301
Public Works Maintenance	231,440	316,835	10,000		558,275
Recreation	585,855	518,487			1,104,342
Parks	970,122	275,313	107,000		1,352,435
Transfers Out				2,285,831	2,285,831
Total	17,810,759	9,623,538	504,249	2,285,831	30,224,377
	58.9%	31.8%	1.7%	7.6%	100.0%

As can be seen above, total General Fund expenditures for Fiscal Year 2023-2024 amount to \$30,224,377, including \$2,285,831 of Transfers Out. As mentioned earlier, all \$2,285,831 of the Transfers Out is considered to be recurring transfers out and there are no non-recurring or one-time costs included in the Fiscal Year 2023-2024 General Fund Budget.

Salaries and Benefits account for 58.9% and Services and Supplies account for 31.8% of General Fund Budget expenditures. The breakout of expenditure by type, as percentages of the Budget, can be seen in the chart below. Proposed Transfers Out of \$2,285,831 as a percentage of Budget for Fiscal Year 2023-2024 are much lower than estimated Transfers Out for Fiscal Year 2022-2023 Budget which includes \$10,380,000 of Transfers Out. Actual Transfers Out in Fiscal Year 2021-2022 were also higher than usual, totaling \$5,621,000. The average for the four-year period prior to Fiscal Year 2021-2022 was about \$3.1 million. The large amounts of Transfers Out for Fiscal Years 2022-2023 and 2021-2022 were only possible because reserves have been built up over time to be used for these purposes. Expenditures by department can be seen on the following page.

PROPOSED GENERAL FUND EXPENDITURES Fiscal Year 2023-2024

As depicted in the chart above, the Police Department Budget makes up 48.7% and Public Works makes up about 15.0% of the General Fund Budget. Transfers Out make up 7.6% of Proposed General Fund Expenditures, compared to the 28.6% that is estimated for Transfers Out in Fiscal Year 2022-2023 Budget. Each of the remaining departmental budgets are 7.2% or less of the Proposed General Fund Budget.

By comparison, the Amended Fiscal Year 2022-2023 General Fund Budget includes expenditures of \$36,266,695, with \$10,380,000 of Transfers Out. The Proposed 2023-2024 Budget reflects a decrease of \$6,128,000 or 16.9% of total expenditures compared to Fiscal Year 2022-2023, primarily due to an \$8.2 million decrease in Transfers Out for one-time capital improvement projects.

DEPARTMENT DETAIL

The following pages review each of the proposed Department budgets with a summary discussion of program description, staffing, and objectives for fiscal year 2023-2024:

ANIMAL CONTROL

Program Costs and Revenues

The City contracts with Contra Costa County for Animal Control services. The costs are funded entirely by General Fund revenues.

Program Description

Animal control services patrol the City’s streets and respond to public health and safety calls concerning animals in the City. The County Animal Services Department provides the service and access to its animal shelter facility in Martinez.

Staffing Summary

The County Animal Services Department provides all staffing for an annual per capita charge. There are no City staff allocated to this function.

Program Changes

There are no significant program changes for Fiscal Year 2023-2024. The Contra Costa County Animal Services Department increased our fees by \$53,564 or 18.6% for Fiscal Year 2022-2023, with per capita rates increasing from \$6.79 to \$7.97. Our fees for Fiscal Year 2023-2024 increased by \$63,822 or 18.7%, with per capita rates increasing to \$9.11.

This page intentionally left blank.

CITY COUNCIL

Program Costs and Revenues

The City Council’s costs are funded entirely by General Fund.

Program Description

The Council is the legislative body of the City, in essence the City’s “Board of Directors.” The Council establishes the City’s laws and policies and provides direction to the City Manager to implement them.

Staffing Summary

The City Council is comprised of five elected members, each for a four-year term. The City Manager, who directs the day-to-day operations of the City, and the City Attorney, are accountable directly to the Council.

Program Changes

The City Council program remains relatively unchanged for fiscal year 2023-2024 with the exception of \$50,000 that was budgeted in Fiscal Year 2022-2023 for consulting services but has not been utilized and \$0 proposed for consulting services in Fiscal Year 2023-2024.

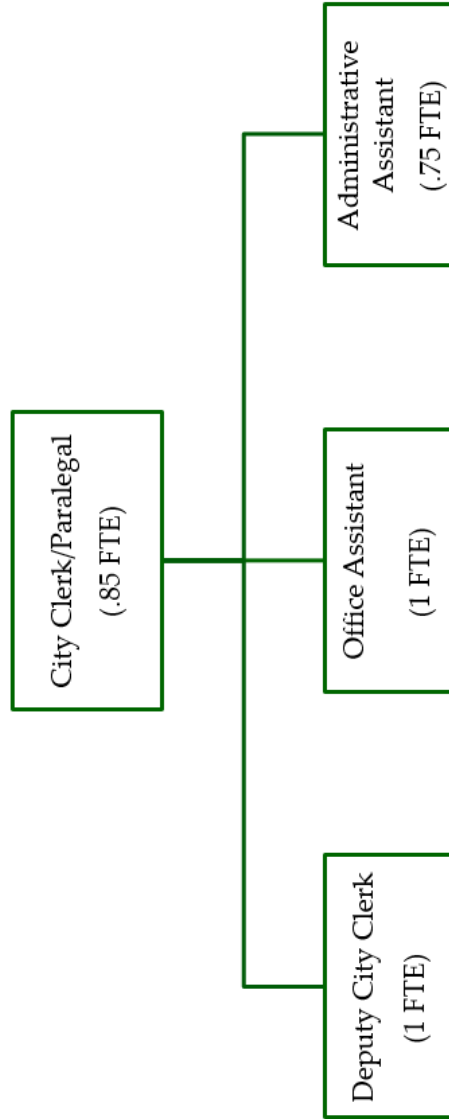

CITY COUNCIL					
USE OF FUNDS	2019-2020 Actual	2020-2021 Actual	2021-2022 Actual	2022-2023 Estimated	2023-2024 Proposed

City Clerk

Records, Elections, Receptionists, Passports, Agenda Packets

CITY CLERK

Program Costs and Revenues

All City Clerk costs are part of City Administration. Revenue is generated for the General Fund through the passport acceptance program.

Program Description

The City Clerk's Office coordinates the distribution of meetings packets for the City Council, the City Council Acting as the Successor Agency to the Redevelopment Agency and Public Financing Authority, records the proceedings of those meetings and processes approved documents such as resolutions, ordinances, minutes and contracts; maintains the City Seal; coordinates municipal elections; advertises and coordinates City Council appointments; maintains and protects the official records of the City; coordinates the records management program; maintains the Municipal Code; administers the Fair Political Practices Commission's regulations; maintains Statements of Economic Interest and Campaign Disclosure Statements submitted by public officials and staff; processes claims against the City; receives and opens sealed bids for public projects; provides a passport acceptance agent and notary services.

Staffing Summary

The City Clerk is assigned to work in both the City Clerk and City Attorney Offices, with approximately 85% of her time serving as City Clerk. The City Clerk's Office also has one Deputy City Clerk, one Office Assistant and one Administrative Assistant.

Program Objectives

- Continue to participate in the State Department's Passport Acceptance Agents Program;
- Continue to coordinate implementation of records destruction procedures in accordance with the City's Records Retention Schedule;
- Continue to implement the citywide records scanning program;
- Continue to refine internal processes to improve the function of the City Clerk's office;
- Continue to process claims for damages against the City;
- Continue to receive bids and participate in bid openings for public projects;
- Continue to process appeals for Administrative Citations;

- Provide electronic agenda packets for City Council, City Council Acting as the Successor Agency to the Redevelopment Agency and Public Financing Authority meetings as well as Planning Commission meetings, and to accomplish all meeting follow-up activities in a timely manner;
- Coordinate General Municipal Election;
- Continue to process claims for damages against the City;
- Continue to receive bids and participate in bid openings for public projects;
- Continue to process appeals for Administrative Citations;
- Continue to assist elected officials and staff with their filing obligations under the State’s regulations and the City’s Local Conflict of Interest Code;
- Continue to identify and implement cost-saving measures within the department;
- Make public information accessible through the City’s website.

Program Changes

There are no proposed program changes for fiscal year 2023-2024.

City Attorney
Advises City Council and City Staff

CITY ATTORNEY

Program Costs and Revenues

The City Attorney's costs shown in the General Fund are part of City Administration. A portion of the department costs are expected to be recovered through inter-fund charges to development services and redevelopment related funds.

Program Description

The City Attorney works closely with the City Manager and his staff to carry out the Council's goals. The City Attorney directs and manages the work of the City Attorney's Office. The City Attorney's Office provides legal services, advice, and representation to the Mayor, City Council, City Manager, and City departments.

The City Attorney's Office represents the City's interest in lawsuits filed against or on behalf of the City, its officers, employees, and agencies in administrative venues, before boards and commissions, and in the state and federal court system. The City Attorney's Office assists in the investigations of claims for damages filed against the City and defends the City's interests when necessary.

The City Attorney's Office similarly provides legal advice in the areas of land use, personnel, elections, conflicts of interest, and economic development, among others. Services include drafting and reviewing contracts, ordinances, resolutions, and other documents, as well as legal research. The City Attorney also provides counsel to and attends meetings of the City Council, and special committees (as required).

Staffing Summary

The City contracts for City Attorney services and employs a full-time paralegal. The paralegal is assigned to work in both the City Attorney and City Clerk Offices, with approximately 15% of her time serving as a paralegal.

Program Objectives

- Assist with code enforcement, recovery of damage to City property, amortization of nonconforming uses, and related redevelopment efforts.
- Assist with major public works projects and advising staff on acquisition of necessary right-of-ways.
- Manage the City's outside counsel and assist in various litigation matters.
- Review and update the Municipal Code, as needed.

- Assist staff on legal issues related to land use and development throughout the City.
- Promptly advise each department of legal implications of proposed actions and of permissible alternatives when legal restrictions arise.
- Administer the City Attorney’s Office in a cost-effective manner.
- Participate in existing and new City programs and assist in their successful completion.
- Assist in the reinstatement of the City Planning Commission.

Program Changes

There are no proposed program changes for fiscal year 2023-2024.

CITY MANAGER

Program Costs and Revenues

The City Manager's Office is comprised of City Administration, Economic Development, Community Outreach/Public Information, Emergency Management and Information Technology, with a portion of its budget attributable to the oversight and support of the Successor Agency to the dissolved Oakley Redevelopment Agency.

Program Description

The City Manager is responsible for the administration and oversight of all municipal operations, including Successor Agency activities and excluding City Attorney services. Programs, services, and activities include: coordinating organizational programs, developing and general managing of operating and capital budgets, conducting fiscal planning, selecting personnel, managing contracted Information Technology services (hardware, software, and technology infrastructure that supports the City's operations), disseminating public information, emergency management, encouraging civic engagement and community participation, implementing key initiatives, providing oversight of the City's Strategic Plan 2022-2027 (SP 27+), and facilitating the implementation of the City's short and long-term economic development strategies.

Under the policy direction of the City Council, and through the implementation of the Council's policies and legislative actions, the City Manager is responsible for ensuring that the City Council is provided with information and recommendations to effectively evaluate and establish policies. The City Manager's Office also provides administrative support to the City Council in their legislative role within the organization and its activities with other agencies and organizations.

The City Manager's Office administers Community Outreach and engagement activities and provides public information support to all City departments and programs under the direction of the Assistant City Manager. Community Outreach aims to increase residents' awareness of the City's ongoing efforts to make Oakley a desirable place to live by communicating with residents and business owners via multiple communication channels that include capitalizing on the City's own communications tools, promoting the City's efforts through press releases to local print media, and face to face through public information workshops and at events.

Staffing Summary

The recommended budget includes the City Manager, the Assistant City Manager, and an Economic Development Analyst.

Program Objectives

The City Manager’s Office is directly responsible for the City’s day-to-day operations and for successfully implementing the City Council’s policy direction, including the Strategic Plan 2022-2027.

Program Changes

During Fiscal Year 2022-2023, the City Manager made an operational change to change the vacant and unfilled Assistant to the City Manager position to an Assistant City Manager position. The City hired an Assistant City Manager and the person in that role will assume oversight and implementation of both Emergency Management and Information Technology and serve as the City’s Community Outreach/Public Information Officer.

* The City did not assess this indicator during the fiscal year. A business satisfaction survey will be conducted in FY 2023/2024.

** The City did not assess this indicator during the fiscal year. The FY 2022/2023 percentage is the percentage of the leadership team in place at the time of the CM's 360 evaluation that agreed or strongly agreed that they feel supported by the CM in their role as a director.

ECONOMIC DEVELOPMENT

Program Costs and Revenues

The Economic Development budget represents an investment of taxes and general fund resources in activities to retain and expand existing Oakley businesses as well as marketing activities and materials to attract new investment and businesses to the City in order to generate additional sales, property, and transient occupancy related tax revenue. Additionally manage the Oakley Entrepreneur Center.

Program Description

The Economic Development goals and objectives as outlined in the City's General Plan include:

- Retain and strengthen existing businesses and expand Oakley's economic base
- Establish a diverse and balanced local economy
- Remove or reduce constraints to economic development
- Facilitate new business opportunities and new investment in the community

Program Objectives

Economic Development will focus on:

- Implementation of programs and activities designed to retain, strengthen and expand existing Oakley businesses
- Revitalization of the Main Street/Downtown area
- Facilitation of commercial development projects
- Attraction of retailers and commercial tenants for existing shopping centers and commercial space
- Attraction of development for all City-owned and former redevelopment property
- Participation in trade show and conferences such as the International Council of Shopping Centers (ICSC) and other activities to promote the City of Oakley's commercial and retail sites

Staffing Summary

The Economic Development Division is staffed by a full-time Economic Development Analyst.

Program Changes

There are no proposed program changes for Fiscal Year 2023-2024.

INFORMATION TECHNOLOGY

Program Costs and Revenue

All Information Technology Department costs are part of City Administration. Some of the costs are recovered as a part of the city overhead added to Parks, Planning, and Public Works staff’s hourly rates charged to developers and special revenue funds.

Program Description

The Information Technology Department provides support services citywide with the goal of providing on demand network availability for City Staff, and timely troubleshooting when problems arise. Department activities are primarily network maintenance, user support, and strategic planning consulting related to managing and maintaining the City’s networks.

Staffing Summary

The Information Technology Department is managed by the Finance Director and staffed by Operational Technology Integrators (“OTI”), a private contractor. OTI has staff at the City Offices approximately 24 hours per week and manages the City’s network 24/7.

Program Objectives

The primary operating objectives for the department for fiscal year 2023-2024 are unchanged: To provide outstanding network support and assist the City in planning related to its networks.

Program Changes

There are no proposed program changes for Fiscal Year 2023-2024. However, this program is now under the City Manager’s Office, rather than under Finance.

Finance

Budget, Accounting, Accounts Payable, Accounts
Receivable, Payroll, Risk Management, Information Technology

FINANCE

Program Costs and Revenues

Most Finance Department costs are part of City Administration. Some of the costs are recovered as direct charges and some as a part of the city overhead added to Parks, Planning, and Public Works staff hourly rates charged to developers and special revenue funds. A small amount of Finance Department costs are recovered through impact fee program and bond administration fees, and a portion is funded via the Administrative Allowance chargeable to the Successor Agency to the Oakley Redevelopment Agency.

Program Description

The Finance Department provides support services citywide, and for the Successor Agency to the Redevelopment Agency, with the goal of intelligent and prudent financial management. Department activities include Treasury and Debt Management; Accounting for Payroll; Accounts Payable; General Ledger; Capital Projects and Grant Accounting; Financial Reporting, Budget Development and Management; Long-Term Planning; Purchasing; Billing and Collections; Business License Administration; and Risk Management. The Department is also engaged in a significant amount of Successor Agency compliance matters.

Staffing Summary

The Finance Department consists of four full-time staff and one limited-term part-time, as follows: The Finance Director, one Accounting Manager, one Senior Accounting Technician, one Accounting Assistant and one part-time Accounting Assistant.

Program Objectives

The primary operating objectives for the department for fiscal year 2023-2024 are to maintain and improve the financial and procedural infrastructure appropriate for performing the City and Successor Agency's financial functions and to support their many ongoing projects. The Department's primary objective will be to support the City Manager as we attempt to recover from the impacts of COVID-19 on the economy and on the City. Finance has submitted the City's Fiscal Years' 2020-2021, 2021-2022 and 2022-2023 Budgets to the California Society of Municipal Finance Officers (CSMFO) and received the CSMFO Operating Budget Excellence Award for each budget. Finance will continue to apply for and receive the CSMFO Operating Budget Excellence Award as well as the Governmental Finance Officers Association (GFOA) Annual Comprehensive

Financial Report (ACFR) Award, which the City of Oakley has been awarded since the City's inception and its original ACF.

Program Changes

There are no proposed program changes for Fiscal Year 2023-2024.

HUMAN RESOURCES

Program Costs and Revenues

All costs are part of City administration and come from the General Fund.

Program Description

The Human Resources Department serves as a citywide support department in employer-employee and labor relations, recruitment and selection, classification and compensation, worker's compensation management, benefits administration and workforce training and development. The staff are motivated and enthusiastic about contributing to the City, enhancing its quality and providing a welcoming and inclusive environment for all.

The department strives to create a workforce of forward-thinking employees who are customer focused and committed to excellence each day. Honesty and integrity will always be at the forefront and will guide us as we create a safe and welcoming environment for all employees.

Staffing Summary

The Human Resources Department includes a full-time Human Resources Director, a full-time Human Resources Technician and a part time Human Resources Assistant.

Program Objectives

The Human Resources Department will strive to continuously improve efficiencies, remain current with guidelines, best practices, and legal requirements, and proactively work to build a transparent, trustworthy environment. We will prioritize employee well-being by reducing workplace injuries and enhancing our employee wellness program. We will collaborate with and continue to improve upon what our department can do to support the needs of employees, departments, and the City as a whole.

Program Changes

There are no proposed program changes for Fiscal Year 2023-2024.

Key performance indicators are not available for Fiscal Years 2020-2021 or 2021-2022 because Fiscal Year 2022-2023 was the first year that these indicators were selected and utilized in the budget, and this information had not been tracked prior to Fiscal Year 2022-2023.

NON-DEPARTMENTAL

Program Costs and Revenues

All Non-Departmental costs are part of City Administration and are allocated to City departments. Some of the costs are recovered as a part of the city overhead added to Parks, Planning, and Engineering staff's hourly rates charged to developers and special revenue funds. The Non-Departmental budget includes central services and supplies, certain non-employee specific retirement system charges, and a General Fund Contingency.

Program Description

There is no program in the Non-Departmental budget unit. This budget is for costs better managed on a citywide basis, such as office supplies, utilities, storage space rentals, copier costs, insurance, web page maintenance costs, telephone services and transfers to the City's internal service funds.

Staffing Summary

The Non-Departmental budget unit is managed by the Finance Director and City Manager.

Program Objectives

The objectives related to the Non-Departmental budget are unchanged: to monitor and manage these citywide costs, and seek out opportunities to get the best value for each public dollar spent.

Program Changes

There are no proposed program changes for fiscal year 2023-2024.

Community Development

Planning, Zoning, Building, Code Enforcement, Recycling, Housing

COMMUNITY DEVELOPMENT DEPARTMENT

The Community Development Department is responsible for implementing City Council policies related to planning, zoning, code enforcement, building and housing. The department promotes the community’s quality of life and economic vitality through land use planning; protection of public health and safety related to development, elimination of blight, development of affordable housing, and oversees the building and development of residential and non-residential projects, ensuring that these projects meet established requirements related to public health and safety. The Community Development Department also manages the City’s Permit Center, which coordinates and streamlines the development review and permitting process among various departments and outside agencies, thereby facilitating economic development and excellent customer service.

City of Oakley Strategic Plan Goals

PLANNING

Program Costs and Revenue

Planning Division costs are primarily related to long range planning and current planning projects. Long Range planning includes planning responsibilities that must be implemented whether there is development or not, and these are paid for by the General Fund. Current planning projects can be divided into two categories, private developer projects funded by developer paid fees and daily planning duties are funded by the General Fund.

Program Description

The Planning Division is part of the Community Development Department.

The Planning Division provides land use, current and long range planning, and environmental services. The Division is responsible for the implementation of policy pertaining to orderly development and balanced, quality growth in the City of Oakley. Over the years, the Division has focused their efforts on streamlining the development process. The Division continues to focus on programs that assist the City in economic development and planned growth. Specifically, the Division is continually processing both residential and commercial applications to help facilitate the goals of the City's General Plan and Strategic Plan.

There are several planning projects that continue to have activity at this time. Several projects within the East Cypress Road corridor have been entitled for some time and continue to work towards development. There is a continued focus on the redevelopment of the City's Downtown and the future Train Platform and Parking Lot highlighting the marquee project expected to break ground in this fiscal year. The 2023-2031 Housing Element has been adopted and is currently being certified by the State and implementation will begin in FY23-24. The development of the Contra Costa Logistics Center is nearly complete.

Staff are currently working on numerous residential and commercial projects to ensure the City's General Plan is compliant with State Law and addresses the needs of the community today. There is always a continued effort to identify areas for Zoning Code improvements and enhancements as the City grows and evolves. The Division also serves as the in-house environmental Staff to prepare environmental documents for City projects.

Program Staffing

The Planning Division is made up of one Planning Manager, one Associate Planner. The Community Development Department shares a part-time administrative Assistant.

Program Objectives

- Process Development projects.
- Assist the City in economic development tasks, including the redevelopment of the City’s downtown and facilitation of current planning development projects.
- Provide support to the Code Enforcement Division in matters involving land use and zoning.
- Continue to implement AB 939 to provide Oakley residents and businesses with new and expanded recycling and waste reduction programs.
- SB 375 and AB 32 Implementation: Continue to participate in regional and local programs to reduce greenhouse gas emissions.
- Develop a Climate Action Plan.
- Implement the Policy Action Programs in the 2023-2031 Housing Element.
- Identify areas for improvement and enhance the zoning code.
- Continue to monitor changes in State Laws that would require the General Plan to be amended.
- Serve as the City’s in-house environmental staff to prepare environmental documents for small to medium-sized City Capital Improvement and Park projects.

Program Changes

There are no proposed program changes for fiscal year 2023-2024.

BUILDING & CODE ENFORCEMENT

Program Costs and Revenue

Revenues for these two divisions are comprised of building permit, plan check, inspection, building and code enforcement citations, rental dwelling unit inspection fees, and code enforcement re-inspection fees.

Program Description

The Building Division and Code Enforcement Division are part of the Community and Economic Development Department.

The Building Division is responsible for the administration and enforcement of building codes (California Building, Plumbing, Mechanical Codes, the National Electrical Code, and the International Property Maintenance Code). The Building Division provides minimum standards to safeguard public health and welfare, and property, by regulating and controlling the design of structures through plan review, construction of structures through field inspection to monitor quality of materials, use and occupancy, location and maintenance of all buildings and structures within the City of Oakley.

The Code Enforcement Division is responsible for ensuring all residential and commercial properties abide by municipal codes applicable to the health, safety, and quality of life for Oakley residents and business owners. This is achieved primarily by managing the property maintenance program and the Residential Dwelling Unit program. These requirements are met through pro-active on-site inspections, responding to citizen complaints, and educating the public through in-house developed community awareness programs.

Program Staffing

The Building Division consists of a part-time contract Building Official/ Permit Center Manager, and two full-time Building Inspector's, and one full-time Permit Technician II and one Permit Technician I. The Code Enforcement Division consists of one full-time Code Enforcement Officer and two full-time Code Enforcement Technician's. The Community and Economic Development Department shares a part-time administrative Assistant.

Program Objectives

- Work with development community to ensure projects integrate Green Building and Energy Code design provisions that support energy efficiency and the reduction in construction waste to help in the reduction of greenhouse gases.
- Continue to refine internal processes within functions of the two divisions.
- Improve customer experiences and efficiencies by expanding the use of existing technological programs for the permitting of projects.
- Maintain standard fifteen-day plan review as a maximum turnaround time but the Building Division's goal is to review most simple projects within five days.
- Provide inspections on the next workday upon request, same day when needed and as workload allows, and provide 2-hour inspection timeframe.
- When needed, provide Friday, weekend or after-hour inspections when City Hall is normally scheduled for closure by utilizing after hour inspections.
- Respond to all code enforcement inquires within one working day.
- Issue over the counter type permits at a 95% rate, the same day.
- Continue to work with property owners, realtors, and lending institutions whose buildings have fallen into disrepair.
- Work with Economic Development on commercial projects as well as other projects within the City that help to further the development of the City.
- Continue to provide homeowner's code compliance direction from plan submittal to final inspection by being focused on education and customer service.
- Continually ensure the Building Division and Code Enforcement webpage is user-friendly.
- Continue to provide updated training to staff on the adopted codes.
- Work with homeowners and contractors to resolve issues in a professional, polite and progressive manner; prior to and during construction.
- Improve the Residential Rental Property Inspection Program compliance rate.
- Continue to make a positive impact in the City by enforcing the Property Maintenance Ordinance.
- Enhance enforcement of vacant/abandoned property maintenance standards.
- Work with all departments, outside agencies and the contractor to ensure that all projects are constructed in the most efficient and cost effective way possible.
- Work together to address and reduce unpermitted construction.

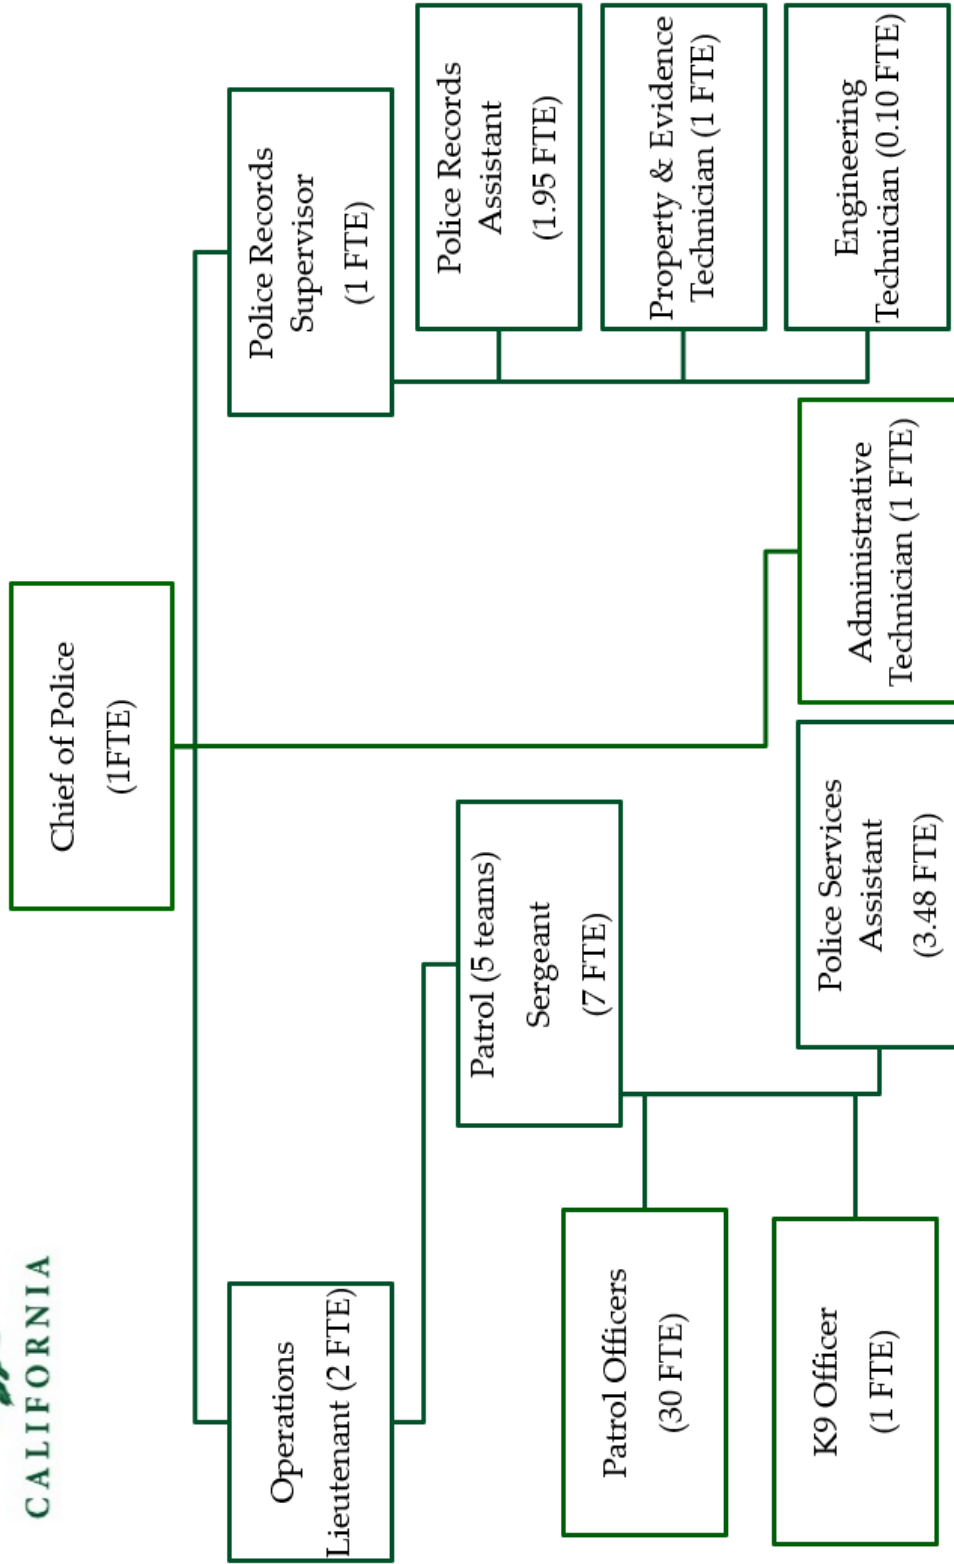

Program Changes

There are no proposed program changes for fiscal year 2023-2024.

POLICE

Program Costs and Revenues

As the Police Department completes its seventh year since inception, we are more committed than ever to perform our role of providing the community of Oakley with high-quality and professional law enforcement services. We build on a strong foundation to ensure the success and long-lasting contributions of the Police Department to its community and local government. In reviewing this budget submission, you will find it to be a conservative goal towards the future of the department and the City. For FY 2023-2024, the department will continue to deepen our available resources, develop our personnel, hone our skills, and introduce specific technology to better serve our residents.

Program Description

The Oakley Police Department's principle responsibility is protecting life and property while preserving and safeguarding the public's peace.

The Police Department takes a progressive stance policing the community. Officers respond to calls for service, investigate crimes, arrest criminal suspects, seek prosecution for criminal acts, and engage in crime prevention strategies with community members. Uniformed officers provide proactive patrol operations and actively pursue those involved in illegal activity. Detectives investigate crimes against persons and property, cases involving missing persons, and death cases. The detectives also work closely with neighboring jurisdictions to track the criminal element.

Emphasis is placed on traffic safety, education, and enforcement. The Department conducts traffic collision investigations, identifies potential roadway hazards and works with other city departments to find reasonable traffic calming solutions to alleviate traffic concerns.

Department goals emphasize that each officer and professional staff recognize that daily activities and contacts with the community are an integral part of our community service effort. Each citizen contact is an opportunity to create a positive and lasting impression, enhance our community relationships, and gain a partner in public safety. The actions of each officer contribute to the community's sense safety and confidence in our ability to provide professional police services.

Program Staffing

The costs for fiscal year 2023-2024 are for fully-staffed department with 41 sworn FTE law enforcement positions. This submission includes the addition of one (1) officer for this fiscal year.

With the expansion of the Department the Chief of Police will set up a Special Operations Division. The Special Operations Division will be headed by a sergeant and the division will encompass the Traffic Enforcement Unit and the newly formed Special Services Team. The Special Services Team will consist of four officers, whose duty will be to focus on quality of life issues that impact the City of Oakley.

Program Objectives

- Make Oakley a clean and safe place to live and work through the protection of life and property.
- Promote outstanding customer service to the community throughout all levels of the police department.
- Continue working with the engineering department on traffic calming solutions for neighborhoods with a focus on traffic safety.
- Maintain average response times of under-five (5) minutes to emergency (Priority 1) calls, and under 13 minutes for less urgent (Priority 2) calls.
- Continue the collaborative efforts with other city departments to properly address homelessness, providing assistance and seeking permanent housing when available.
- Ensure that all personnel remain current in their continued professional training, thereby meeting POST and NIMS training requirements.
- Continue to use technological advances as a force multiplier to assist officers with providing the Oakley community with the best possible service.
- Partner with local fire departments and coordinate with local East Contra Costa County Community Emergency Response Team (CERT) members to enhance our response to a local emergency.
- Continue the expansion of both ALPR and situational awareness cameras to monitor key ingress/egress points throughout the City.
- Improve all staff's knowledge and understanding of the Emergency Operations Response.

Program Changes

The police department in FY 2023-2024 is adding one (1) officer full-time position to its sworn staff, bringing the total full-time sworn positions to forty-one (41).

PUBLIC WORKS/ ENGINEERING/MAINTENANCE & PARKS

Program Description

The Public Works and Engineering Department provides street, drainage, traffic signal, facility, parks, and landscape maintenance through a combination of internal staff and outside contractors. The Department also administers design, construction inspection, and contract management for Capital Improvement projects within the City. The Department also implements the City's Clean Water Program to ensure compliance with current NPDES requirements and permits; processes the plan reviews and inspects private development project grading and infrastructure improvements for compliance with City standards.

Program Changes

This Capital Improvement Program will continue to actively design and construct new infrastructure for the community to enhance the quality of life for residents. The maintenance operations will continue to focus on timely responses to various public inquiries and maintenance of City streets, parks, and facilities.

The Maintenance Division will continue to contract major park and landscape maintenance services. The in-house maintenance crew will focus on our park facilities to ensure that the quality of all park and facility infrastructure is kept at a high level. There will be an emphasis on cross-training of staff in all areas of streets, parks, and facility maintenance to better support the wide range of service requests that need to be accommodated by the department.

The overall goal of the above referenced programs is to improve and enhance the quality of all City infrastructure, and in turn, the quality of life for the residents of Oakley.

Staffing Changes

The Department has formed a cohesive team that services the needs of the community infrastructure. As the City continues to grow and more residents move to Oakley, so is the increased need for services that the Public Works Department provides for the community. The addition of new residential subdivisions and infrastructure that come under the maintenance of the Public Works Department, necessitate increased staffing to be able to provide maintenance services and to continue to have public infrastructure that is maintained to high standards.

The Fiscal Year (FY) 2023-2024 budget includes the following staffing changes. The addition of two (2) Maintenance Workers to support a wide range of tasks for the maintenance of City parks and landscaping areas; and to run the programming, maintenance, and operations of the irrigation systems that service all the parks and landscaping areas. This is specialty work and is critical in coordinating the operation of the complex irrigation systems.

One (1) additional Custodial Worker will be added as well to better service the Recreation Center, Public Works Operations Building, and Entrepreneur Building. Currently the custodial services for the above-mentioned facilities are performed by an outside contractor. By hiring another Custodial Worker, it will not only save the City nearly \$30K per year but also give staff flexibility and added support in the deploying of maintenance resources. The existing Part Time Administrative Assistant will be changed to a Full-Time position to support the increasing administrative service needs of the Public Works Operations Building

Revenues

The Public Works and Engineering budget relies on funds from a variety of sources, many of which restrict expenditures to specific categories.

- **Gas Tax-** Funds are restricted to “the planning, construction, improvement, maintenance, and operation of public streets and highways (and their related public facilities for non-motorized traffic), including the mitigation of their environmental effects, the payment for property taken or damaged for such purposes, and the administrative costs necessarily incurred in the foregoing purposes.” *Anticipated Revenues-\$1,269,107*
- **Senate Bill (SB) No. 1 Transportation Funding-** The California Legislature passed SB 1 in 2017, raising gas taxes and vehicle fees which will generate tens of billions of dollars for municipalities and agencies to fix the state's road system. The funds that the City of Oakley receives as part of SB 1 will be used for various street repairs and resurfacing citywide. *Anticipated Revenues-\$1,100,866*
- **Measure J-** These expenditures are restricted to the same uses as Gas Tax but can also be applied to transit improvements and operations, growth management planning and compliance, pedestrian and bicycle trail construction/maintenance/operation, parking facility development, and transportation efficiency program development and operation (ridesharing,

etc.). Since Measure J contains a growth management component, funds may not be used to replace developer obligations that would otherwise not be publicly funded under the jurisdiction policy. *Anticipated Revenues-\$810,833*

- **Storm Water Utility Assessments-** The City has adopted a Storm Water Management Plan, and based on the estimated maintenance, inspection, and administrative activities required to enact the plan; has established an annual parcel assessment. *Anticipated Revenues-\$563,310*
- **Traffic Impact Fee-** The City of Oakley has an official Traffic Impact Fee program which funds the improvement of major roadways and signalized intersections; including the design, staff support, and construction management activities associated with private development projects. *Anticipated Revenues-\$1,785,396*
- **Park Impact Fee-** The City of Oakley has an official Park Impact Fee program which funds the improvement of parks in the community. This Park Impact Fee is paid for by private developers as related to their respective projects. *Anticipated Revenues-\$1,273,657*
- **Development Deposits/Permit Applications-** Public Works and Engineering collects deposits for the review and inspection of final maps, grading plans and improvement plans related to development applications. In addition, fees are collected for encroachment permits, transportation permits, and documentation related to the FEMA Floodplain Management program. Actual staff expenditures are tracked and applied against a deposit, and refunds or additional deposits are made as necessary. *Anticipated Revenues-\$1,200,000*
- **Citywide Park Assessments-** Zone 1 of the Oakley Lighting and Landscape Assessment District No. 1 provides for the maintenance and utilities for citywide parks and landscaping facilities. *Anticipated Revenues- \$1,450,000*
- **Streetlight Assessments-** Zone 2 of the Oakley Lighting and Landscape Assessment District No. 1 provides for the maintenance and utilities for citywide street lighting. *Anticipated Revenues - \$255,000*
- **Neighborhood Landscaping Assessments -** Zone 3 of the Oakley Lighting and Landscape Assessment District No. 1 provides for the maintenance and utilities for Neighborhood Park and landscaping improvements throughout the City. Zone 3 currently consists of 26 sub-zones, and revenues and expenditures are tracked at the sub-zone level. *Anticipated Revenues - \$3,120,000*

- **Community Facilities District No. 1** - This District was formed in 2006 to fund the operations and maintenance of the levee system, stormwater pond, and the associated pump, force main, and outfall for the Cypress Grove development. Landscape and lighting maintenance for the project are funded through a separate mechanism. *Anticipated Revenues - \$352,000*
- **Community Facilities District No. 2015-1** - This District was formed in 2015 to fund the operations and maintenance of the City's Community and Regional Parks and the public neighborhood parks and landscaping, street lighting, and stormwater improvements associated with the Emerson Ranch development. *Anticipated Revenues - \$1,135,00*
- **Community Facilities District No. 2015-2** - This District was formed in 2015 to fund the operations and maintenance of the City's Community and Regional Parks and the public neighborhood parks and landscaping, street lighting, and stormwater improvements constructed with new developments. *Anticipated Revenues* - The revenue for FY 2023-2024 will depend on the number of new developments that annex into the District prior to the end of the current fiscal year and the timing of when improvements will be turned over to the City for maintenance. *Anticipated Revenues - \$1,900,000*
- **Community Facilities District No. 2018-1** - This District was formed in 2018 to provide a financing mechanism to mitigate new development's financial impact on East Contra Costa County Fire District's fire protection services that are provided to the City. *Anticipated Revenues* - The revenue for FY 2023-2024 will depend on the number of new developments that annex into the District prior to the end of the current fiscal year and the timing of new building permit issuances. *Anticipated Revenues - \$325,000*
- **Community Facilities District No. 2020-1**- This District was formed in 2020 to fund a portion of the operations and maintenance associated with the City's community parks, stormwater inspections, and maintenance of public landscaping, and street lighting associated with the Contra Costa Logistics Center project. *Anticipated Revenues - \$425,000.*
- **Police Special Tax Area (P-6)** - This special tax provides funding for City police protection equipment and services. *Anticipated Revenues* - The revenue for FY 2023-2024 will depend on the type and number of new developments that

annex into the Police Special Tax Area prior to the end of the current fiscal year.
Anticipated Revenues - \$7,250,000

- **General Fund-** Since most of the funding sources for Public Works and Engineering are restricted to specific expenditures, it is recognized that some staff time and activities will require other funding sources. Those activities will be kept to a minimum, and eligible funding sources will continually be sought out.

PROGRAM AND STAFFING SUMMARY

The mission of Public Works and Engineering is to Steward Oakley's infrastructure by utilizing a variety of maintenance, improvement, and service activities. Through a blend of contract and seasonal staffing and City staff, the Department provides its services to the community. The Department is managed by the Public Works Director and has 7 primary functions. The FY 2023-2024 Budget proposes the following operating areas and staffing:

Operating Areas

- **Operations and Maintenance-** One of the most important tasks for Public Works and Engineering is to maintain the City's wide range of infrastructure. City staff will monitor and direct all maintenance activities, and maintenance services will be provided by both City staff and contract services. The individual maintenance elements are as follows:
 - **Roadway-** Routine maintenance is necessary to keep the City's road network operating in a safe and efficient manner. This includes pavement maintenance activities such as pothole patching, crack sealing, shoulder repair, signing and striping repair and replacement, and keeping the roadways free of obstructions via street sweeping and debris cleanup. As a supplement to the regular patrols of the maintenance staff, public works staff will field and investigate citizen requests to determine corrective action for conditions that may not be known or readily apparent. Since surface treatment projects like pavement overlays or chip seals tend to be extensive in nature, they are recognized as a Capital Improvement, and not included in this maintenance element. The City uses on-call maintenance service contractors to supplement City maintenance staff in performing various maintenance services (i.e. pavement repair and patching, curb, gutter, and sidewalk repair, striping, guard rail repair, etc.) The City's maintenance staff will utilize these contract services to supplement in-house resources to better provide maintenance services for the community in a proactive way.

- **Signals & Lighting-** The City owns and operates traffic signals at 40 separate intersections, as well as numerous pedestrian safety flashing lights throughout Oakley. In addition to traffic signals, the City owns and maintains well over 1,510 street lights throughout the community. There are some street lights that are owned and maintained by PG&E, in addition to the City owned street lights. Traffic Signal, Street Light, and Parking Lot Light maintenance is provided through a contract with a specialized electrical contractor who has the resources and expertise needed.
- **Drainage-** In order to minimize potential flooding, and to ensure that storm water is collected and conveyed properly in accordance to the regional storm water quality permits that the City operates under; maintenance staff will conduct routine inspection and service on the storm drainage system. These activities include catch basin cleaning, ditch cleaning, culvert flushing and repair, and inlet maintenance. Drainage maintenance will primarily be performed by the City's maintenance staff in coordination with the on-call service contractor to supplement in-house resources and better provide maintenance service for the community.
- **Parks and Landscaping-** The City currently maintains 37 public parks. The City supplements the Oakley Union Elementary School District financially for the maintenance of another four (4) joint-use public park facilities. In addition, the City maintains thousands of square feet of public right of way landscaping, street median landscaping, and public trail corridors. The City's park and landscape maintenance staff, and outside maintenance contract resources provide landscape maintenance services for the City. The Parks Division staff works diligently every day to provide the best quality of maintenance services for the City's Parks and Landscaped medians and pathways.
- **Facilities-** The City currently owns and manages multiple facilities, and the maintenance and operations of these facilities are under the Public Works Department to better align the service needs with maintenance resources that are available and managed by the Public Works Department.
- **Engineering Services-** Engineering staff will supply technical services to assist with various City activities, ranging from design and construction of public works projects, to addressing requests and questions raised by the general public and officials. Also, Engineering staff, in collaboration with the City Planning and Economic Development Team, review and process various private development projects, from residential

subdivisions to commercial building projects. The typical engineering services that may be provided include:

- ***Capital Project Engineering-*** Engineering staff performs design and construction management for all City public projects. A detailed explanation of this service is provided in the Capital Improvement Program (CIP) section of the budget document.
- ***Traffic Engineering-*** Engineering staff throughout the year perform a variety of tasks associated with traffic engineering. These tasks will include: completing speed surveys to ensure that traffic citations issued by the Police Department are enforceable, implementing neighborhood traffic calming projects, coordinating activities with the Police Department Traffic Division on traffic safety projects around Oakley and especially at school sites, investigating citizen's requests for traffic control devices and speed limit changes.
- ***Private Development Engineering-*** Engineering staff review and process private development projects that are submitted to the City for construction. The scope and complexity of development projects vary from small office buildings to large residential subdivisions. Engineering staff work on each step of the entitlement process to ensure development projects are designed and constructed according to City standards and codes. In addition to addressing the engineering needs of development projects, Engineering staff coordinate regularly with the Community and Economic Development Department and Economic Development Manager to facilitate the development applications in Oakley.
- ***Surveying-*** The primary need for land surveying services are in the area of subdivision map review and will be funded by private developer deposits. The City utilizes contract services on an as-needed basis to address any land surveying service needs.
- ***Floodplain Management-*** Certain areas within the City are subject to periodic flooding, and the Federal Emergency Management Agency (FEMA) requires Oakley to participate in the National Flood Insurance Program so that flood insurance can be provided to affected property owners. As a result of participating in the program, the City must keep Flood Insurance Rate Maps for viewing by the public and must provide certain information upon request. Additionally, the City will review and process applications to modify known floodplain boundaries.

- ***Clean Water Program-*** The City's joint municipal National Pollutant Discharge Elimination System (NPDES) permit and its participation in the Contra Costa County Clean Water Program necessitate several expenditures. Maintenance related activities have been accounted for in both the roadway and drainage maintenance categories. Other tasks include contributions to the Clean Water Program for staff and resources, illicit discharge investigation, industrial and commercial site inspections, and public outreach.
- ***Assessment District Engineering-*** To collect the funds for the City's assessment district and community facilities district, an annual engineer's report and associated budgets must be completed. The City has a contract with a financial services consultant for the processing and administration of this task, due to its specialized nature of work.
- **Administration-** The administration of the department has evolved over the years as the department restructuring took place. This process has been completed and it is anticipated that the department will move forward as a solid team with the staffing levels as follows:
 - ***Public Works Director/City Engineer (1 FTE)*** – Day to day operations in Public Works and Engineering will be managed by the Public Works Director/City Engineer. Duties will include coordination with other City departments and outside agencies, consultant/maintenance/construction contract management, development review and coordination, public outreach, traffic calming, and a wide range of other activities.
 - ***Administrative Specialist (1 FTE)*** – This City staff position performs a wide range of important tasks for the department including: contract administration and processing, budget preparation assistance, City Council reports, accounting, and vendor invoice processing, responding to inquiries, complaints and service requests by the public, issuance of permits, claims processing, department analyst and liaison, and general administrative tasks. The Administrative Specialist is supported by the Administrative Assistant in performing department support services.
 - ***Administrative Assistant (1 FTE)*** – This City staff position assists the Public Works and Engineering staff, as well as the Maintenance Divisions with general administrative functions such as: answering phones, filing, records management, data entry, public inquiries, service requests and various administrative project tasks related to the general operation of the department.

- ***Principal Civil Engineer, (1 FTE)*** – This City staff position manages work on the processing of private development projects and operation of the City’s traffic signal system to ensure that the systems are working efficiently, while keeping up with new technologies related to the maintenance and operation of the traffic signal system. The Principal Civil Engineer will also manage the new Traffic System Operations Center which will be used for the operation of the Downtown Oakley traffic signal systems and serve as the City Traffic Engineer. The Principal Civil Engineer will also be leading the City’s NPDES stormwater permit program and working with the engineering and planning team to review and process park development projects. Other primary duties include the review and processing of private development projects and their related building permits and traffic control plans.
- ***Capital Projects Engineer, (1 FTE)*** - City staff position focuses on the design and construction of Capital Improvement Projects. The responsibilities of the position include management and administration, development, design, and construction of a wide range of Capital Improvement Projects. The Capital Projects Engineer also works collaboratively with State agencies in securing and processing various grants for Capital Improvement Projects for the City of Oakley.
- ***Public Works Inspector (1 FTE)*** - This City staff position provides inspection of work within the public right of way and all Capital Improvement Projects construction inspection services. The Public Works Inspector is also responsible for processing encroachment permits and for performing related construction inspections. Any additional inspection services will be provided by a contract Inspector as needed for private development projects.
- ***Engineering Technician (.80 FTE)*** - This City staff position provides a wide range of tasks related to the processing of private development projects, ranging from plan checking, permit issuance, and inspection services. The Engineering Technician will also perform.
- ***Street Maintenance Foreman (1 FTE)*** – This City staff position supervises the Street Maintenance Worker which is the crew for the street maintenance division who address the increasing maintenance needs of the City’s infrastructure. This maintenance team provides a wide range of maintenance services such as: pothole patching, storm drain cleaning and inspections, sign installation, pavement striping and marking, roadside brushing and spraying, and other maintenance services.

- ***Street Maintenance Worker (1 FTE)*** – This City staff position provides a wide range of maintenance services such as: pothole patching, storm drain cleaning and inspections, sign installation, pavement striping and marking, roadside brushing and spraying, and other maintenance services.
- ***Parks and Landscape Maintenance Division Manager (1 FTE)*** - This City staff position manages the maintenance efforts for all publicly maintained streets, parks, and facilities within the city. The position develops and manages the division budget, monitors all water and utility uses associated with the facilities, schedules, and manages the work of the park and landscape maintenance contractors, and coordinates facility uses and service needs with the Recreation Department.
- ***Park Ranger (1 FTE)*** – This City staff position will enforce the laws and regulations related to the City’s parks and facilities. The Park Ranger will work cooperatively with the Police Department to assist in all issues related to illicit activities that may take place in the City’s parks and facilities. This position will provide park information to visitors and present interpretive programs, as well as perform an assortment of maintenance duties as needed.
- ***Parks and Landscape Foreman (1 FTE)*** – This City staff position plans, schedules, and coordinates the in-house landscape maintenance staff, performs playground inspections, and assists with other parks and landscape operations. This is a working foreman position that reports to the Division Manager.
- ***Parks and Landscape Maintenance Worker (5 FTE)*** – These City staff positions perform various parks and landscape maintenance services for all City parks and landscaping zones to ensure the condition of these parks is maintained at the highest levels. One of the areas of focus will be the programming and operation of the irrigation systems that the City has deployed in its parks and landscaped zones to enhance the efficiency of the irrigation system.
- ***Custodian (2.0 FTE)*** – These City staff positions perform the custodian services for City Hall, the Police Department, Recreation Center, Public Works Operations Building, and Entrepreneur Building daily to ensure staff and customer service needs are accommodated efficiently.
- ***Facility Maintenance Worker (1.0 FTE)*** – This staff position performs the facility maintenance services to all City owned facilities that include City Hall and

Police Department, Recreation Center, Public Works Operations Building, Entrepreneur Center, 3070 Main Street, and 3080 Main Street buildings.

Program Objectives

The goals and objectives of the Public Works and Engineering Department for FY 2023-2024 are:

- Focus on pro-active maintenance of the City’s infrastructure and facilities to protect the infrastructure assets of the community using a combination of in-house staff and contract services. This will be a key component of the quality of life for the community residents.
- Expand the Traffic Operations Center which will operate and monitor traffic signal operations on major roadways in Oakley in coordination with the Police Department.
- Proactively, and in coordination with the Police Department, work with residents and neighborhood groups in resolving traffic and parking related issues and the implementation of traffic calming and parking programs.
- Actively and proficiently implement the planned Capital Improvement Program and ensure timely project delivery within approved budgets and timelines.
- Participate in regional engineering efforts such as Transplan, the City-County Engineering Advisory Committee, and the Contra Costa Clean Water Program to ensure that Oakley is recognized as a contributor and is represented in any funding programs.
- Actively pursue State and Federal grants to supplement funding for the City’s infrastructure improvement projects.
- Coordinate and collaborate with other City Departments to provide exemplary and proactive service to potential developers to enhance Oakley’s economic development opportunities.

FACILITIES MAINTENANCE

Program Costs and Revenues

All costs are part of the City Administration and come from the General Fund.

Program Description

The Facilities Maintenance function is responsible for the cleanliness and general maintenance of City buildings. This Division is under the supervision of the Public Works Director.

Staffing Summary

The Division consists of a full-time Facilities Maintenance Custodian and two Custodians.

Program Objectives

Keep assigned areas and City buildings in a clean, neat, and orderly condition; perform minor building maintenance work; and perform related work as required.

Program Changes

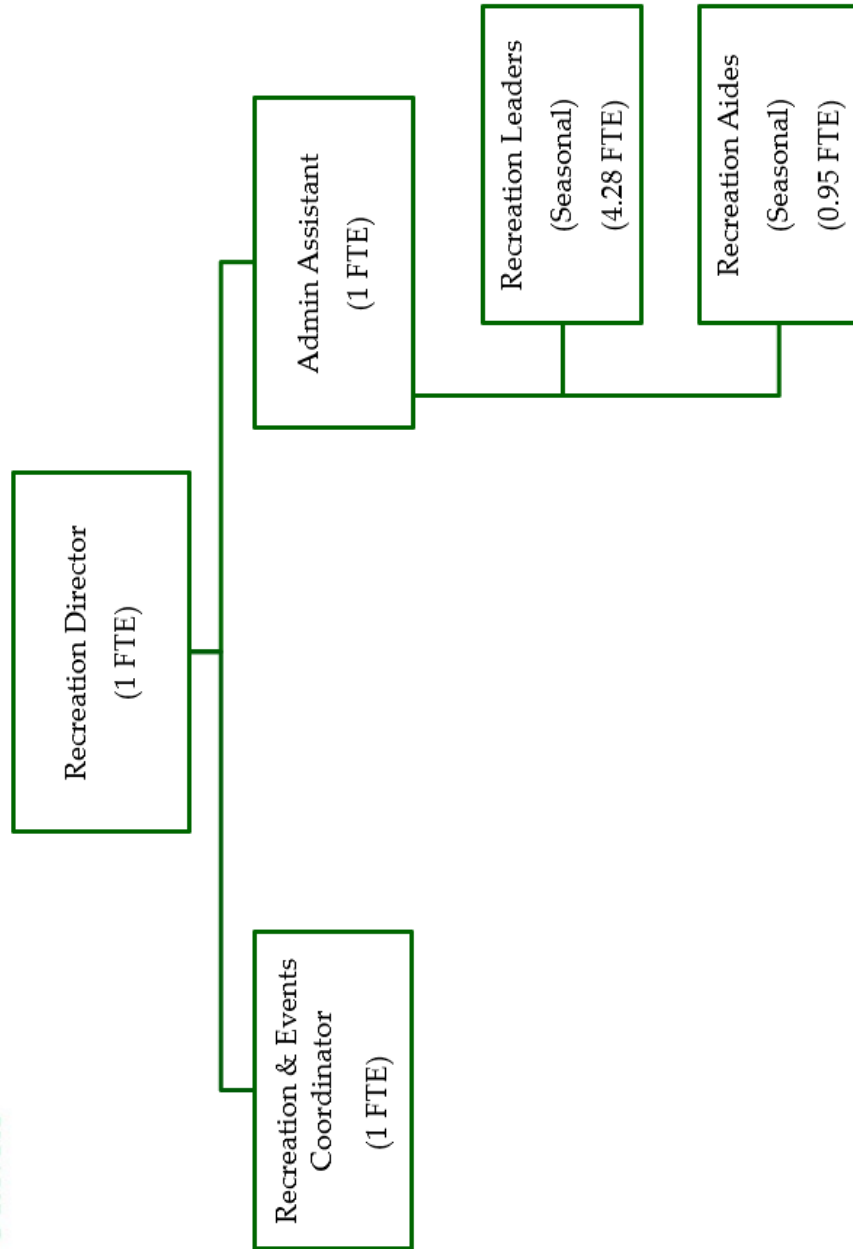

There are no proposed program changes for FY 2023-2024.

RECREATION

Program Costs and Revenues

Programs for the Fiscal Year 2023-2024 budget are funded in part by the following revenues:

Group picnic area rentals, Recreation Center rentals, sports field rental fees, class fees, program fees, grants, and sponsorships. The majority of costs will be paid for with general purpose revenues and one time allocations of ARPA Funding.

Program Description

Recreation focuses on creating community through people, parks and programs. The Recreation Department provides diverse and innovative programming, offering programs and activities to citizens of all ages throughout the year. The programs promote physical health and wellness, improve community image and community pride, and provides opportunities for children, and adults in Oakley. The Recreation Department works in partnership with community organizations, non-profit organizations and commercial businesses to ensure quality recreation services for Oakley residents.

Staffing Summary

The Recreation Department consists of one Recreation Director, one Recreation and Event Coordinator, a full time Administrative Assistant and several part time seasonal Recreation Leaders and Aides.

Recreation Director- The Recreation Director is responsible for day to day operations of the Recreation Department, including After Youth School Programs, Youth CORE, Youth Advisory Council, City website, Government Outreach, Utility Box Mural Project Recreation Guide and various other assignments.

Recreation and Event Coordinator- The full-time Recreation and Events Coordinator is responsible for the Kids and Tots Programs, sports field rentals and Special Events.

Administrative Assistant- This full-time Administrative Assistant is responsible for reception duties, contract classes, group picnic area rentals, facility rentals.

Recreation Leaders, Aides and Facility Attendants- The City hires temporary and seasonal Recreation Leaders and Aides to assist with After School Programs, Summer Camps, Facility Rentals, Special Events, and other assignments. Recreation Leaders and Aides total 5.23 FTE.

Program Objectives

The mission of The Recreation Department is to provide the residents of Oakley with quality programming meeting the following FY 2023-2024 objectives:

- **Special Events-** Special Events facilitated by the Recreation Department will continue our traditional annual special event programming include the Science Week Program, six Movies in the Plaza, Summer Fest, Kids Fishing Derby, Harvest Festival, Christmas Tree Lighting, Breakfast with Santa, Hometown Halloween Decorating Contest, Summer Concerts, Heart of Oakley, Hometown Holiday Decorating Contest, Art in the Park, Memorial Day, Veteran’s Day, and Juneteenth events as well as our Tiny Adventures mini special events for pre-school and school age children.
- **Youth Programs-** The objective of youth programs is to provide safe and fun activities for kids after school, during the summer as well as on their breaks from school including After School Programming, Summer Fun Day Camp, Junior Recreation Leader Program, Youth Committed to Ongoing Revitalization Efforts Program, Youth Employment Workshop, Oakley’s Got Talent, Youth Business Awards and more.
- **Recreation Classes-** The Recreation Department offers over 30 classes through the use of independent instructor contracts. Independent instructors also provide a number of seasonal camp programs designed to provide opportunities for kids and youth during school breaks.
- **Park and Facility Rentals-** The Recreation Department reserves sports fields, 4 group picnic areas and the Recreation Center.

Program Changes

The Recreation Department proposed budget incorporates changes made from last year’s budget. This includes the allocation of ARPA Funding to continue a free session of summer camp, and one free class for Oakley residents. Additionally, public art and expansion of event activities at Summer Fest, Heart of Oakley, and other special events.

SPECIAL REVENUE FUNDS

COMMUNITY FACILITIES DISTRICT #1

(CYPRESS GROVE)

In October 2005, the City formed CFD #1 (Cypress Grove) to account for drainage maintenance activities in this new development. This was the first such district formed in the City and serves as a model for future developments. These activities are funded entirely by assessments to property owners.

AMERICAN RESCUE PLAN ACT (ARPA)

The American Rescue Plan Act of 2021 (ARPA) is a \$1.9 trillion Coronavirus rescue package designed to facilitate the United States' recovery from the devastating economic and health effects of the COVID-19 pandemic. The nearly \$2 trillion price tag makes this economic rescue legislation one of the most expensive in U.S. history. The City of Oakley received \$10,177,190 of ARPA funding. As a result of legislation referred to as the Final Rule, the City of Oakley was allowed to claim \$10 million of those funds as an economic loss and that \$10 million can be used to provide government services. The remaining \$177,190 was claimed by the City as a partial-reimbursement for special COVID-19 sick leave that the City's General Fund paid out to employees during the Pandemic.

In Fiscal Year 2021-2022, the Oakley City Council approved just over \$5 million of ARPA program expenditures, with \$50,000 for a broadband feasibility study and fiber master plan, \$150,000 for a fire hydrant replacement program, \$180,000 for a non-profit grant program, \$34,000 for Oakley Summer Camp sponsorship, \$50,000 for ARPA consultant services, \$1 million for certain economic development programs related to local businesses, \$250,000 for COVID-19 sick leave and other staff support, and \$3.3 million for technology upgrades. Included in the Fiscal Year 2022-2023 proposed expenditures were \$400,000 for the design and construction of a drainage channel trash capture device, \$300,000 for an emergency generator at the Recreation Center and \$400,000 for a Bethel Island Road project. To date, just over \$1 million of the \$10.18 million of ARPA funds have been expended, with \$566,120 expended in Fiscal Year 2021-2022 and \$445,532 in Fiscal Year 2022-2023. The Fiscal Year 2023-2024 Budget requests include an increase of \$100,000 for the Emergency Generator project at the Recreation Center, \$50,000 to complete the City Hall Rooftop Solar Power project, and \$378,503 to help complete the East Cypress Road Widening project from Jersey Island Road to Bethel Island Road. The balance of the nearly \$4.1 million is for previously approved budgets that have not been expended or encumbered. Much of the estimated 2022-2023 expenditures are tied to projects, such as the ERP Conversion project, that will take multiple years to complete. Appropriations for such projects will be carried forward and added to the Proposed 2023-2024 figures. However, total expenditures of ARPA funds by the City of Oakley will not exceed the \$10.18 million that has been awarded to the City of Oakley and must be expended by December of 2026. Please see the Capital Budget, attached, for further project detail.

DOWNTOWN REVITALIZATION FUND

The City has developed an economic development revolving loan program. This fund was created so that the funding of the program, and ultimately the accounting for its activities can be tracked and reported on separately. Uses for loans will be made as approved by the City Council, pursuant to the program parameters.

In Fiscal Year 2015/16, the City received the transfer from the Oakley Redevelopment Successor Agency, the properties designated for “government use” and for “future development”. In order to track the rents and services related to these properties they are included in this fund and the name of the fund was changed from Economic Development Revolving Loan Program to Downtown Revitalization Fund to more accurately describe the activities tracked in this fund.

SPORTS FIELD MAINTENANCE

The Sports Field Maintenance Fund is a special fund established first in Fiscal Year 2014-2015. Recognizing that organized sports field usage results in the need for more intensive upkeep and maintenance, the Fund is used to account separately for the collection of fees from the ball field rentals (revenue) and expenditure of funds for an on-going maintenance program of the facilities. The funds are used for annual field renovation costs, equipment repair and replacement, supplies, and to employ a part-time sports field maintenance position.

LIGHTING AND LANDSCAPING DISTRICT

The City has a Lighting and Landscaping District with 3 zones:

Zone 1 – Fund 132 Community Parks

This zone is citywide and is used to maintain the City’s larger parks (3 acres or larger). It is funded primarily by assessments.

Zone 2 – Fund 133 Street Lighting

This zone provides street lighting for the entire City. It is funded primarily by assessments but does not generate sufficient revenues to be self-supporting. The Gas Tax Fund has been and is expected to continue to subsidize its operations. For fiscal year 2023-2024, the subsidy is estimated to be \$190,000.

Zone 3 – Funds 170-195 Neighborhood Parks (made up of 26 sub-zones)

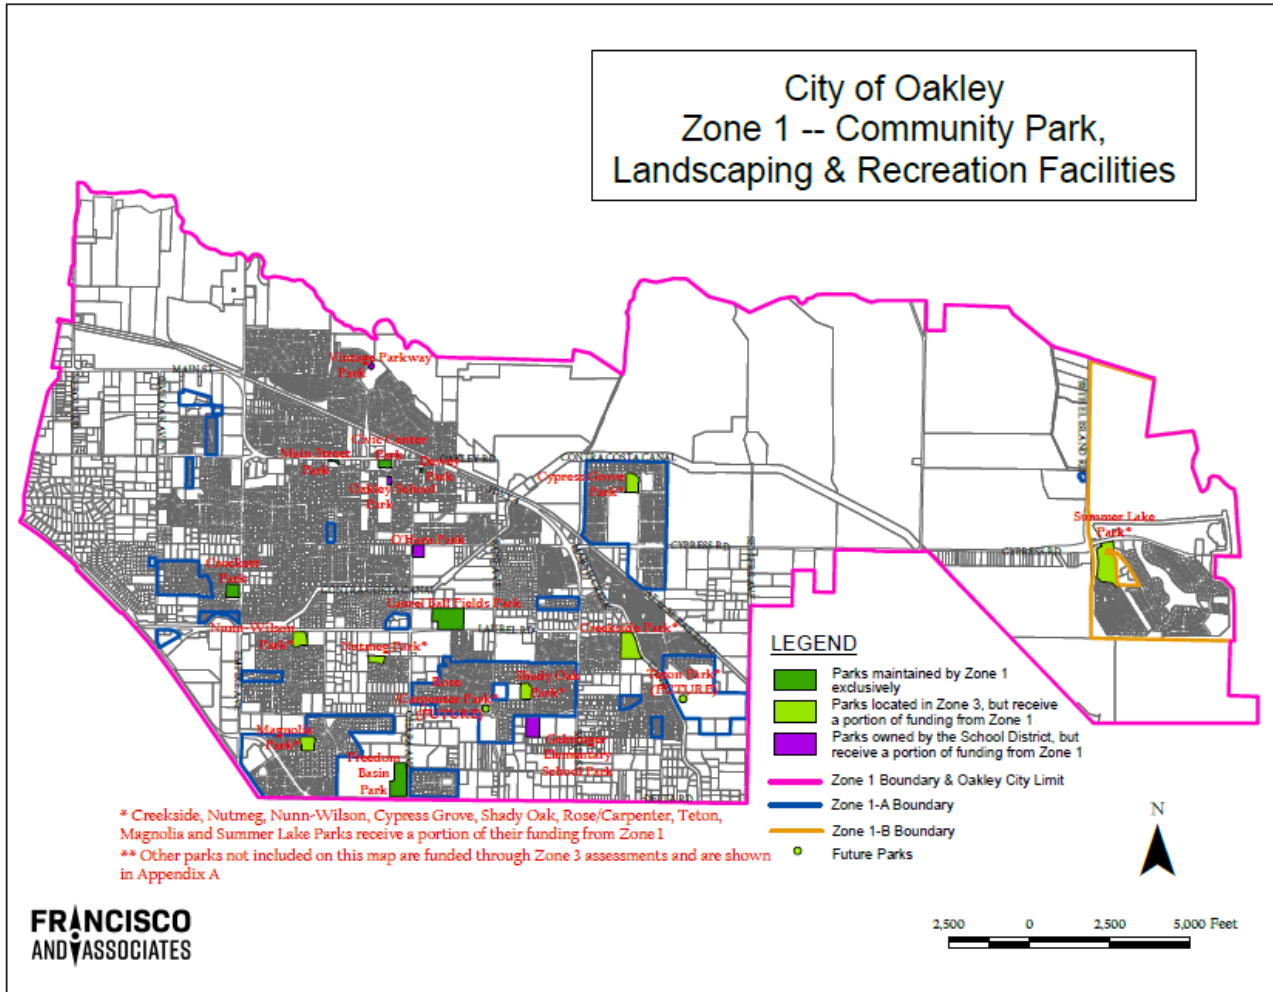

This zone maintains the City’s smaller neighborhood parks. Each sub-zone generally represents a park or neighborhood with several parks and/or roadway landscaping. Each sub-zone is funded by assessments.

Several Park Zones do not have sufficient revenues to fully fund their Capital Asset Lifecycle Replacement Reserves. The Capital Asset Lifecycle Replacement Program establishes reserves necessary to ensure funds for asset replacements and remediation projects are available when needed. These reserves are used primarily to pay for longer-term replacement or remediation activities, periodic tree pruning (performed on a 7 year cycle), and streetscape replacements (on a 20 year cycle); although they may be used for the replacement, improvement or remediation of any asset or amenity in the Zone or sub-Zone.

19 of the City’s 26 zones were formed by the County prior to incorporation, and most of them do not have sufficient annual revenues to both operate and fund an appropriate contribution to their replacement reserves. While no existing critical need is going un-addressed at present, Staff continues to work to find ways to ensure these long-term future needs are met.

Below are a series of tables showing the revenues and expenditures for each fund. The City’s policies require the budgets consider lifecycle replacement reserves be considered as a part of the budget development process. As a result, some funds show revenues in

excess of expenditures – in which case the surplus will become contributions to the reserve; and some funds show expenditures in excess of revenues– reflecting the need to use reserves for replacements and remediation activities during the year.

COMMUNITY FACILITIES DISTRICT #2015-1 (EMERSON RANCH)

The City of Oakley formed Community Facilities District No. 2015-1 (Emerson Ranch Maintenance) (“CFD”) on January 13, 2015. The City of Oakley has a separate fund to account for the CFD revenues and expenditures. Each year the City levies a special tax on parcels within the CFD to augment their financial impact to the City’s services budget for regional, community and neighborhood parks, street lighting, neighborhood landscaping and stormwater services. In FY 2020/2021, these district were split into individual funds to better track revenues and expenditures.

COMMUNITY FACILITIES DISTRICT #2018-1

The City of Oakley formed Community Facilities District No. 2018-1 (Fire Protection) (“CFD”) in September of 2018. The City of Oakley has a separate fund to account for the CFD revenues and expenditures. Each year the City levies a special tax on parcels within the CFD to augment financial impacts. All revenues received, excluding administrative costs, are paid to the fire district to offset fire protection expenses.

COMMUNITY FACILITIES DISTRICT #2020-1

The City of Oakley formed Community Facilities District No. 2020-1 (Parks, Street Light, Landscape and Stormwater Services) (“CFD”) in April of 2020. The City of Oakley has a separate fund to account for the CFD revenues and expenditures. Each year the City levies a special tax on parcels within the CFD to augment their financial impact to the City’s services budget for regional, community and neighborhood parks, street lighting, neighborhood landscaping and stormwater services.

ROAD MAINTENANCE FUNDS

The City has four Special Revenue funds used mostly for Road Maintenance: the Gas Tax Fund, the Road Maintenance & Rehab Fund (SB1), the Measure J Fund, and the Streets Maintenance & Rehab Fund.

GAS TAX FUND

The Gas Tax Fund is used to account for the City’s share of local gas tax revenues and congestion management funds received from the State. These revenues are for the research, planning, construction, improvement, maintenance, and operation of public streets and highways (and their related public facilities for non-motorized traffic), including the mitigation of their environmental effects, the payment for property taken or damaged for such purposes, and the administrative costs necessarily incurred in the foregoing purposes. The City uses them for local roadway maintenance, roadway projects, and to subsidize the Street Lighting Fund.

FUND 140 – GAS TAX

*This account moved to fund 141 in FY 2021

ROAD MAINTENANCE & REHAB FUND

The Road Maintenance & Rehab Fund is used to account for the City’s share of SB1 revenues received from the State. These revenues are an ongoing revenue source for the purpose of addressing deferred maintenance on the local streets and roads. The City uses them for local roadway maintenance and rehabilitation projects. Prior to FY 2021 these revenues and expenditures were part of the Gas Tax Fund (140).

FUND 141 – ROAD MAINTENANCE & REHAB					
USE OF FUNDS	2019-2020 Actual	2020-2021 Actual	2021-2022 Actual	2022-2023 Estimated	2023-2024 Proposed

Total Expenditures	\$0	\$83,937	\$1,037,164	\$2,271,403	\$958,550

MEASURE J

The Measure J Fund is used to account for the City’s share of the voter-approved 1/2% sales tax for transportation projects. Measure J was passed by the voters as a successor tax to Measure C. Both are restricted to the same uses as Gas Tax revenues but can also be applied to transit improvement and operations, growth management planning and compliance, pedestrian and bicycle trail construction/maintenance/operations, parking facility development, and transportation efficiency program development and operations (ridesharing, etc.). The City uses its Measure J tax revenues for local roadway maintenance and roadway projects.

FUND 148 – MEASURE J

STREETS MAINTENANCE & REHAB FUND

The Streets Maintenance Reserve Fund was first established in Fiscal Year 2013-2014 and received its first funding in Fiscal Year 2014-2015. Contributions to this Fund are largely expected to be transfers in from the General Fund. Street maintenance follows the long-term lifecycle of the streets themselves, and as a result, long-term costs are best contained by ensuring maintenance is performed routinely. The Streets Maintenance Reserve Fund was formed to provide: 1) a place to set aside funds so that maintenance activities remain available in both good times and bad, 2) a place to save up funds for more significant future maintenance projects, and 3) to be a reserve for funding unexpected projects or higher than planned project costs on critical maintenance projects. Beginning in Fiscal Year 2021-2022, the Fund is being renamed as the Streets Maintenance and Rehab Fund, as the emphasis will be on expending the necessary dollars to maintain and rehabilitate City streets as much as possible every year, rather than attempting to set aside funds for future projects. It has been estimated that it would take roughly \$7 million per year to keep the streets in desirable condition. Since we don't currently have sufficient funding for such street maintenance costs, the City has made the commitment to contribute at least \$2 million per year, with annual increases of 4%, to maintain its streets on a prioritized basis. As part of the City's plan to improve its streets in Fiscal Year 2023-2024, the City has elected to utilize \$2.2 M for the construction of the East Cypress Widening project (CIP 310), \$1M for the Completion of FY 2022-23 Streets Repair & Resurfacing Project (CIP 279), \$50K for the FY2023-24 ADA Implementation (CIP 304) and \$30K for the pedestrian Crossing Lighting System on O'Hara Avenue at Trail Crossing Project (CIP 294) from existing fund balances. The \$2,080,000 transfer from the General Fund for Fiscal Year 2023-2024 will go to the General Capital Projects Fund (Fund 201) for the East Cypress Widening project (CIP 310).

FUND 235 – STREET MAINTENANCE & REHAB

POLICE SERVICE FUNDS

The City has two police service funds: The P-6 Fund and the Supplemental Law Enforcement Services Fund (SLESF). The P-6 Fund is where the City accounts for the City's police services special tax, all of which are budgeted to augment general fund resources in funding the Police Department budget. The SLESF is where the City accounts for Supplemental Law Enforcement Grants from the State. In FY 2020-2021 the City was awarded an Office of Traffic Safety police grant. This was a one-time grant and not anticipated each year.

DEVELOPER DEPOSITS FUND

The City has a separate fund to account for developer deposits and related development application processing costs. The revenues are earned only as work is performed and costs incurred. All deposits that are unused in the application review process are returned to the applicant when the review is completed.

FUND 301 – DEVELOPER DEPOSITS

SUCCESSOR HOUSING ASSETS

Successor Housing Assets

The City is the Successor Housing Agency to the now dissolved Oakley Redevelopment Agency and the City Successor Housing Assets Fund is used to account for all related City Housing activity.

Program Costs and Revenues

Funding is provided by the repayment of housing loans. Most housing loans are repayable from affordable housing developers when the project's rents meet certain hard thresholds and produce what are called "residual receipts" (amounts more than the thresholds). The City has one project which currently is forwarding residual receipts payments in accordance with its loan. A portion of the receipts are retained in the Successor Housing Assets Fund, and a portion is deposited in the Successor Agency to the Oakley Redevelopment Agency's Operating Fund, each receiving a share in proportion to their contribution to the original amount loaned. Program costs are currently limited to staff and internal administrative support costs for the program. Proceeds in any year that are not utilized for program costs are used to pay prior Redevelopment Agency obligations for Impact Fees on affordable housing projects.

Program Description

The Planning Division provides housing program oversight to ensure developer compliance with the terms of any agreements with the City or the dissolved Oakley Redevelopment Agency.

Staffing Summary

The work is performed by the Community and Economic Development Director and his time is charged to the program on an hourly basis.

Program Objectives

The primary operating objectives for the program in the fiscal year is to ensure Developers continue to comply with their obligations. There are no significant changes to the Department's objectives. To the extent costs are less than funds available, the balance will be used towards paying down a portion of the \$1.3 million in deferred impact fee obligations from prior affordable housing projects that remain outstanding.

Program Changes

There are no increases in regular staffing levels or significant one-time costs proposed.

FUND 767 – SUCCESSOR HOUSING ASSETS

Note: The Successor Housing Assets Fund was established in February 2012 as a result of the Dissolution Act that dissolved redevelopment agencies throughout California.

DEBT SERVICE FUNDS

Program Costs and Revenues

Debt Service Funds are where we account for the principal, interest, and administrative costs associated with the City's debt.

Program Description

The City currently has one debt outstanding:

- The 2016 Lease Revenue Bond was issued by the City's financing Authority to refund the 2006 Certificates of Participation and issue new debt of \$4,000,000 to pay for the first phase of the City of Oakley Recreation Center. It's being repaid with Public Facilities Impact Fees.

Staffing Summary

No staffing is permanently allocated to debt management; however, the Finance Department ensures the City complies with financial reporting requirements and interfaces with contracted administrators, trustees, bond counsel, rating agencies, and others in meeting the Agency's bond covenants. The City hires NBS Financial as its dissemination agent, and U.S. Bank as trustee and Fiscal Agent.

Program Objectives

The primary operating objectives for the City remain unchanged for the fiscal year 2021-2022: to make the debt service payments, to oversee the services provided by the contractors, and to ensure the preparation of all required public reporting.

Program Changes

No program changes for Fiscal Year 2023-2024.

CAPITAL BUDGET AND 5-YEAR CAPITAL IMPROVEMENT PROGRAM (CIP)

The Capital Budget and 5-Year Capital Improvement Program (CIP) is a major public infrastructure and planning tool for the City of Oakley. The CIP serves as a statement of the City's policies and financial abilities to manage the development of the community. The creation of a five-year CIP provides a systematic plan for providing infrastructure improvements within a prioritized framework and a general schedule for projects to proceed. Projects identified in the CIP meet the City's General Plan. The first year reflects the adopted budget for the upcoming fiscal year (FY) and includes revenue and expenditure detail by project, whereas the Operating Budget only includes total revenues and expenditures by fund. The remaining four years represent a schedule and estimate of future capital needs that may be funded, given projected revenues and priorities.

There are several benefits for developing and adopting a Capital Improvement Program. Not only does the CIP become a management tool for the City Council and City staff; a CIP also provides valuable information to the citizens, developers, and businesses who are interested in the development of the community. The CIP document will assist in leveraging available resources through the timing of projects, and the coordination of City projects with improvements constructed by other entities.

Despite the many benefits of a CIP, it is important to highlight the fact that this is a planning document. Changes can occur for many reasons. Revenues can fluctuate as a result of changing economic conditions or shifts in City policy. Private economic decisions can also affect the timing, scale, and location of capital projects. The City of Oakley's CIP reflects the Strategic Goals of the City Council and is a critical investment tool for the community to help promote the economic vitality and viability for the City of Oakley.

The focus of the proposed CIP for Fiscal Year 2023-2024 through Fiscal Year 2027-2028 is to maintain the core infrastructure of the City of Oakley utilizing the most cost effective and creative approach. The CIP continues to prioritize and build new infrastructure for the community, which will enhance the quality of life for residents. In preparation of the CIP for Fiscal Year 2023-2024, a comprehensive review of prospective projects was performed.

The CIP for Fiscal Year 2023-2024 is divided into specific projects to address unique needs for each component of the City's infrastructure system (i.e. Streets, Parks & Facilities). This approach provides funding for the infrastructure maintenance, construction of new improvements, and the long-range goals for protecting the quality of the public infrastructure system in the City of Oakley. The funding for CIP projects are generally from the following sources: Measure J Sales Tax, Gas Tax, Development Traffic Impact Fees, Development Park Impact Fees, Federal & State Grants, Assessment District Funds, and the City's General Fund. The revenues from Development Traffic Impact Fees and Development Park Impact Fees are dependent upon the private development activity and regional economic growth. The CIP for Fiscal Year 2023-2024 conservatively budgets a portion of these funding sources to account for unforeseen downturns in the regional economic and development activity.

There is a direct relationship between CIP project construction, economic development, and the vitality of the community. New residents want to come and live in a community that is vibrant and provides a wide range of amenities (i.e. new Recreation Center, Library, etc.). Commercial developers also look to build in communities that thrive and provide amenities for today's lifestyle. The construction of CIP projects helps to enhance amenities and the quality of life for the community residents, which in turn makes Oakley a desired community for private development. The increase in the level of private development activity will provide opportunities for the City to undertake projects with various infrastructure improvements to complement the private development projects.

The summary on the following page shows total capital project expenditures by fund. For further details, please refer to the Fiscal Year 2023-2024 Capital Budget and 5-Year Capital Improvement Plan (CIP), attached to this Operating Budget document, beginning on page CIP-1.

Capital Projects Expenditure Summary by Funding Source

Fund #	Fund Name	Expenditures				
		FY 2019/2020	FY 2020/2021	FY 2021/2022	Estimated FY 2022/2023	Proposed FY 2023/2024
110	Cypress Grove CFD NO. 1	\$0	\$0	\$213,182	\$1,338,143	\$199,000
120	ARPA	0	0	0	1,100,000	528,503

204	Park Impact Fee	52,086	472,852	69,439	7,631,009	1,100,000
206	Public Facilities Impact Fee	0	0	0	689,500	0
221	2012 Bond Benefit	0	109,581	55,090	62,377	0
231	Main Street Fund	85,261	70,752	1,408,699	1,257,049	0
232	Regional Park Fund	413,743	38,685	46,500	25,339	0
235	Street Maintenance & Rehab	0	269,378	2,558,152	2,100,000	3,280,000
351	2016 Debt Service	0	0	0	35,000	0
407	Emerson Ranch Storm Water (CFD 2015-1)	0	0	0	20,000	0
502	Facilities Fund	0	0	245,436	657,479	200,000
Total		\$1,894,933	\$7,137,515	\$7,455,479	\$40,263,880	\$16,290,939
Remaining Available Fund Balances		\$24,090,148	\$36,234,542	\$40,616,278	\$26,100,340	\$29,185,427

As can be seen above, total proposed capital project expenditures for Fiscal Year 2023-2024 amount to nearly \$16.3 million, leaving total estimated Available Fund Balances of nearly \$29.2 million between all of these capital project funds. Total estimated capital project expenditures from Fiscal Year 2022-2023 of nearly \$40.3 million reflect an exceptional year of investment into the City's infrastructure. However, projects often take more than one year to complete, and the budgets for those uncompleted projects will be carried forward into subsequent fiscal years.

This page intentionally left blank

INTERNAL SERVICE FUNDS

Program Costs and Revenues

The City's Internal Service Funds are used to establish reserves for equipment replacement, vehicle maintenance and replacement, and for capital facilities maintenance and replacement. The Fleet Internal Service Fund (Fund 501) charges departments for their share of the costs related to the maintenance and replacement of their respective vehicles. The Capital Facilities Maintenance and Replacement Fund (Fund 502) and the Technology Internal Service Fund (Fund 503) depend on transfers from the General Fund to maintain and replace facilities and equipment as needed. No transfer into Fund 502 is proposed for Fiscal Year 2023-2024 because sufficient funds are available to cover the proposed expenditures in that fund. The funds transferred from the General Fund or charged directly to the departments come partially from taxes and partially from fees and other revenues.

Program Description

The City charges all of its departments for a share of the costs that are determined necessary each year, according to City policies, to keep the reserves for equipment, vehicle maintenance and replacement and capital facilities maintenance and replacement appropriately funded; and the proceeds are transferred to these Internal Service Funds. Asset replacement and significant facilities maintenance costs are then paid for by these funds.

Staffing Summary

Staff time related to asset replacement activities and accounting for these funds is charged to the funds.

Program Objectives

The Fleet Internal Service Fund budget includes expenditures to replace and outfit: four Police patrol vehicles, one Police administrative vehicle and one traffic motorcycle. The Capital Facilities Maintenance and Replacement Fund budget includes expenditures for remodeling of the Public Works Operations Building (PWOB). The Technology Internal Service Fund budget includes expenditures to replace or update certain equipment and warranties.

Program Changes

The Fleet Internal Services Fund will increase the Fleet Police Services Assistant position from part-time to full-time in Fiscal Year 2023-2024, to help meet the increasing needs of the Fleet program. No program changes are proposed for the Capital Facilities or Technology Internal Service Funds.

FUND 501 FLEET INTERNAL SERVICE FUND

Revenues

Transfers in	\$682,176 *
Salvage Values	15,000
Interest	0
Total Revenues	\$697,176

Expenditures

Vehicles	299,800
Vehicle Equipment	202,700

Interfund Charges	1,250
Total Expenditures	\$722,250

PLANNED REPLACEMENTS FOR 2023-2024			
Description	Quantity	Estimated Cost/Unit*	Total Estimated Cost
Patrol Vehicle - Chevy Tahoe Pursuit Vehicle	4	\$102,875	\$411,500
Administrative/Detective Vehicle	1	\$45,000	\$45,000
Traffic Motorcycle	1	\$46,000	\$46,000
Totals			\$502,500

Since Fiscal Year 2021-2022, the Fleet Internal Service Fund handles all Fleet activities and charges the various departments for their share of the costs related to vehicle maintenance, vehicle replacements and vehicle leases. Prior to Fiscal Year 2021-2022, the General Fund would make occasional contributions into Fund 501 for the purchase of replacement vehicles. Under the new accounting methods for this Fund, each department is charged to have its vehicles maintained and replaced after a specified amount of time. In Fiscal Year 2020-2021, the City started leasing certain vehicles, which were to be sold off and replaced with other leased vehicles at the end of their one-year lease. However, at the end of the one-year leases, no vehicles were available to replace the vehicles that the City had been leasing. So, the City opted to purchase those vehicles and discontinue the leasing program until the automotive industry has stabilized.

FUND 502 CAPITAL FACILITIES MAINTENANCE & REPLACEMENT FUND

Revenues

Transfers in	\$0
Total Revenues	\$0

Expenditures

Capital Improvement	\$200,000
Repairs & Maintenance	0
Interfund Charges	710
Total Expenditures	\$200,710

PLANNED CAPITAL IMPROVEMENTS FOR 2023-2024		
Description	Project Number	Total Estimated Cost
PW Operations Building Remodeling	303	\$200,000
Totals		\$200,000

The available fund balance in Fund 502 is projected to be \$232,354 as of July 1, 2023. Staff do not believe that amount is sufficient to meet the policy target of enough to pay for 5 years' estimated costs. However, the balance is sufficient to cover the cost of the Public Works Operations Building Remodel project. The City plans to set up a Facilities Internal Service Fund in Fiscal Year 2025-2026 for the purpose of maintaining City facilities and setting aside sufficient funds for future major capital improvements. The process will take place as part of the final phase of the conversion to the new Tyler Enterprise ERP system, which phase is scheduled to begin in June of 2025.

AGENCY FUNDS

Program Costs and Revenues

The Agency Funds included below contain the principal, interest, and administrative costs associated with debt issued by City Assessment Districts. All of these costs are supported by special assessments. No General Fund support is required or anticipated, and they are not backed by the full faith and credit of the City. They are secured only by the assessments.

Program Description

The City currently has two Assessment District debts outstanding:

- The 2004-1 Assessment District Bond. It was issued to acquire infrastructure assets in the Cypress Grove and Live Oak Ranch areas and is being repaid from special assessments levied on property owners in the two developments.
- The 2006-1 Assessment District Bond. It was issued to acquire infrastructure assets in the Magnolia Park and Riata areas and is being repaid from special assessments levied on property owners in the two developments.

Staffing Summary

No staffing is permanently allocated to managing these funds; however, the Finance Department ensures the City complies with financial reporting requirements and interfaces with contracted administrators, trustees, bond counsel, rating agencies, and others in meeting the Agency's bond covenants. The City hires NBS Financial to administer its assessments and Wells Fargo as trustee and Fiscal Agent.

Program Objective

The primary operating objectives for the City remain unchanged for fiscal year 2023-2024: to ensure the assessment and collection of the assessments, to make the debt service payments, oversee the services provided by the contractors, and ensure the preparation of all required public reporting.

Program Changes

No program changes.

10 YEAR PLAN

The 10 Year Plan is the City's tool for evaluating our success in ensuring service sustainability. It is organized by revenue type and function; and includes an indication of the general character of the revenues and expenditures shown as either recurring or one-time in nature.

For purposes of the 10 Year Plan, if a revenue class is likely to be recurring for a period of 5 years or more, we treat it as recurring. This includes certain development-related fees that can be, as current times prove, less predictable. For instance, building permit revenue will always exist, but it is more sensitive to economic changes than property taxes. In accordance with the City's Financial Policies, the Plan is based on what we believe are reasonable, conservative assumptions.

As always, since the Plan includes both general purpose and special purpose (assigned) revenues, it's important to reiterate that while the City may fund eligible programs with both restricted and unrestricted funds, its policy is to apply restricted funds to such programs first, followed by general purpose revenues if necessary. Reviewing this is important in order to establish in general the reason the rollover balances (excluding reserves) for assigned revenues are smaller in the Plan.

Overall, the Plan is intended to help us see where we are succeeding in achieving service sustainability and where we must improve, and it should be reviewed with this goal in mind. In particular, loans, transfers, and subsidies are shown separately and should be examined to determine and consider why they are necessary or desirable, if they should continue over the long-term, or whether these funds are better allocated to higher priorities.

Staff's Conclusions and Recommendations

The Plan included on the following pages confirms that from a service sustainability perspective, the Preliminary Budget is structurally balanced, and it provides a look forward at how, with discipline, it can remain that way.

Certainly, the City's near-term position is improved when compared to recent years, and although there is still a backlog of restoration to accomplish, the near-term Plan for Fiscal Year 2023-2024 helps in moving that restoration forward.

The transition to a mostly in-house Police Department was completed in Fiscal Year 2015-16, and as a result, during the 10 Year Period, a more aggressive approach to keeping police staffing on pace with new development is possible, as well as continuing the gradual restoration of other services that had been reduced during the COVID-19 Pandemic.

The General Fund reserve balance remains healthy, and in compliance with the City's new policy of at least 30% of expenditures. The Plan shows its balance remaining stable over the 10-year period. However, the Plan includes certain assumptions that are likely to change over time, and further adjustments may be needed to remain in compliance with the City's policy.

Lastly it is useful to remind ourselves, especially in improving times, that developing a "Plan" that remains in balance can be more easily resolved in the math, while the work to ensure the organization remains positioned to actually stay in balance requires both vigilance and discipline.

GENERAL FUND SOURCES AND USES OF FUNDS 10 YEAR PLAN

The City of Oakley Fiscal Year 2023-2024 Operating Budget has been prepared to ensure that recurring revenues remain in excess of recurring expenditures. The chart above and the table on the following page show that total General Fund Revenues are projected to exceed expenditures and leave an available fund balance, which represents undesignated fund balances in excess of the 30% General Fund Reserve Policy. In Fiscal Year 2022-2023, it is estimated that total expenditures will exceed revenues by \$6.1 million. However, \$7.2 million of expenditures are coming from General Fund Capital Reserves that were designated for that purpose in past years, rather than from current year revenues. Therefore, that \$7.2 million of expenditures is not reflected in the chart above as impacting the Available Fund Balance, which is also referred to as the Undesignated Fund Balance. Total General Fund revenues in Fiscal Year 2023-2024 are projected to exceed total General Fund expenditures by \$190,000.

10 YEAR PROJECTION SUMMARY

	FY 22-23 Projected	FY 23-24 Projected	FY 24-25 Projected	FY 25-26 Projected	FY 26-27 Projected

The 10-year projections on the previous 6 pages include the following assumption:

- Most General Fund revenues are projected to increase by 4.5%, year after year.
- Building revenue projections are also based on estimated numbers of homes to be built, with 125 homes projected for Fiscal Year 2023-2024, 150 homes projected for Fiscal Years 2024-2025, 200 homes projected for Fiscal Year 2025-2026, and 250 homes projected for Fiscal Years 2026-2027 through 2031-2032.
- General Fund personnel cost projections are based on the step system and include salary and benefit adjustments that were approved for Fiscal Year 2022-2023, after a compensation study was completed and an MOU (memorandum of understanding) was approved with the Oakley Police Officers Association.
- General Fund other operating expenditures are generally projected to increase by 4% annually.
- Two additional police officers are programmed into the budget every two years, including two new officers being added in Fiscal Year 2024-2025 and two more officer to be hired in Fiscal Years 2026-2027, 2028-2029, etc. However, per City Council direction, one of the two officers that would have been hired in Fiscal Year 2024-2025 will be hired to start working for the City of Oakley in January of 2024.
- General Fund transfers for street maintenance and improvements will be at least \$2 million beginning in Fiscal Year 2022-2023 and are projected to increase by 4% each year, thereafter. In Fiscal Year 2023-2024, the \$2,080,000 transfer will be utilized on the East Cypress Widening project (CIP 310).
- Also included in the General Fund transfers is \$190,000 for Information Technology purposes, which are also projected to increase by 4% each year, beginning in Fiscal Year 2024-2025.
- In Fiscal Year 2022-2023, \$7.2 million was transferred from Reserves to be used on capital projects. At this time, no such transfers from Capital Reserves are included in the 10-Year Plan for the future.

APPROPRIATIONS LIMIT

Under California Law, the City of Oakley annually calculates its “Appropriation Limit”, which is the level of expenditures that can be funded using tax dollars. This calculation has its origin in Proposition 4, commonly known as the Gann Initiative; thus, this calculation is sometimes referred to as the Gann Limit.

Proposition 4 was passed by California voters in November 1979 and places limits on the amount of tax revenue which can be spent by governmental entities on an annual basis. Prop 4 became effective in fiscal year 1980-81 and used fiscal year 1978-79 revenues as the base for the calculation. The calculations were further refined by the passage of Proposition 111 in June of 1990. The base year revenues are increased annually by a factor that combines the governmental entity’s population growth rate and the increase in the California per capita personal income. Cities may choose to use their population growth rate or their county’s population growth rate. For fiscal year 2023-2024, the City elected to use the City’s growth rate and has calculated the appropriation limit to be \$15,761,694.

The following types of revenues received by the City of Oakley have been deemed to be from tax proceeds and therefore included in the appropriation limit calculation:

Property Tax	Sales & Use Tax	Motor Vehicle In-Lieu
Business License Tax		Transient Occupancy Tax

The following types of revenues received by the City of Oakley have been deemed not to be from tax proceeds as they fall within the exclusions of the appropriations limits:

Gasoline Tax	Impact Fees	Charges for Services
Local Transportation Funds		SB 90 Mandate Reimbursement

Due to the pass-through nature of many city revenues, there was concern that revenues would be included in both the City’s and the State’s calculation. California Government Code Section 7903 requires that if State funds are provided to cities with no restrictions on their expenditures, the city includes these funds in their calculation. If the State specifies use of the funds, they are included in the State’s calculation.

**CITY OF OAKLEY
 APPROPRIATIONS LIMIT CALCULATION
 FOR FISCAL YEAR 2023-2024**

<i>Beginning Limit (FY 2022-2023):</i>	<u>\$14,843,735</u>
City Population in January 2022	44,257
City Population in January 2023	44,995
Percentage Increase in Population - City of Oakley	1.67%
Percentage Increase - Contra Costa County	-0.36%
California Per Capita Personal Income	4.44%
Factor to be applied to prior year (1+ Population Factor) x (1 + Per Capita Factor)	1.06184148

RESOLUTION No. 67-23

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF OAKLEY TO ADOPT THE FY 2023-2024 PROPOSED BUDGET, STATEMENT OF FINANCIAL POLICIES AND APPROPRIATIONS LIMIT

WHEREAS, it is City policy to have the City Council to adopt a budget and appropriations limit prior to the beginning of its new fiscal year, which is July 1, 2023; and

WHEREAS, the City desires to annually review and adopt a 5-Year Capital Improvement Plan and comprehensive Statement of Financial Policies; and

WHEREAS, the City Manager and Staff have developed and the City Manager has presented Preliminary Operating and Capital Budgets, Statement of Financial Policies, Appropriations Limit, and 5-Year Capital Improvement Plan; and

WHEREAS, that the City Council did on May 9, 2023 hold a workshop to discuss these Preliminary documents and provide additional direction to the City Manager for the preparation of a final set of documents; and

WHEREAS, the City Manager has this day presented to the City Council for consideration of adoption a Proposed Budget document, including the updated Statement of Financial Policies, Recommended Operating and Capital Budgets, Fiscal Year 2023-2024 Appropriations Limit Calculation, and a separate Recommended 5-Year Capital Improvement Plan for Fiscal Years 2023-2024 through 2027-2028; and

WHEREAS, the Appropriations Limit for the City of Oakley for Fiscal Year 2023-2024 shall be \$15,761,694 as included in the Proposed Budget document; and

WHEREAS, the inflation factor being utilized to calculate the Fiscal Year 2023-2024 appropriations limit is the California per capita income; and

WHEREAS, the population factor being utilized to calculate the Fiscal Year 2023-2024 appropriations limit is the City of Oakley's population growth provided by the State of California Department of Finance; and

WHEREAS, the City Council has elected to bifurcate the Capital Budget and 5-Year Capital Improvement Plan for separate discussion and consideration of approval by separate resolution; and

WHEREAS, a separate resolution has been prepared for the approval of the City of Oakley Fiscal Year 2023-2024 Capital Budget and 5-Year Capital Improvement Plan for Fiscal Years 2023-2024 through 2027-2028; and

WHEREAS, the City of Oakley Fiscal Year 2023-2024 Capital Budget is an integral part of the Operating Budget, with the projects' detail included in the Capital Budget and only

total revenues and expenditures related to the Capital Budget are included in the Operating Budget; and

WHEREAS, it is possible that certain projects within the Capital Budget may not be approved by the City Council after the total revenues and expenditures related to such projects have been approved as part of the Operating Budget; and

WHEREAS, the appropriations for any projects that are not approved as part of the Capital Budget can be held in reserve until such time that other projects are approved as an amendment to the Capital Budget.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Oakley:

- 1) As the City Council, hereby adopts the FY 2023-2024 Proposed Budget, Statement of Financial Policies, and Fiscal Year 2023-2024 Appropriations Limit.
- 2) The appropriations for any capital projects which are approved as part of the Operating Budget and recommended but not approved as part of the Operating Budget shall be held in reserve in the appropriate fund(s) until such time that other projects are approved by way of resolution or the appropriations are moved to another fund as an amendment to the Capital Budget.

PASSED AND ADOPTED by the City Council of the City of Oakley this 13th day of June 2023, by the following vote:

AYES: Fuller, Henderson, Meadows, Shaw, Williams

NOES:

ABSTENTIONS:

ABSENT:

APPROVED:

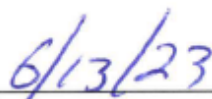

Aaron Meadows, Mayor

ATTEST:

Libby Vreonis, City Clerk

Date

GLOSSARY OF BUDGET TERMINOLOGY

Appropriation:	An authorization by the City Council to make expenditures and to incur obligations for a specific purpose within a specific time frame.
Assessed Value:	The value placed on real estate or other property by the County Assessor as a basis for levying ad valorem (rate based) property tax.
Assessment District:	A defined area of land that is benefited by the acquisition, construction or maintenance of a public improvement. An assessment is levied and collected on the regular property tax bill to fund the improvements.
Audit:	Scrutiny of the City’s accounts by an independent auditing firm to determine whether the City’s financial statements are fairly presented in conformity with generally accepted accounting principles. An independent audit is performed annually.
Available Beginning Fund Balance:	Unencumbered resources available in a fund from the prior fiscal year after payment of prior fiscal year expenditures.
Bond:	Capital raised by issuing a written promise to pay a specified sum of money, called the face value or principal amount, with interest at predetermined intervals.
Budget:	A financial plan, usually for a one or two year period, listing an estimate of recommended expenditures and the recommended means of financing them.
Capital Improvement Plan (CIP):	The five-year financial plan for capital improvements, including considerations for related debt service and future ongoing maintenance. The CIP is adopted in a separate document and updated annually.

Deficit:	An excess of expenditures over revenues (resources).
Department:	An organizational unit comprised of divisions or functions. It is the basic unit of service responsibility encompassing a broad mandate of related activities.
Expenditure:	The actual payment for goods and services.
Fiscal Year (FY):	The period designed by the City for the beginning and ending of financial transactions. The City of Oakley fiscal year begins July 1st and ends June 30th of the following year.
Full-Time Equivalent (FTE):	The amount of time a regular full or part-time position has been budgeted for in terms of the amount of time an employee works in a year.
Gas Tax:	Administered by the State Board of Equalization, this is an 18-cent per gallon tax on fuel used to propel a motor vehicle or aircraft. Use of the revenue is for research, planning, construction, improvement, maintenance and operation of public streets and highways or public mass transit.
General Fund:	The fund used to account for all financial resources except those required to be accounted for in another fund.
General Fund Taxes:	This is the term in the Budget to describe the City's use of general purpose tax revenue, including primarily: Property Taxes, Property Taxes in lieu of VLF, and Sales Tax.
General Plan:	A policy document that serves as a guideline for future development. California State law requires each city to adopt a General Plan.
Infrastructure:	Facilities on which the continuance and growth of the community depend on such roads, water lines, sewers, public buildings, etc.

Internal Service Fund (ISF)

Internal service funds account for the financing of goods and services provided by one department to another department on a cost-reimbursement basis. In Oakley, we have ISF's that serve as sinking funds for the future replacement of vehicles and equipment, and for repairs and replacements for facilities. In each case, the costs are supported by charges to departmental operating budgets.

Lighting and Landscaping District:

The City has established a separate District to manage and fund the maintenance of the City's Public Landscaping, Community Parks, Street Lighting, and Neighborhood Parks. Each activity is accounted for in a separate fund and budgets are established yearly as part of the District's activities. Detailed breakdowns of estimated revenues and expenditures are provided in a required engineer's report. Costs are funded by landscape assessments levied in each zone, and as necessary, subsidies or loans from other eligible funds.

Measure J:

In 2004, voters approved Measure J, extending a previously approved Countywide ½ cent sales tax measure for transportation related purposes. The original Measure (Measure C) included a provision that 18% of the funds are returned to local agencies based on an allocation relative population and relative maintained street miles. Expenditures are restricted to the same uses as Gas Tax but may also be applied to transit improvement and operation, growth management planning and compliance, pedestrian and bicycle trail construction, maintenance and operation parking facility development and transportation efficiency program development and operation (ridesharing, etc.). Measure J continues to be subject to Measure C's growth management component and funds may not be used to replace developer obligations that would otherwise not be publicly funded under jurisdiction policy. Measure J runs until March 2034.

Motor Vehicle License Fee:

A State vehicle license fee imposed on motorists for the privilege of operating a motor vehicle on the public highways.

Police Services Tax:	A voter approved special tax levied by the City and collected at the same time and in the same manner as property taxes that is used exclusively for Public Safety.
Property Tax:	Property Tax is imposed on real property (land and permanently attached improvements) and tangible personal property located within the City. Proposition 13 set the basic property tax at one percent of the assessed value of the property, and the limited the assessed value to the cash value at acquisition plus inflation, at no more than 2% per year. Property taxes are shared by all local agencies that provide service to the property. On average, Oakley receives between 5% - 6% of the basic property taxes paid by Oakley property owners.
Property Tax in Lieu of VLF:	In the early 1990's the State levied a local tax on vehicles, in the form of a 2% Motor Vehicle License Fee (see above). The then Governor successfully lobbied the legislature and passed a law allowing a temporary discount on the fee, if the State could afford it. A provision of that law was that the State backfill the lost revenue to the local agencies that resulted (since it was a local tax being reduced). Since then, the State has permanently lowered the Fee, and permanently backfilled it by shifting additional property taxes from their control to each local agency. This separate revenue is referred to as Property Taxes in Lieu of Vehicle License Fees (VLF).
Reserved Fund Balance:	Accounts used to record a portion of the fund balance as legally segregated for a specific use or not available for appropriation.
Resolution:	A special order of the City Council, requiring a majority vote, which has a lower legal standing than an ordinance.
Revenue:	Income received by the City.
Road Maintenance and Repair:	Senate Bill 1, also known as the Road Repair and Accountability Act of 2017, increases transportation funding and instituted much-needed reforms. SB 1 provides the first significant, stable, and on-going increase in state transportation funding in more than two decades. To receive SB1 funding, the City must contribute and

	<p>annual maintenance of effort from a different funding source such as the General Fund.</p>
<p>Salaries and Benefits:</p>	<p>A budget category, which generally accounts for full time and temporary employees, overtime and all employee benefits, such as medical, dental and pension costs.</p>
<p>Successor Agency:</p>	<p>With the dissolution of the Oakley Redevelopment Agency on February 1, 2012, the City elected to become the Successor Agency to the Redevelopment Agency, responsible for preserving and administering its non-housing related assets, paying and ensuring performance of its obligations, and for complying with the new law that requires the unimpeded winding down of the prior Redevelopment Agency's affairs.</p>
<p>Successor Housing Agency:</p>	<p>With the dissolution of the Oakley Redevelopment Agency on February 1, 2012, the City elected to become the Successor Housing Agency, accepting the prior Redevelopment Agency's housing related assets and related housing responsibilities.</p>
<p>Taxes:</p>	<p>Compulsory charges levied by a government for the purpose of financing services performed for the common benefit.</p>
<p>Transient Occupancy Tax (TOT):</p>	<p>A 10% tax imposed on travelers who stay in temporary lodging facilities within the City. Also referred to as a Hotel/Motel Tax.</p>
<p>Unassigned Balances</p>	<p>The City established a policy in fiscal year 2012-2013 that in its special purpose funds, it would budget not only anticipated revenues, but also projected remaining available fund balances. The unassigned balance amount budgeted in any fund is the amount of available funds (revenues and available fund balances) that have not yet been assigned a specific current year purpose.</p>

CAPITAL IMPROVEMENT PROGRAM

The Capital Improvement Program (CIP) is a major public infrastructure and planning tool for the City of Oakley. The CIP serves as a statement of the City's policies and financial abilities to manage the development of the community. The creation of a five- year CIP provides a systematic plan for providing infrastructure improvements within a prioritized framework and a general schedule for projects to proceed. Projects identified in the CIP meet the City's General Plan. The first year reflects the adopted budget for the upcoming Fiscal Year (FY). The remaining four years represent a schedule and estimate of future capital needs that may be funded, given projected revenues and priorities.

There are several benefits for developing and adopting a Capital Improvement Program. Not only does the CIP become a management tool for the City Council and City staff; a CIP also provides valuable information to the citizens, developers, and businesses who are interested in the development of the community. The CIP document will assist in leveraging available resources through the timing of projects, and the coordination of City projects with improvements constructed by other entities.

Despite the many benefits of a CIP, it is important to highlight the fact that this is a planning document. Changes can occur for many reasons. Revenues can fluctuate because of changing economic conditions or shifts in City policy. Private economic decisions can also affect the timing, scale, and location of capital projects. The City of Oakley's CIP reflects the Strategic Goals of the City Council and is a critical investment tool for the community to help promote the economic vitality and viability for the City of Oakley.

The focus of the proposed CIP for FY 2023/24 through FY 2027/28 is to maintain the core infrastructure of the City of Oakley by utilizing the most cost effective and creative approach. The CIP continues to prioritize and build new infrastructure for the community, which will enhance the quality of life for residents. In preparation of the CIP for FY 2023/24, a comprehensive review of prospective projects was performed.

The CIP for FY 2023/24 is divided into specific projects to address unique needs for each component of the City's infrastructure system (e.g., Streets, Parks & Facilities). This approach provides funding for infrastructure maintenance, construction of new improvements, and the long-range goals for protecting the quality of the public infrastructure system in the City of Oakley. The funding for CIP projects is generally from the following sources: Measure J Sales Tax, Gas Tax, Development Traffic Impact Fees, Development Park Impact Fees, Federal & State Grants, Assessment District Funds, and the City's General Fund. The revenues from Development Traffic Impact Fees and Development Park Impact Fees are dependent upon the private development activity and regional economic growth. The CIP for FY 2023/24 conservatively budgets a portion of these funding sources to account for unforeseen downturns in the regional economic and development activity.

There is a direct relationship between CIP project construction, economic development, and the vitality of the community. New residents want to come and live in a community that is vibrant and provides a wide range of amenities (e.g., Recreation Center, Library, etc.). Commercial developers also look to build in communities that thrive and provide amenities for today's lifestyle. The construction of CIP projects helps to enhance amenities and the quality of life for the community residents, which in turn makes Oakley a desired community for private development. The increase in the level of private development activity will provide opportunities for the City to undertake projects with various infrastructure improvements to complement the private development projects.

PROPOSED CIP PROJECTS FOR FY 2023/24

Project #176, *Oakley Regional Park Project* – This project transforms a 55-acre site located at the north end of Sellers Avenue that was given to the City as part of the development agreements with the Emerson and Gilbert Ranch projects. This 55-acre site was an abandoned dairy farm that has been closed for decades. This project will construct a regional park at this site that will be a destination point for the Oakley community. A team of staff, consultants, and a Council sub-committee began the process of concept planning for this site in 2016. As a result of this work, a concept plan was developed and approved by the City Council. During 2019, there were further discussions with the community to solicit input as the concept plan was refined and adopted by the City Council to reflect the needs of the community and strategic goals of the City Council. This project will be a multi-phase project that will be designed and constructed over the coming years and would potentially cost over \$60,000,000 to construct all its components. Funding for this project will be provided by a combination of grants and other local funds over several years. The first phase of this project was the demolition and removal of the abandoned and unsafe structures, which was completed in 2019. The city applied for two rounds of funding for this project from the State Proposition 68 State of California Grant in 2019 and 2021 and unfortunately was not awarded the grant. Staff will continue to explore other grant funding for this project to design and construct this project. During FY 2023/24 a new Master Planning study will be performed to solicit input from the community and various stakeholders on the features that are desired at this park and to ensure consistency with the new Oakley Strategic Plan 27+ that was adopted by City Council. *The funding of the preliminary project design and site clean-up was allocated in FY 2016/17 and no additional funding is requested in the FY 2023/24 budget.*

Project #186, West Cypress Road Bridge at Contra Costa Canal Reconstruction Project - The existing West Cypress Road Bridge that crosses the Contra Costa Canal is structurally deficient according to the latest Caltrans inspections. It will need to be reconstructed to continue to be safe and remain in service. The City of Oakley does not have a designated funding source for replacing the City's bridges and relies upon State grant programs for major bridge improvement projects. Staff will apply for Highway Bridge Replacement and Rehabilitation (HBRR) grant funding for this project and once funding has been secured for this project, the design

and construction of this project will be initiated in future years. *The funding of the preliminary project design was allocated in FY 2016/17 and no additional funding is requested in the FY 2023/24 budget.*

Project #187, Main Street Bridge at Contra Costa Canal Rehabilitation Project - The existing Main Street Bridge that crosses the Contra Costa Canal needs rehabilitation to protect its structural integrity and to keep it off the Caltrans structurally deficient list. The City of Oakley does not have a designated funding source for repairing, maintaining, and improving the City's bridges, and relies upon grant programs for major bridge improvement projects. Staff had applied for Highway Bridge Replacement and Rehabilitation (HBRR) grant funding for this project and secured funding which will be supplemented by local funds. *The funding of the project design and construction was allocated in FY 2016/17 and no additional funding is requested in the FY 2023/24 budget.*

Project #189, Piper Lane Drainage Channel Trash Capture Device Project - The Piper Lane drainage channel is one of the major drainage outfalls from the City of Oakley to the Delta in which the City is responsible for its maintenance and operation. This is an open channel that flows freely to the Delta and based on the new permit issued by San Francisco Regional Water Quality Control Board (SFRWQCB), it cannot convey trash to the open waters of the Delta. Historically, a large amount of trash and debris were transported to the Delta through this channel. This project will construct a new trash capture device at the upstream end of the channel near Vintage Parkway. The trash capture device will stop trash from flowing into the Delta and, as a result, puts the City in compliance with the SFRWQCB permit. *The initial funding of this project was allocated in FY 2022/23 and no additional funding is requested in the FY 2023/24 budget.*

Project #205, Downtown Gateway Plaza Roadway, and Parking Lot Project - The Oakley Multi-Modal Roadway and Parking Lot Project features a new AMTRAK train platform station located north of Main Street in the area between 2nd Street and Norcross Lane. The facility will provide connections for the Tri Delta Transit bus service to the new train station, as well as from the new Park & Ride lot located at Cypress Road and Main Street. The platform station is strategically located downtown on Main Street, adjacent to the new Main Street Plaza that will be constructed as a part of the project. This area could be used for future civic events and

markets. The location is within a five-minute walking radius to City Hall, the Civic Center Park, and Main Street restaurants. The project will provide approximately 275 surface parking spaces for downtown merchants and customers in addition to supporting plaza activities held on the evenings and weekends. AMTRAK will entirely fund the design and construction of the new railroad platform station and the City will design and construct the associated public street and parking lot infrastructure. The construction of the project is currently underway, and the AMTRAK platform station construction is anticipated to start in early 2024. The construction of both projects is anticipated to be completed by the end of 2024. *The funding for this project was allocated in FY 2017/18 and FY 2022/23 budget, and no additional funding is requested in the FY 2023/24 budget.*

Project #211, Main Street/Rose Avenue Intersection Improvement Project – With the continued growth of the community and new subdivision development projects along the East Cypress Road corridor, the associated traffic volumes will increase. Improving the streets and traffic signals will be necessary to accommodate the added volume of traffic to these new neighborhoods. Main Street and Rose Avenue have operated as a stop sign controlled intersection, which is not sustainable for the long term, and therefore a traffic signal is needed at this location. City staff have been discussing this intersection improvement project with the management staff of Ironhouse Sanitary District (ISD) to explore opportunities that this project could address. The City needs better traffic flows at this intersection and ISD needs a second access point from their prospective development site to Main Street. Currently, the Vintage Parkway neighborhood has only one access to Main Street. Installing a signal at Main Street/Rose Avenue would benefit the neighborhood by providing a long desired secondary access for the residents. Having secondary access would not only alleviate congestion at the current intersection but would provide another option for emergency vehicles to access the neighborhood and allow quicker response times. The design of this project would start after a cost share agreement is reached between the City of Oakley and ISD. *The funding for this project will be allocated in the CIP budget in futures years, after an agreement with ISD is finalized.*

Project #215, Downtown Parking Lot Construction Project – As part of the continuing efforts to improve and enhance Downtown Oakley, this project will construct a new parking lot and associated roadway infrastructure. This

new parking lot construction will be in collaboration with the development project at the intersection of Main Street and Norcross Lane, which will construct a new modern retail building, “Oakley Mercantile”. This new parking lot is part of the City’s multi-phase downtown infrastructure improvement project. The project will be constructed on the north side of the Oakley Entrepreneur Center and at the east side of the Oakley Plaza shopping center. The construction of the project is currently underway and anticipated to be completed by the end of 2023. *The funding for this project design and construction was allocated in the FY 2018/19 and FY 2022/23 budget, and no additional funding is requested in the FY 2023/24 budget.*

Project #228, Civic Center Emergency Generator Project - The Civic Center campus, as the center of government for the Oakley community, does not currently have back-up power. In periods of PG&E power outages, the operations at the Civic Center that require electricity, come to a halt. This is not acceptable due to all the uncertainty that can happen in an emergency. This project will install an Emergency Generator behind the Civic Center buildings to provide stand-by power during the periods of PG&E power outages, to ensure that the Civic Center, and most importantly, the Police Department operations will continue uninterrupted. *The funding for this project design and construction was allocated in the FY 2019/20 budget, and as part of the FY 2023/24 budget, \$100,000 from the ARPA Fund will be added to the project budget.*

Project #231, Sellers Avenue (Riverrock Drive to CCWD Canal Crossing) Widening and Improvement Project – Sellers Avenue is a 2-lane road that was constructed by Contra Costa County decades ago. The section of Sellers Avenue from East Cypress Road, to the north end of the road at the gate to the future Oakley Regional Community Park is destined to be widened to 4 lanes with curb and gutter, sidewalks, landscaped medians, bike lanes, and street lighting. Presently, the section of Sellers Avenue from East Cypress Road to Riverrock Drive has been widened and improved by the developers of the Emerson and Gilbert Ranch projects. This project will widen and improve the remaining section of Sellers Avenue from the intersection at Riverrock Drive to the gate of the future Oakley Regional Community Park. The above referenced developers paid the City the cost for curb and gutter, sidewalk, and one lane of roadway. The City will pay the remaining construction costs for the second lane and medians for this project. The timing of design and construction of this project will be in coordination with

the Oakley Regional Community Park Project CIP # 176, when that project funding is secured. *The funding for this project will be allocated in the CIP budget in future years.*

Project #247, East Cypress Road Widening (Knightsen Avenue to Jersey Island Road) Project - This project will widen and fully reconstruct East Cypress Road east of Knightsen Avenue to Jersey Island Road. The growth and development of new subdivision projects along the East Cypress Road corridor has necessitated various infrastructure improvements to accommodate the increased traffic volumes on this roadway. These improvements include the widening of East Cypress Road to City standards along the Emerson and Gilbert Ranch projects. The City of Oakley also owns a property along East Cypress Road between Knightsen Avenue and Jersey Island Road. This property is part of the Burroughs Subdivision development site, and in collaboration with the developer of this subdivision, this City capital project will reconstruct East Cypress Road from Knightsen Avenue to Jersey Island Road. In following City of Oakley policy for frontage improvements, both the City and the developer will pay their share of this roadway construction project, which will be managed and constructed by the City. *The funding for this project was allocated in FY 2021/22 budget and FY 2022/23 budget, and no additional funding is requested in the FY 2023/24 budget.*

Project #249, Recreation Center Emergency Generator Project - This project will install an emergency generator at the Oakley Recreation Center. The Recreation Center campus is the center of recreational activities for the Oakley community, and currently does not have a back-up power source. In periods of PG&E power outages, the operations at the Recreation Center that require electricity come to a halt. This project will install an Emergency Generator behind the Recreation Center building to provide stand-by power during periods of PG&E power outages to ensure that the Recreation Center operations will continue uninterrupted. *The funding for this project was allocated in FY 2022/23 budget, and no additional funding is requested in the FY 2023/24 budget.*

Project #252, Downtown Storm Drain (AREA 29D) Improvement Project – Many years ago the Contra Costa County Flood Control District established drainage zones throughout the County for storm drain detention and treatment. These zones included large detention basins (e.g., Freedom Basin, Teakwood Basin, Del Antico Basin, etc.) and a network of underground pipe

systems to convey the storm water runoff from the City streets to these basins. There are 9 drainage zones in the City of Oakley. Storm Drain Zone 29D covers all the Gardenia Ave and Chianti Way neighborhood streets and conveys their storm drain runoff north toward Main Street and continues northerly under the railroad tracks. All parts of the storm drain system in this zone have been constructed, except for the section of pipe from the north side of Main Street just east of Miguel Drive, to the edge of the railroad tracks. This project will design and construct this section of storm drainpipe and its associated infrastructure, which will complete all the improvements in this zone. *The initial funding of this project design was allocated in the FY 2021/22 budget; and the construction of this project will be funded in future years once sufficient funding is secured.*

Project #255, Cypress Grove Subdivision Pump Station Building Project – The Cypress Grove Subdivision has a pump station, an emergency generator, and associated electrical components to support the storm drain system for this subdivision. The newer subdivisions, such as Emerson Ranch and Gilbert Ranch, house all such components in a building that is fully covered and protects their expensive electrical and mechanical components. However, at the Cypress Grove Subdivision, the pump station, emergency generator, and its associated electrical components are housed in a building with only a half roof and are exposed to environmental elements. The components degrade much quicker when exposed to the elements and require more frequent service and costly replacement. This project will construct a full roof and new walls on the existing building to enclose and protect the valuable mechanical components, and to promote their longevity. *The initial funding for this project was allocated in the FY 2021/22 budget. As part of the FY 2023/24 budget, \$199,000 from the Cypress Grove CFD Fund will be added to the project budget.*

Project #263, O'Hara Avenue / Carpenter Road Intersection Improvement Project – The construction of Carpenter Road from Rose Avenue to Cinnamon Ridge Drive as part of a private subdivision development project has opened this important east/west roadway corridor for the community. This section of Carpenter Road will increase traffic flows at the intersection of O'Hara Avenue and Carpenter Road. This project will improve the traffic operations at this intersection by constructing protected left turn lanes on Carpenter Road on both the westbound and eastbound approaches to O'Hara Avenue. Additional improvements include the installation of a

video detection system and reconfiguration of the striping at this intersection. *The initial funding for this project was allocated in the FY 2021/22 and FY 2022/23 budget, and no additional funding is requested in the FY 2023/24 budget.*

Project #265, Irrigation Well Installation at the City's Freedom Basin Project – This project will install a new irrigation well adjacent to O'Hara Avenue next to the City owned storm drain basin, more commonly known as Freedom basin. This new well will provide the City with an independent, stable, and continuous source of water to irrigate the large field that is used by an assortment of leagues for sporting activities. The existing well used to irrigate the field is owned and operated by the High School District, and due to its continuous breakdowns, this well is not a reliable source to provide the massive amount of irrigation water needed for this field. *The initial funding of this project was allocated in the FY 2021/22 and FY 2022/23 budget, and no additional funding is requested in the FY 2023/24 budget.*

Project #268, Main Street / Delta Road Intersection Signalization Project – This project will install a traffic signal and improve the Main Street / Delta Road intersection. This intersection is identified to have a traffic signal per the City's Traffic Impact Fee program. With the increase in traffic volumes at this location, a signal will improve safety and traffic circulation. The preliminary design of this project was started in FY 2021/22 to develop the plan and identify the Right of Way that is needed for this project. In the subsequent years, the final design and Right of Way acquisition will be completed. *The initial funding of this project was allocated in the FY 2021/22 and FY 2022/23 budget, and no additional funding is requested in the FY 2023/24 budget.*

Project #269, Main Street / Brownstone Road Intersection Signalization Project – This project will install a traffic signal and improve the Main Street / Brownstone Road intersection. This intersection is identified to have a traffic signal per the City's Traffic Impact Fee program. With the increase in traffic volumes at this location, a signal will improve safety and traffic circulation. The preliminary design of this project was started in FY 2021/22 to develop the plan and identify the Right of Way that is needed for this project. In the subsequent years, the final design and Right of Way acquisition will be completed. *The initial funding of this project was*

allocated in the FY 2021/22 and FY 2022/23 budget, and no additional funding is requested in the FY 2023/24 budget.

Project #270, Hall Street Extension Project – This project will extend Hall Street north of Main Street to provide a direct connection to the new parking lot that will be constructed as part of the Downtown Gateway Plaza Roadway and Parking Lot Project. This project is consistent with the Downtown Vision program that was approved by the City Council and will help to improve the traffic flows and parking lot accessibility in the Downtown area. *The initial funding of this project was allocated in the FY 2021/22 budget, and no additional funding is requested in the FY 2023/24 budget.*

Project #273, Laurel Road Extension Project (Teton Road to Sellers Avenue) - This Project will extend Laurel Road from Teton Road to Sellers Avenue providing an alternate and much needed secondary route to East Cypress Road. Currently, the only way in and out of eastern Oakley is via Main Street to East Cypress Road. This current route along East Cypress Road passes by an elementary and middle school and crosses the Burlington Northern Santa Fe (BNSF) railroad tracks. Extending Laurel Road from Teton Road to Sellers Avenue will provide a secondary access route out of the Cypress Road corridor. The design of this project, right of way acquisition, and permit processing from BNSF will take several years to accomplish. *The initial funding of this project was allocated in the FY 2021/22 and FY 2022/23 budget, and no additional funding is requested in the FY 2023/24 budget.*

Project #274, Neroly Road Repair and Resurfacing Project (Empire Avenue to O'Hara Avenue) - Neroly Road was constructed as a part of the Magnolia Park Subdivision. Since that time the roadway has settled in areas near the utility manholes causing an uneven asphalt surface. Staff has continually performed patching near the manholes to keep the roadway surface smooth. This temporary fix has provided good results but didn't address any underlying problems. This project will perform engineering investigation and excavation at several locations to determine the cause of the settling at the utility manholes and to provide a solution to remedy the problem. *The funding of this project was allocated in the FY 2022/23 budget and no additional funding is requested in the FY 2023/24 budget.*

Project #279, FY 2022/23 Street Repair and Resurfacing Project - This project will repair the base and surface failures, as well as resurface the City's streets as a part of a comprehensive program to maintain the roadways for the community. Street repair and resurfacing is critical in keeping the quality of the City's street infrastructure in good condition and prevent costly reconstruction due to the lack of proper rehabilitation and maintenance. This project will address a few neighborhoods which need Sierra-Crete base remediation in addition to repair and resurfacing. *The funding of this project was allocated in the FY 2022/23 budget and as part of the FY 2023/24 budget, \$500,000 from the Gas Tax RMRA Fund, \$1,300,000 from Measure J, and \$1,000,000 from Street Maintenance & Rehab Fund will be added to the project budget.*

Project #280, Laurel Road Widening Project (O'Hara Avenue to Cloverbrook Avenue) - Laurel Road from O'Hara Avenue to Cloverbrook Avenue is the last section of Laurel Road that needs to be widened and improved. Laurel Road is a major Arterial Road and the City's designated truck route with a direct connection to Highway 4. This section of Laurel Road has not been widened or improved due to the lack of Right of Way and is starting to deteriorate due to the large volume of vehicles that use Laurel Road every day. Staff is working with the property owners to obtain the necessary right of way for this widening, which will also require major utility relocation of the Western Area Power Administration (WAPA) utility poles. This entire project will span several years to complete due to the complex nature of its various components. *The initial funding of this project was allocated in the FY 2022/23 budget and no additional funding is requested in the FY 2023/24 budget.*

Project #281, Enrico Cinquini Park Construction Project – The developer of the Stonewood Subdivision, a collection of 262 lots, was conditioned to construct a new park (Enrico Cinquini Park) at the intersection of Rose Avenue and Carpenter Road. The developer's obligation of \$2.1M is not sufficient to construct this park and its associated facilities and features, which includes a parking lot. The City will design and construct this park utilizing the Park Impact Fee obligation of the developer, as well as supplementing it with additional City Park Impact fees. *The initial funding of this project was allocated in the FY 2022/23 budget and as part of FY 2023/24 budget, \$700,000 will be added to the project budget from the Park Impact Fee Fund.*

Project #283, Laurel Road Bridge Widening over Marsh Creek Project – Laurel Road at the Marsh Creek Bridge is currently a narrow 2 lane roadway that is structurally inadequate and needs to be widened and improved to tie into the future Laurel Road Extension Project at Teton Road. This project will complement Capital Improvement Project No. 273, provide improved access for Laurel Road, and accommodate future traffic volumes from the developments along the East Cypress Road Corridor. *The initial funding of this project was allocated in the FY 2022/23 budget and no additional funding is requested in the FY 2023/24 budget.*

Project #286, City Hall Rooftop Solar Power Project – This project will install solar panels on the roof of the Civic Center to provide the electricity needed for the operation of the Civic Center facilities in a sustainable and environmentally friendly approach. The implementation of this project will reduce the carbon footprint of the Civic Center operations which is a part of the new Strategic Goals for the City. *The initial funding of this project was allocated in the FY 2022/23 budget. As part of the FY 2023/24 budget, \$50,000 from the ARPA Fund will be added to the project budget.*

Project #287, Koda Dog Park Shade Structure Project – The Koda Dog Park has become a very popular destination for residents and visitors to bring their dogs to exercise and play. One of the frequent requests from the community has been for a shade structure at this park, especially in the areas where people sit on the benches while their dogs play. This project will construct new shade structures that would complement this park and its facilities for the enjoyment of all visitors to the Koda Dog Park. *The initial funding of this project was allocated in the FY 2022/23 budget and no additional funding is requested in the FY 2023/24 budget.*

Project #293, Main Street Slurry Seal (at Highway 160) Project – The construction of the Oakley Logistic Center was one of the most high-profile projects in Oakley which created a new Amazon Fulfillment Center in Oakley. This project included several off-site roadway improvements that included the reconstruction of the Main Street/Bridgehead Road intersection and the resurfacing of Main Street towards the Highway 160 intersection. The construction work was completed in late 2022 and the only remaining part was the application of the Slurry Seal on Main Street. This was postponed due to the arrival of the winter months and the rainy season.

Since the Oakley Logistic Center project was completed, the developer of that project paid the City the cost of this Slurry Seal application which will be performed as part of the City's summer resurfacing project. *Total Budget - \$84,376 (\$34,376 Developer Contribution, \$50,000 Gas Tax RMRA).*

Project #294, Pedestrian Crossing Lighting System Installation on O'Hara Avenue at the Trail Crossing Project – The City of Oakley applied for and secured grant funding from State Transportation Development Act (TDA) to install a new Pedestrian Crossing Lighting System on O'Hara Avenue at the trail crossings. This project will enhance the safety of the roadways and improve the crossings for pedestrians and bicyclists. *Total Budget - \$75,000 (\$45,000 TDA Grant, \$30,000 Street Maintenance & Rehab)*

Project #295, FY 2023/24 Curb, Gutter, and Sidewalk Repair & Reconstruction Project - This project will coordinate with the responsible property owners to repair and reconstruct damaged and broken concrete curb, gutter, and sidewalks throughout the City. The construction of this project will eliminate trip and fall accidents caused by sidewalk and curb uplifted by tree root overgrowth and provide safe paths of travel for the community. This project works in coordination with the 50-50 cost share program that helps the property owners address concrete sidewalks and curb and gutter uplifts. *Total Budget - \$100,000 (\$100,000 Gas Tax RMRA)*

Project #296, FY 2023/24 Street Restriping Project - This project will restripe various City streets each year to help maintain delineations that are marked for usage by motorists and pedestrians. The work performed under this project focuses on the streets that are not in the plan for resurfacing in the next two years, and need the striping for lane delineation (centerline, edge line, crosswalk, pavement marking) to provide safer streets for the community. *Total Budget - \$60,000 (\$60,000 Gas Tax RMRA)*

Project #297, FY 2023/24 Street Repair and Resurfacing Project - This project will repair the base and surface failures, as well as resurface the City's streets as a part of a comprehensive program to maintain the roadways for the community. Street repair and resurfacing is critical in keeping the quality of the City's street infrastructure in good condition and prevent costly reconstruction due to the lack of proper rehabilitation and maintenance. This project will address a few neighborhoods which need

Sierra-Crete base remediation in addition to repair and resurfacing. *Total Budget - \$280,000 (\$200,000 Gas Tax RMRA, \$80,000 Measure J)*

Project #298, FY 2023/24 Traffic Calming Project – The traffic operations in the community have become one of the major issues that the Police and Public Works Departments handle on a regular basis. This project provides funding for the placement of traffic calming features in accordance with the neighborhood traffic calming policy. Various traffic calming requests are being evaluated by staff from the Police and Public Works Departments and are addressed in collaboration with the residents based on priority, and the order they are received. *Total Budget - \$30,000 (\$30,000 General Capital Projects Fund)*

Project #299, FY 2023/24 Traffic Signal Modernization Project – Traffic operations and public safety have become one of the more important issues for the community. Public Works staff are continually working to improve the traffic operations on City streets. This project will replace some of the older internal components of the City's traffic signal systems which will improve the coordination of the City's traffic signal operations. *Total Budget - \$200,000 (\$200,000 Traffic Impact Fee Fund)*

Project #300, Bridgehead Road Widening Project – Widening and improvements were done on Bridgehead Road from Wilbur Avenue, to the railroad overcrossing as part of the Oakley Logistic Center development project. The section of this roadway that still needs improvements and widening is from the entrance to the Amazon campus on Bridgehead Road towards Main Street including the replacement of the railroad bridge and stormwater pump station. This project will perform the preliminary design and concept planning for the improvements on Bridgehead Road to be ready for implementation of this plan once development starts on the parcels south of the Amazon campus. *Total Budget - \$80,000 (\$80,000 Measure J)*

Project #301, East Cypress Road Lane Alignment Analysis (RR tracks to Main Street) Project – This project will perform the analysis for lane alignment and configuration on East Cypress Road from the RR tracks to Main Street. This section of the roadway has a few constraints, such as the railroad signal and two (2) bridges that will have to be analyzed in detail to

determine the optimum roadway alignment and configuration to enhance traffic flows. *Total Budget - \$60,000 (\$60,000 Traffic Impact Fee Fund)*

Project #302, East Cypress Road Widening (Jersey Island Road to Bethel Island Road) Project - This project will widen and fully reconstruct East Cypress Road from Jersey Island Road to Bethel Island Road. The growth and development of new subdivision projects along the East Cypress Road corridor has necessitated various infrastructure improvements to accommodate the increased traffic volumes on this roadway. These improvements include the widening of East Cypress Road to City standards along the Emerson Ranch, Delaney Park, Burroughs Ranch projects. The City of Oakley is currently constructing widening and improvements to East Cypress Road between Knightsen Avenue and Jersey Island Road (CIP 247) . This project will continue these improvements in an easterly direction to Bethel Island Road. The City will get reimbursed the cost of these improvements by developers when this region of East Cypress Road gets developed based on City policy. The design of this project will get started in FY 2023/24. Total *Budget- \$762,563 (\$378,503 ARPA, \$384,060 Traffic Impact Fee)*.

Project #303, Public Works Operations Building Remodeling Project - The Public Works Operation Building used to be the suite of the former ACE Hardware Store, and since the City purchased the property, it has not had any major improvements related to the office spaces within the building. With the growth of the Public Works Department and increased demands for services from the community, this project will remodel the inside of the building to make a better functional workspace and add more room for the staff and operations. *Total Budget - \$200,000 (\$200,000 Facilities Fund)*

Project #304, FY 2023/24 ADA Implementation Plan Project - The Transition Plan details a program that will bring the City's programs, procedures, practices, facilities, sidewalks, and curb ramps into compliance under the American Disabilities Act (ADA). The City of Oakley is required to prepare and implement an ADA Transition Plan to adhere to the legal requirements related to the U.S. Department of Justice. The City's ADA Transition Plan was prepared and adopted by City Council which identified over \$100M of improvements needed to fully implement all components of this ADA Transition plan. The recommendations of this plan will be implemented

over the coming years in phases as funding is allocated. *Total Budget - \$50,000 (\$50,000 Street Maintenance & Rehab)*

Project #305, Briarwood Park Playground Resurfacing Project - The Briarwood Park Playground currently has a Poured In Place rubber surface which has reached the end of its useful life. Many patches and repairs have been made to the existing surfacing and more are needed. Future patches and repairs increase the risk of lessening the impact attenuation properties of the existing fall surfacing. This project would replace and upgrade the surface with rubber playground tiles that will have both durability and ease of maintenance. The product comes with a lifetime warranty, which is the best in the industry and will adhere to current ADA and safety standards. *Total Budget - \$150,000 (\$150,000 LLAD).*

Project #306, Marsh Creek Glenn Park Renovation Project - The existing playground equipment and surfacing at Marsh Creek Glenn Park is the original infrastructure at this park, which was constructed 20 years ago. The equipment and surface are both in need of replacement, as maintaining this playground equipment and surfacing is not practical and financially viable. This project will replace the playground equipment and expand it to create a larger all ability and ADA accessible playground; along with placement of new rubber playground surfacing tiles that will perform and have a better warranty. *Total Budget - \$500,000 (\$300,000 Park Impact Fee, \$200,000 LLAD).*

Project #307, Daffodil Park Playground Resurfacing Project - The Daffodil Park Playground currently has a PIP (poured in place) rubber safety surface adjacent to loose fill engineered wood fiber. The PIP has reached the end of its useful life. Loose fill transitions to wood fiber are bad practice, as this creates premature wear on the PIP surface from the abrasiveness of the loose fill. Many patches and repairs have been made to the existing surfacing and more are needed. Future patches and repairs will increase the risk of lessening the impact attenuation properties of the existing fall surfacing. This project would replace and upgrade both the loose fill surface and PIP with rubber playground tiles that will have durability and ease of maintenance. The product comes with a lifetime warranty, which is the best in the industry and will adhere to current ADA and safety standards. *Total Budget - \$150,000 (\$150,000 LLAD).*

Project #308, City Parks Drinking Fountain Replacement Project –The increased city-wide demand for park facilities, and its use by the public necessitated an evaluation of the existing park infrastructure. This process identified several drinking fountains with deficiencies at Creekside Park, Cypress Grove Park, and Briarwood Park. Drinking fountains at these parks have reached the end of their useful life and are no longer fiscally suitable for ongoing repairs. This project will install new ADA accessible drinking fountains for all park users along with fountain components for pets. *Total Budget - \$100,000 (\$100,000 Park Impact Fee).*

Project #309, Laurel Ballfields Parking Lot Resurfacing Project – The normal cycle to resurfacing parking lots is about every 10 years, and the parking lot for Laurel Ballfields is due to be resurfaced and striped. This parking lot is heavily used by various baseball and soccer leagues who use this park for their games and practices in addition to other park users. Funding will come from the LLD Zone 1 reserves fund. *Total Budget - \$60,000 (\$60,000 LLAD).*

Project #310, East Cypress Road Widening at CCWD Canal Crossing Project – The CCWD has undertaken the process of replacing the open canal in Oakley for past few years. This project began at the canal crossing near Main Street and has extended eastwards behind Cypress Grove, Emerson, Delaney, and Burroughs subdivisions up to east Cypress Road. CCWD is currently working on undergrounding the remainder of this canal from East Cypress Road in a southerly direction to its connection point at Rock Slough. The existing canal crosses East Cypress Road and will have to be replaced as part of the City's East Cypress Road widening project. The City is collaborating with CCWD in all phases of the canal undergrounding project and at the East Cypress Road, the city will take the lead on undergrounding the canal and construction of the new and widened roadway. The City will get reimbursed the cost of these improvements by developers when this region of East Cypress Road gets developed based on City policy. *Total Budget - \$9,500,000 (\$2,700,000 Traffic Impact Fee, \$2,200,000 Street Maintenance and Rehab, \$4,000,000 General Capital Projects, \$600,000 Gas Tax HUTA).*

COMPLETED PROJECTS IN FY 2022/23

PROJECT LOCATIONS	
A Traffic Signal Modernization Project	G ADA Implementation Project
B Holly Creek Park Restroom Construction	H City Hall Human Resources Dept Remodeling
C Sheriff Annex Building Demolition Project	I Traffic Calming Project
D Senior Center Roof & HVAC Replacement	J Street Striping Project
E Curb, Gutter, & Sidewalk Repair Project	K Laurel Road/Empire Avenue Landscaping
F Holly Creek Park Playground Resurfacing Project	

	<p style="text-align: center;">Traffic Signal Modernization Project</p> <p>Traffic operations and public safety have become one of the more important issues for the community. Public Works staff are continually working to improve the traffic operations on the City's streets. This project replaced some of the older internal components of the City's traffic signal systems which will allow better and more coordinated traffic signal operations.</p>
<p>A. Traffic Signal Modernization Project</p>	

	<p style="text-align: center;">Holly Creek Park Restroom Construction Project</p> <p>The demand for City of Oakley recreational fields continues to grow, particularly for organized sports such as the Baseball and Soccer leagues. The field at Holly Creek Park is one of the favorite and much desired fields in Oakley for leagues to play their sporting activities. This park did not have any restroom facilities, which necessitates the placement of portable toilets at this park. This approach has created many operational and sanitary issues and was not a sustainable solution to address the need for a public restroom facility. This project constructed a permanent restroom facility at this park like the restroom facility that was constructed at the Koda Dog Park.</p>
<p>B. Holly Creek Park Restroom Construction Project</p>	

C. Sheriff Annex Building Demolition Project

Sheriff Annex Building Demolition Project

The Contra Costa County Sheriff Department had an annex located at 210 O'Hara Avenue that serviced the Oakley area. This facility has been vacated for several years and is no longer in operation. This facility has deteriorated and has become a spot for the homeless to gather and create collateral problems. The County agreed to deed the property to the City for future use. This property site is slated for a high-density residential site that will help pay for the future library site at the Oakley Civic Center Campus.

D. Senior Center Roof & HVAC Replacement Project

Senior Center Roof & HVAC Replacement

The City of Oakley has leased the former fire station building located at 215 2nd Street to the Oakley Senior Citizens group; however, the roof started to deteriorate and needed to be repaired, and the HVAC system was failing and inadequate for the space. The rehabilitation project included roof repairs and the replacing of the HVAC system to accommodate the facility. This project is funded by CDBG funds, as well as the City of Oakley's matching funds.

E. Curb, Gutter, & Sidewalk Repair Project

Curb, Gutter, & Sidewalk Repair Project

This project coordinated with the responsible property owners to repair and reconstruct damaged and broken concrete, curb, gutter, and sidewalks throughout the City. The construction of this project eliminated trip and fall accidents caused by sidewalk and curbs uplifted by tree root overgrowth and provided safe paths of travel for the community. This project worked in coordination with the 50-50 cost share program that helps the property owners address concrete sidewalk and curb and gutter uplifts.

G. ADA Implementation Project

ADA Implementation Project

The City of Oakley must have an ADA Transition Plan prepared and implemented to adhere to the legal requirements related to the U.S. Department of Justice. The firm of Sally Swanson Architects, Inc., an ADA specialty consultant prepared the City's ADA Transition Plan. The implementation of this ADA plan will be phased out over future years, as funding is allocated. Annually ADA ramps at street intersections are upgraded to current ADA code.

H. City Hall Human Resources Dept. Remodeling Project

City Hall Human Resources Department Remodeling Project

One key part of the City operations is the Human Resources Department that serves both internal and external customers. The lack of functional office space has been a challenge for the Human Resources Department staff, and due to the nature of their work, need private office space for meeting with customers and having proper and secure space for keeping confidential documents. This project performed remodeling on the administration section of the City Hall including the Human Resources Department.

I. Traffic Calming Project

Traffic Calming Project

The traffic operations in the community have become one of the major issues that the Police and Public Works Departments handle on a regular basis. This project provided funding for the placement of traffic calming features in accordance with the neighborhood traffic calming policy. Various traffic calming requests are being evaluated by staff from the Police and Public Works Departments and are addressed in collaboration with the residents based on priority, and the order they are received.

J. Street Restriping Project

Street Restriping Project

This project restriped various City streets each year to help maintain delineations that are marked for use by motorists and pedestrians. The work performed under this project focused on the streets that are not in the plan for resurfacing in the next two years, and need the striping for lane delineation (centerline, edge line, crosswalk, pavement marking) to provide safer streets for the community.

K. Laurel Rd & Empire Ave Landscaping Mulch Project

Laurel Road & Empire Avenue Landscaping Mulch Project

One of the key components of having landscaping areas that are vibrant and growing is soil protection from environmental elements. In Oakley, with hot temperatures and winds, the topsoil gets eroded away, and without protection it exposes plant roots that will derogate the plant and diminish its growth, and in many cases cause plant failure. This project covered all landscaped areas along Laurel Road and Empire Avenue with mulch. This will keep the topsoil in place and protect the plant roots from exposure to high temperatures, which in turn will promote healthy plants.

City of Oakley									
Capital Improvement Project Information Sheet									
Capital Improvement Program for Fiscal Years 2023/24 to 2027/28									
Project Title:	Oakley Regional Park Project			Project Proponent:	Public Works and Engineering				
Project Category:	Park			Project Manager:	City Engineer				
Project Types:	Park Facility Construction			Project Number:	176				
Project Priority:	Moderate			In Successor Agency Area:	No				
Project Description:	This project will design and construct a Regional Park at the north end of Sellers Avenue.								
Project Justification:	This project transforms a 55-acre site at the end of Sellers Avenue that was given to the City as part of the development agreements with the Emerson and Gilbert Ranch development projects. This 55-acre site had a number of older structures related to a dairy farm that had been closed for decades. The first phase of this project was to demolish the old and abandoned structures, which were a safety concern, and to clean up the site. This task was accomplished in the summer of 2019. In March of 2021, the City applied for a State Proposition 68 grant to fund the first phase of this project and unfortunately did not qualify for the grant. The construction of the Oakley Regional Park will span several years as funding is secured through a combination of State Grants and local funds. A new park Master Planning will be performed in 2023 while efforts are underway to secure grant funding for the project.

City of Oakley Capital Improvement Project Information Sheet Capital Improvement Program for Fiscal Years 2023/24 to 2027/28									
Project Title:	W. Cypress Road Bridge at Contra Costa Canal Reconstruction Proj.			Project Proponent:	Public Works and Engineering				
Project Category:	Bridge			Project Manager:	City Engineer				
Project Type:	Bridge Reconstruction			Project Number:	186				
Project Priority:	Moderate			In Successor Agency Area:	No				
Project Description:	This project will reconstruct the West Cypress Road bridge across the Contra Costa Canal								
Project Justification:	The existing West Cypress Road Bridge that crosses the Contra Costa Canal is structurally deficient according to the latest Caltrans inspections. It will need to be reconstructed in order to continue to be safe and remain in service. The City of Oakley does not have a designated funding source for repairing, maintaining, and improving the City's bridges, and relies upon State grant programs for major bridge improvement projects. The City will be looking for grant funding for this project from both State and Federal sources and Staff will apply for the Highway Bridge Replacement and Rehabilitation (HBRR) grant for this project.

Project Category:	Bridge				Project Manager:	City Engineer			
Project Type:	Bridge Rehabilitation				Project Number:	187			
Project Priority:	Immediate				In Successor Agency Area:	No			
Project Description:	This project will rehabilitate the Main Street bridge across the Contra Costa Canal.								
Project Justification:	The existing Main Street Bridge that crosses the Contra Costa Canal is in need of rehabilitation to protect its structural integrity and to keep it off of the Caltrans structurally deficient list. The City of Oakley does not have a designated funding source for repairing, maintaining, and improving the City's bridges, and relies upon grant programs for major bridge improvement projects. Staff has applied for Highway Bridge Replacement and Rehabilitation (HBRR) grant funding for this project and has secured partial funding.

City of Oakley Capital Improvement Project Information Sheet Capital Improvement Program for Fiscal Years 2023/24 to 2027/28									
Project Title:	Piper Lane drainage channel Trash Capture Device Project.				Project Proponent:	Public Works and Engineering			
Project Category:	Storm Drain				Project Manager:	City Engineer			
Project Type:	Drainage Improvement				Project Number:	189			
Project Priority:	Moderate				In Successor Agency Area:	No			
Project Description:	This project will construct a Trash Capture Device at this major drainage channel.								
Project Justification:	The Piper Lane drainage channel is one of the major drainage outfalls from the City of Oakley to the Delta in which the City is responsible for its maintenance and operation. This is an open channel that flows freely to the Delta and based on the new permit issued by San Francisco Regional Water Quality Control Board (SFRWQCB), it cannot convey trash to the open waters of the Delta. Historically, a large amount of trash and debris were transported to the Delta through this channel. This project will construct a new trash capture device at the upstream end of the channel near Vantage Parkway. The trash capture device will stop trash from flowing into the Delta and, as a result, puts the City in compliance with the SFRWQCB permit.

<p style="text-align: center;">City of Oakley Capital Improvement Project Information Sheet Capital Improvement Program for Fiscal Years 2023/24 to 2027/28</p>						
Project Title:	Downtown Gateway Plaza Roadway and Parking Lot Project	Project Proponent:	Public Works and Engineering			
Project Category:	Street	Project Manager:	City Engineer			
Project Type:	Parking Lot and Street Construction	Project Number:	205			
Project Priority:	Immediate	In Successor Agency Area:	Yes			
Project Description:	This project will construct roadway infrastructure, a gateway plaza and a downtown parking lot in coordination with the new AMTRAK Railroad Platform Station.					
Project Justification:	The Oakley Multi-Modal Roadway and Parking Lot Project features a new AMTRAK funded train station platform located north of Main Street between 2nd Street and Norcross Lane. The facility would provide connecting TriDelta Transit bus service to the train station, as well as a Park & Ride lot. The platform station is strategically located in downtown on Main Street, adjacent to the new Main Street Gateway Plaza that could be used for civic events and markets. The project will provide approximately 200 surface parking spaces to support Park & Ride activities in addition to supporting plaza activities held on the weekends and evenings. AMTRAK will entirely fund the design and construction of the new railroad platform station and the City will design and construct the associated public street and parking lot infrastructures.

Project Title:	Main Street/Rose Avenue Intersection Improvement Project	Project Proponent:	Public Works and Engineering	Project Manager:	City Engineer		
Project Category:	Street	Project Number:	211	In Successor Agency Area:	No		
Project Type:	Street Improvement						
Project Priority:	Moderate						
Project Description:	This project will construct signalization and the reconfiguration of the Main Street/Rose Avenue Intersection						
Project Justification:	Growth of the community necessitates improving the streets that will be needed to accommodate the increase in traffic volumes. Main Street and Rose Avenue has operated as a stop sign controlled intersection which is not sustainable for the long term, and therefore a traffic signal is needed at this location. City staff have been discussing this intersection improvement project with management of Inhouse Sanitary District (ISD) to explore opportunities that this project could address. The City needs better traffic flows at this intersection and ISD needs access from their prospective development site to Main Street. The other benefit of this project is providing the long desired secondary access for the residents of the Vintage Parkway neighborhood to Main Street. The design of this project would start after a cost share agreement is reached between the City of Oakley and ISD.

Capital Improvement Program for Fiscal Years 2023/24 to 2027/28									
Project Title:	Downtown Parking Lot Construction Project	Project Proponent:	Public Works and Engineering						
Project Category:	Street	Project Manager:	City Engineer						
Project Type:	Parking Facility Improvement	Project Number:	215						
Project Priority:	Immediate	In Successor Agency Area:	Yes						
Project Description:	This project will construct a new parking lot in downtown.								
Project Justification:	A new modern retail building "Oakley Mercantile" is constructed in downtown near the intersection of Main Street/Newman Way. This project is a major enhancement to downtown Oakley which will bring new businesses to the community. In conjunction with this development project, and based on the Downtown Visioning approved by the City Council, the City will construct a new parking lot that would accommodate the needs of the new Retail Building and other downtown merchants. The construction of the building and parking lot are currently underway.

Project Title:	Civic Center Emergency Generator Project	Project Proponent:	Public Works and Engineering						
Project Category:	Facility	Project Manager:	City Engineer						
Project Type:	Facility Improvement	Project Number:	228						
Project Priority:	Immediate	In Successor Agency Area:	Yes						
Project Description:	This project will install an emergency generator at Civic Center.								
Project Justification:	The Civic Center campus, as the center of government for the Oakley community, currently does not have back-up power. In periods of PG&E power outages, the operations at the Civic Center that require electricity, come to a halt. This project will install an Emergency Generator behind the Civic Center buildings to provide stand-by power during the periods of PG&E power outages to ensure the Civic Center, and most importantly, the Police Department operations will continue uninterrupted.

Project Title:	Sellers Avenue Improvements and Widening Project		Project Proponent:	Public Works and Engineering					
Project Category:	Street		Project Manager:	City Engineer					
Project Type:	Street Improvement		Project Number:	231					
Project Priority:	Moderate		In Successor Agency Area:	No					
Project Description:	This project will construct the section of Sellers Avenue from the intersection at Riverrock Drive, to the gate at the Oakley Regional Park site.								
Project Justification:	Sellers Avenue is a 2 lane road that was constructed by Contra Costa County decades ago. The section of Sellers Avenue from East Cypress Road to the north end of the road at the gate to the future Oakley Regional Park is destined to be widened to 4 lanes with curb, and gutter, sidewalks, handicapped median, bike lanes, and street lighting. The section of Sellers Avenue from East Cypress Road to Riverrock Drive has been widened by the developers of the Emerson and Gilbert Ranch projects. This project will widen and improve the remaining section of Sellers Avenue from the intersection at Riverrock Drive to the gate to the future Oakley Regional Park. The above referenced developers will pay the City the cost for curb and gutter, sidewalk, and one lane of roadway along frontage of their respective projects. The City will pay the remaining construction costs for the second lane and medians for this project.

Project Title:	East Cypress Road Widening (Knightsen Avenue to Jersey Island Road) Project				Project Proponent:	Public Works and Engineering			
Project Category:	Street				Project Manager:	City Engineer			
Project Type:	Street Improvement				Project Number:	247			
Project Priority:	Moderate				In Successor Agency Area:	No			
Project Description:	This project will install a signal at the intersection of East Cypress Road and Knightsen Avenue in addition to widening and improving this intersection and East Cypress Road to Jersey Island								
Project Justification:	The growth and development of new subdivision projects along the East Cypress Road corridor has necessitated various infrastructure improvements to accommodate the increased traffic volumes on this road. This project will widen and improve East Cypress Road to east of Knightsen Avenue to Jersey Island Road. The improvements will include curb and gutter, sidewalks and a median island. The widening will stop short of the Contra Costa Canal where the developer to the east of the canal will be responsible to continue the widening and improvement of East Cypress Road.

Project Title:	Downtown Storm Drain (Area 29D) Improvement Project	Project Proponent:	Public Works and Engineering						
Project Category:	Street	Project Manager:	City Engineer						
Project Type:	Street Improvement	Project Number:	252						
Project Priority:	Moderate	In Successor Agency Area:	Yes						
Project Description:	This project will secure the storm drain easement, design, and construct the last section of storm drain pipe which will complete all the improvements in this zone.								
Project Justification:	The Contra Costa County Flood Control District years ago had established drainage zones thought the County for storm drain detention and treatment. These zones included large detention basins (i.e. Freedom Basin, Teakwood Basin, Del Antico Basin, etc.) and a network of underground pipe systems to convey the storm water runoff from the City's streets to these basins. All parts of the storm drain system in this zone have been constructed with the exception of the section of pipe from north side of Main Street just east of Miguel Drive to the edge of railroad tracks. This project will design and construct this section of storm drain pipe which will complete all the improvements in this zone.

Project Category:	Facility	Project Number:	255	In Successor Agency Area:	No		
Project Type:	Facility Improvement						
Project Priority:	Immediate						
Project Description:	This project will construct roof and walls on this existing building to enclose it and protect the valuable assets and promote their longevity.						
Project Justification:	At the Cypress Grove Subdivision, the pump station, emergency generator, and its associated electrical components are housed in a building with only a half roof and are exposed to the environmental elements. The components degrade much quicker when exposed to the elements and require more frequent service and costly replacement. This project will construct a full roof and new walls on the existing building to enclose and protect the valuable mechanical components and promote their longevity.

Project Title:	O'Hara Avenue / Carpenter Road Intersection Improvement Project		Project Proponent:	Public Works and Engineering					
Project Category:	Street		Project Manager:	City Engineer					
Project Type:	Street Intersection Improvements		Project Number:	263					
Project Priority:	Immediate		In Successor Agency Area:	No					
Project Description:	This project will improve the traffic operations at this intersection by constructing dedicated left turn lanes on Carpenter Road on either side of O'Hara Avenue, installing video detection system and reconfiguring the striping at this intersection.								
Project Justification:	The construction of Carpenter Road from Rose Avenue to Cinnamon Ridge Drive as part of a private subdivision development project has opened up this important east/west roadway corridor for the community. Once this section of Carpenter is completed it will increase traffic flows at the intersection of O'Hara Avenue and Carpenter Road. This project will improve the traffic operations at this intersection by constructing protected left turn lanes on Carpenter Road on both the westbound and eastbound approaches to O'Hara Avenue. Additional improvements include installing a video detection system and reconfiguring the striping at this intersection.

Project Title:	Irrigation Well Installation at City's Freedom Basin Project		Project Proponent:	Public Works and Engineering					
Project Category:	Park		Project Manager:	City Engineer					
Project Type:	Park Irrigation Improvement		Project Number:	265					
Project Priority:	Immediate		In Successor Agency Area:	No					
Project Description:	The scope of this project include installation of new irrigation well for the City's Freedom Basin								
Project Justification:	This project will install a new irrigation well adjacent to O'Hara Avenue next to the City owned storm drain basin, more commonly known as Freedom basin. This new well will provide the City with an independent, stable, and continuous source of water to irrigate the large field that is used by an assortment of leagues for sporting activities. The existing well used to irrigate the field is owned and operated by the High School District, and due to its continuous breakdowns, this well is not a reliable source to provide the massive amount of irrigation water needed for this field.

City of Oakley									
Capital Improvement Project Information Sheet									
Capital Improvement Program for Fiscal Years 2023/24 to 2027/28									
Project Title:	Laurel Road Extension Project (Teton Road to Sellers Avenue)	Project Proponent:	Public Works and Engineering						
Project Category:	Street	Project Manager:	City Engineer						
Project Type:	Roadway Improvement	Project Number:	273						
Project Priority:	High	In Successor Agency Area:	No						
Project Description:	Roadway Extension and Construction								
Project Justification:	This Project will extend Laurel Road from Teton Road to Sellers Avenue providing an alternate and much needed secondary route to East Cypress Road. Currently, the only way in and out of eastern Oakley is via Main Street to East Cypress Road. This current route along East Cypress Road passes by an elementary and middle school and crosses the Burlington Northern Santa Fe (BNSF) railroad tracks. Traffic volumes have increased with the new housing developments along East Cypress Road. Extending Laurel Road from Teton Road to Sellers Avenue will provide much needed safety and congestion relief by directing a portion of the traffic away from the schools and providing a new bridge over the railroad tracks.

Project Title:	Neroly Road Repair and Resurfacing Project (Empire to O'Hara)	Project Proponent:	Public Works and Engineering				
Project Category:	Street	Project Manager:	City Engineer				
Project Type:	Roadway Improvement	Project Number:	274				
Project Priority:	Moderate	In Successor Agency Area:	No				
Project Description:	This project will repair sections of Neroly Road that have failed at utility manholes.						
Project Justification:	Neroly Road was constructed as a part of the Magnolia Subdivision. Since that time the roadway has settled in areas near the utility manholes causing an unsafe asphalt surface. Staff has gone out several times to patch pave near the manholes to help correct the issue. This temporary fix has provided good results but didn't address any underlying problems. This project will open up the roadway at several locations to determine the cause of the settling at the utility manholes in an effort to determine the cause of the issue and provide a solution to remedy the problem.

Project Title:	Laurel Road Widening Project (O'Hara to Cloverbrook)			Project Proponent:	Public Works and Engineering				
Project Category:	Street			Project Manager:	City Engineer				
Project Type:	Street Widening			Project Number:	280				
Project Priority:	Moderate			In Successor Agency Area:	No				
Project Description:	This project will widen Laurel Road to City standards from O'Hara to Cloverbrook								
Project Justification:	Laurel Road from O'Hara Avenue to Cloverbrook Avenue is the last section of Laurel Road that needs to be widened and improved. Laurel Road is a major Arterial road and the City's designated truck route with a direct connection to Highway 4. This section of Laurel Road has not been widened or improved due to the lack of Right of Way and is starting to deteriorate due to the large volumes of vehicles that use Laurel everyday. Staff is working with the property owners to obtain the necessary right of way for the widening. There are WAPA utility poles that will need to be relocated as a part of this project. The construction of this project will complement the previous roadway improvements on Laurel Road.

Project Category:	Park		Project Manager:	City Engineer					
Project Type:	New Park Construction		Project Number:	281					
Project Priority:	Moderate		In Successor Agency Area:	No					
Project Description:	Park Construction								
Project Justification:	The developer of the Stonewood Subdivision was conditioned to construct a new park (Encico Cincquini Park) at intersection of Rose/Carpenter. The obligation of the developer is the total amount of their Park Impact Fee which would not be sufficient to construct this park and its associated facilities which include a parking lot and as result the City will design and construct this park utilizing the Park Impact Fee obligation of the developer and supplement it with additional local fund.

Project Category:	Bridge				Project Manager:	City Engineer			
Project Type:	Bridge Widening Project				Project Number:	283			
Project Priority:	Moderate				In Successor Agency Area:	No			
Project Description:	Preliminary Design for bridge widening								
Project Justification:	Lanzel Road at the Marsh Creek Bridge is currently a narrow 2 lane roadway that is structurally inadequate and needs to be widened and improved to tie into the future Lanzel Extension at Teton Road. According to Caltrans the bridge is structurally deficient and needs to be reconstructed. This project will supplement Capital Improvement Project No. 186 and provide the additional funding to construct the bridge and accommodate the future traffic volumes from the developments along the E. Cypress Corridor.

Project Title:	Main Street (at Highway 160) Shury SealProject	Project Proponent:	Public Works and Engineering						
Project Category:	Street	Project Manager:	City Engineer						
Project Type:	Street Improvement	Project Number:	293						
Project Priority:	Moderate	In Successor Agency Area:	No						
Project Description:	This project will place a Shury Seal on Main Street near the intersection with Highway 160								
Project Justification:	The construction of the Oakley Logistic Center project included widening and improvements to the intersection of Budgehead Road and Main Street. All these improvements were completed with the exception of Shury Seal on Main Street which was postponed due to winter months and rains. The developer of the Oakley Logistic Center project paid the City funds needed for the Shury Seal operation to be performed as a City CIP during summer month since the Oakley Logistic Center project is complete.

Project Category:	Street		Project Manager:	City Engineer					
Project Type:	Concrete Repair and Replacement		Project Number:	295					
Project Priority:	Immediate		In Successor Agency Area:	No					
Project Description:	This project will repair and replace damaged curb, gutter, and sidewalks.								
Project Justification:	This project will coordinate with the responsible property owners to repair and reconstruct damaged and broken concrete curb, gutter, and sidewalks throughout the City. The construction of this project will eliminate trip and fall accidents caused by sidewalk and curbs uplifted by tree root overgrowth, and provide safe paths of travel for the community. This project works in coordination with the 50-50 cost share program that helps the property owners address concrete sidewalk and curb and gutter uplifts.

Project Title:		FY 2023/24 Traffic Calming Project		Project Proponent:		Public Works and Engineering			
Project Category:		Street		Project Manager:		City Engineer			
Project Type:		Traffic Calming Improvements		Project Number:		298			
Project Priority:		Moderate		In Successor Agency Area:		No			
Project Description:		This project will construct traffic calming measures.							
Project Justification:		The traffic operations in the community have become one of the major issues that the Police and Public Works Departments handle on a regular basis. This project provides funding for the placement of traffic calming features in accordance with the neighborhood traffic calming policy. Various traffic calming requests are being evaluated by staff from the Police and Public Works Departments, and are addressed in collaboration with the residents based on priority, and the order they are received.

City of Oakley Capital Improvement Project Information Sheet Capital Improvement Program for Fiscal Years 2023/24 to 2027/28									
Project Title:	FY 2023/24 Traffic Signal Modernization Project		Project Proponent:	Public Works and Engineering					
Project Category:	Street		Project Manager:	City Engineer					
Project Type:	Traffic Signal Operation Improvements		Project Number:	299					
Project Priority:	Moderate		In Successor Agency Area:	No					
Project Description:	This project will rehabilitate existing traffic signals.								
Project Justification:	Traffic operations and public safety have become one of the more important issues for the community. Public Works staff are continually working to improve the traffic operations on City streets. This project will replace some of the older internal components of the City's traffic signal systems which will improve the coordination of the City's traffic signal operations.

Project Category:	Street		Project Manager:	City Engineer					
Project Type:	Street Improvements		Project Number:	300					
Project Priority:	Moderate		In Successor Agency Area:	No					
Project Description:	This project will develop concept plan for widening and improving Bridgehead Road								
Project Justification:	With the widening and improvements that was done on Bridgehead Road as part of the Oakley Logistic Center development project, the section of this roadway that needs improvements and widening is from the entrance to the Amazon campus towards Main street including the railroad bridge and pump station. This project will perform preliminary design and concept plan for the improvements on Bridgehead Road.

Project Title:	East Cypress Road Lane Alignment Analysis (RR tracks to Main Street) Project		Project Proponent:	Public Works and Engineering			
Project Category:	Street		Project Manager:	City Engineer			
Project Type:	Street Improvement		Project Number:	301			
Project Priority:	Moderate		In Successor Agency Area:	No			
Project Description:	This project will perform alternative analysis for lane alignment on East Cypress Road						
Project Justification:	This project will perform analysis for lane alignment and configuration on east Cypress Road from the RR tracks to Main Street. This section of the roadway has a number of constraints such as the railroad signal and 2 bridges that will have to be analyzed in detail to determine the optimum roadway alignment and configuration to improve traffic flows.

Project Title:	East Cypress Road Widening (Jersey Island Road to Bethel Island Road) Project	Project Proponent:	Public Works and Engineering	Project Manager:	City Engineer		
Project Category:	Street	Project Number:	302	In Successor Agency Area:	No		
Project Type:	Street Improvement						
Project Priority:	Moderate						
Project Description:	This project will install a signal at the intersection of East Cypress Road and Knighten Avenue in addition to widening and improving this intersection and East Cypress Road to Jersey Island Road.						
Project Justification:	The growth and development of new subdivision projects along the East Cypress Road corridor has necessitated various infrastructure improvements to accommodate the increased traffic volumes on this road. This project will widen and improve East Cypress Road from Jersey Island Road to Bethel Island Road. The improvements will include curb and gutter, sidewalks and a median island. The widening will complement the similar improvements that are done as part of CIP 247.

Capital Improvement Project Information Sheet									
Capital Improvement Program for Fiscal Years 2023/24 to 2027/28									
Project Title:	Public Works Operations Building Remodeling Project			Project Proponent:	Public Works and Engineering				
Project Category:	Facility			Project Manager:	City Engineer				
Project Type:	Building Improvement			Project Number:	303				
Project Priority:	Moderate			In Successor Agency Area:	No				
Project Description:	This project will remodel the existing Public Works Operation Building to create more functional room for staff.								
Project Justification:	The Public Works Operation Building used to be the suite of the former ACE Hardware Store and since the purchase of the property by the City has not had any major improvements related to the office spaces in the building. With the growth of Public Works Department and increased demands for services from the community, this project will remodel the inside of the building to make a better functional work space for the staff and operations.

Project Title:	FY 2023/24 ADA Implementation Project		Project Proponent:	Public Works and Engineering					
Project Category:	Street		Project Manager:	City Engineer					
Project Type:	Street Improvement		Project Number:	304					
Project Priority:	Moderate		In Successor Agency Area:	No					
Project Description:	This project is part of the implementation of the City of Oakley ADA Transition Plan								
Project Justification:	The City of Oakley has to have an ADA Transition Plan prepared and implemented to adhere to the legal requirements related to the U.S. Department of Justice. Staff has solicited proposals from ADA specialty consultants and had selected the firm of Sally Swanson Architects, Inc. to prepare the City's ADA Transition Plan. The preparation of this ADA Transition Plan has been completed. This implementation of this ADA plan will be phased over the future years as funding is allocated.

City of Oakley Capital Improvement Project Information Sheet Capital Improvement Program for Fiscal Years 2023/24 to 2027/28									
Project Title:	Briarwood Park Playground Resurfacing Project	Project Proponent:	Public Works and Engineering						
Project Category:	Park	Project Manager:	City Engineer						
Project Type:	Park Improvement	Project Number:	305						
Project Priority:	Moderate	In Successor Agency Area:	No						
Project Description:	Installation of Playground Surfacing								
Project Justification:	The Briarwood Park Playground currently has a Poured In Place rubber surface which has reached the end of its useful life. Many patches and repairs have been made to the existing surfacing and more are needed. Future patches and repairs increase the risk of lessening the impact attenuation properties of the existing fall surfacing. This project would replace and upgrade the surface with rubber playground tiles that will have both durability and ease of maintenance that is needed at this playground. The product comes with a lifetime warranty, which is the best in the industry and will adhere to current ADA and safety standards

Project Category:	Park			Project Manager:	City Engineer		
Project Type:	Park Improvement			Project Number:	306		
Project Priority:	Moderate			In Successor Agency Area:	No		
Project Description:	Park Renovation						
Project Justification:	The existing playground equipment and surfacing at Marsh Creek Glenn Park is the original infrastructure at this park, which was constructed 20 years ago. The equipment and surface are both in need of replacement, as maintaining this playground equipment and surfacing is not practical and financially viable. This project will replace the playground equipment and expand it to create a larger all ability and ADA accessible playground, along with placement of new rubber playground surfacing tiles that will perform and have a better warranty

City of Oakley Capital Improvement Project Information Sheet Capital Improvement Program for Fiscal Years 2023/24 to 2027/28									
Project Title:	Daffodil Park Playground Resurfacing Project		Project Proponent:	Public Works and Engineering					
Project Category:	Park		Project Manager:	City Engineer					
Project Type:	Park Improvement		Project Number:	307					
Project Priority:	Moderate		In Successor Agency Area:	No					
Project Description:	Installation of Playground Surfacing								
Project Justification:	The Daffodil Park Playground currently has a PIP (poured in place) rubber safety surface adjacent to loose fill engineered wood fiber. The PIP has reached the end of its useful life. Loose fill transitions to wood fiber are bad practice, as this creates premature wear on the PIP surface from the abrasiveness of the loose fill. Many patches and repairs have been made to the existing surfacing and more are needed. Fume patches and repairs will increase the risk of lessening the impact attenuation properties of the existing fall surfacing. This project would replace and upgrade both the loose fill surface and PIP with rubber playground tiles that will have durability and ease of maintenance. The product comes with a lifetime warranty, which is the best in the industry and will adhere to current ADA and safety standards

Project Category:	Park		Project Manager:	City Engineer					
Project Type:	Park Improvement		Project Number:	308					
Project Priority:	Moderate		In Successor Agency Area:	No					
Project Description:	Installation of new water fountain								
Project Justification:	The increased city-wide demand for park facilities, and its use by the public necessitated an evaluation of the existing park infrastructure. This process identified several drinking fountains with deficiencies at Creekside Park, Cypress Grove Park, and Bearwood Park. Drinking fountains at these parks have reached the end of their useful life and are no longer fiscally suitable for ongoing repairs. This project will install new ADA accessible drinking fountains for all park users along with fountain components for pets

Project Title:	East Cypress Road Widening at CCWD Canal Crossing Project	Project Proponent:	Public Works and Engineering				
Project Category:	Street	Project Manager:	City Engineer				
Project Type:	Street Improvement	Project Number:	310				
Project Priority:	Moderate	In Successor Agency Area:	No				
Project Description:	This project will construct a road crossing over the CCWD Canal on East Cypress Road at Jersey Island Road						
Project Justification:	CCWD has undertaken the process of replacing the open canal in Oakley from the canal crossing near Main Street and has extended eastwards behind Cypress Grove, Emerson, Delaney, and Entroughs subdivisions up to east Cypress Road. CCWD is currently working on undergrounding the remainder of this canal from East Cypress Road in a southerly direction to its connection point at Rock Slough. The existing canal crosses East Cypress Road and will have to be replaced as part of the City's East Cypress Road widening project. The City is collaborating with CCWD in all phases of the canal undergrounding project and at the East Cypress Road, the city will take the lead on undergrounding the canal and construction of the new and widened roadway.
